9 Try For Miss Antioch

Five more contestants are seeking the title of Miss Antioch 1987. Hoping to be crowned during the July 4 celebration is Victoria Rudes, daughter of Leonard and Bette Rudes of Antioch. She is a freshman at St. Norbert College majoring in pre-law. She was a 1986 graduate of Woodlands Academy Sacred Heart.

Kris Zimmerman is the daughter of Ronald and Carolyn Zimmerman of Antioch. She will be a senior at Antioch High School in the fall.

Michelle Renee Pavelski is the 17-year-old daughter of Paul and Dolores Pavelski of Antioch. She will be attending Aurora University as a freshman in September.

Dawn Zegler is the daughter of Jim and Rhonda Zegler of Antioch. She is going to be a senior at Antioch High School in the fall.

Sue Stolarik, daughter of Dennis and Marilyn Stolarik, also will be a senior at Antioch High.

Four others have already signed up for the Miss Antioch contest: Delisa Jones, Kimberly Pauly, Dawn Kamradt and Danette Dowell.

Competing in the Little Miss contest, being run for the second time, are six-year-old Denise Colby, daughter of Lawrence and Therese Colby of Antioch. She will be a first grader in the fall at W.C. Petty School.

Danah Randi DeBoer is the six-year-old daughter of Dennis and Cinde DeBoer. She will be in the second grade at Faith Lutheran School this fall.

Dean and Lynn Long are the parents of six-

Board Wants Evaluations To Precede Hikes

by GLORIA DAVIS

After adjourning to executive session to discuss salary raises, the Antioch High School Board of Education gave an across the board 7.5 percent raise to cafeteria and maintenance staff and the lay supervisors.

Before actually getting too deep into a salary raise for the administrative staff, for the first time, some board members asked for individual evaluations of members of the high school's administration.

"Since we are at a maximum tax rate, and the school is the biggest business in town, some of the board would like to see individual formal evaluations and information on future goal setting before deciding on salary raises, just like is done in other businesses of substantial size," said Trustee Julie Portalski outside of the meeting.

The administrative staff is made-up of Admin. Gary Allen, Principal Arthur Blecke, Asst. Principals Steve Wapon and Tom Baba, Dir. of Pupil Personnel Services Peter Pekkarinen, 12 department chairmen, and the head custodian and mechanic.

School Board President Robert Lindblad said that if the administrative salaries are not decided by July 1, the salaries eventually approved will be retroactive to that date.

In other business at the meeting, two teachers were appointed to head three departments next year. Harry H. Siebel will head the foreign language department and Harold Abramson will replace retired Ward Lear as athletic director and head of the driver education department.

Gregory Decker will be a physical-health education teacher and assistant underclass football coach as well as assistant wrestling coach, replacing Roy Nelson who retired at the end of the school year and Lesa Northam will be the one-year replacement for a physical education teacher on maternity leave.

The board also approved the filing for a gifted education grant amounting to \$9,615 and also the FY88 Drug Free Schools and Community application.

Antioch Plans Old Fashioned July 4 Fete

Glenda Tomaschik, director of Antioch Parks and Recreation, announces the Seventh Annual "Old Fashioned Fourth" Celebration will be held in Williams Park on Rte. 83 beginning July 3.

The event will start off at 7 p.m. with the Eighth Annual Miss Antioch Pageant.

Included with the Miss Antioch Pageant is the Second Annual Little Miss Antioch Pageant for little misses of Antioch six through nine years of age. Immediately following the pageant will be the music of Ernie Levas and the EPL Express.

On July Fourth at 10 a.m., the Fourth of July Parade will step off, with the '87 theme of "Salute the Lions' Golden Year," in honor of the Antioch Lions Club's 50th anniversary.

The parade will start at Antioch High School and end up at Williams Park. The day's events will include food, games, water fights, swimming, and fireworks at dusk.

Entertainment will be Bernie Gunty and the New Peptones at 12:30 p.m., followed by Free Ride at 4:30 p.m. and ending the evening with Ernie Levas and the EPL Express immediately after the fireworks.

The celebration is free and everyone is invited. For more information, call the Antioch Parks and Recreation at (312)395-2160. Registration is still being taken for the parade and the pageants.

Toft Adds 2 New Ones To Committee List

by GLORIA DAVIS

Antioch Mayor Ray Toft added two new committees to the village committee list at the last regular meeting of the Antioch Village Board.

Keeping all the village committees, including the new additions, to full board three man committees, Toft set up a new transportation committee with Trustee Don

Amundsen at its head and Trustees Mabel Lou Weber and Robert Wilton serving as its vice chairmen.

The other new committee is the surface water and storm drainage committee. Wilton will be its chairman with Trustees Ron Cunningham and Rod White serving as vice chairmen.

Nab Former Chief's Son As Agent's Buy Cocaine

John Wells, Jr., Antioch, 45, son of former state trooper and Antioch Police Chief Jack Wells, is being held in Lake County Jail under \$1 million cash bond.

Wells was arrested Monday at the Chain O'Lakes State Park off of Rte. 173, outside of Antioch, after making delivery of a kilo of cocaine to undercover agents of the Ill. State Police, Division of Criminal Investigations.

According to Commander Philip Kruse of the state police, his department had also taken delivery of two stolen vehicles and

prescription pills from Wells in undercover buys made a month ago.

Kruse said that Wells had been under investigation since last fall.

At press time, Wells is awaiting hearing on charges of possession and delivery of stolen vehicles, and possession and delivery of drugs (Class X).

Kruse said that conviction of delivery and possession of Class X drugs calls for a minimum mandatory six-year sentence.

Complaint Nettles Model Plane Fancier

Note: This is the ninth in a series dealing with building and zoning problems.

by LARRY WITTNEBERT

Complaints arose in last week's paper about alleged noise from model airplanes, but those were refuted this week in a phone call from a member of the airplane club.

George Lauterer, of 35167 N. Sheridan Rd., Ingleside, defended his Skylark Club, denying claims that members put up a grandstand and sunk a well at the flying site, located in the Wauconda Twp.

Lauterer, a 15-year member of the club, said that the group has installed a pump at an existing well on the site.

By county law, the club cannot put up a building or a grandstand, he noted, but added that members do have a pit area where the planes are started.

He also said that the

county requires the club to fly a certain distance from residential areas and forbids them from overflying neighborhoods.

Plane are also required to have mufflers, he said, and if "the plane doesn't qualify, we won't let it fly."

Lauterer said that the county amended its code to allow the planes to be flown in farmers' fields.

At the site in question, the club rents four acres for \$500 a year.

He noted that the site is well over three-and-a-half blocks away from the complainant's home.

"A motorcycle makes more noise than the planes do," he contended.

Still, vandalism has hit the flying site, he said, noting that a transmitter board used to put radios on was smashed. Also, wind socks were torn down, chairs broken and obscene words

printed on the back of a "no pedestrian beyond this point" sign, according to Lauterer.

Asked why the club picked that site, he said that the area grew attractive when a man was seen flying a model airplane from the field. The club checked it out and found that it would be a good spot, he said.

He added that the club has also put up a snow fence with flags on it to designate the site.

Lauterer voiced regret at the complaint, saying that the club even tries to help youngsters learn the model airplane hobby. "We try to do something constructive," he said.

Comprising the membership are persons from many walks of life, including airline pilots, plumbers, retired businessmen and carpenters.

Doctors Advise Two Blood Pressure Checks A Year

Just a few years ago, most Americans thought that "hypertension" was the same as "nervous tension".

Hypertension is the medical term for high blood pressure, a problem that affects nearly three in 10 American adults.

High blood pressure contributes to the development of many serious health problems, including strokes, heart disease, and cardiovascular disorders. Older patients are most likely to have hypertension, but it can affect the young, too. Although high blood pressure does seem to run in families, there is really no way of knowing who will develop it.

Hypertension is both treatable, and worth treating. Drug therapy is one option, but lifestyle changes are even more important for most people.

Sensible exercise can help the patient develop a slower heart rate, a stronger heart muscle and a greater number of small blood vessels. In addition, a regular exercise program can help people lose pounds of heart straining body fat, which can also lower blood pressure. "Exercise" does not have to mean jogging or calisthenics. Even a vigorous 15 minute walk everyday can help keep blood pressure under control.

If someone has high blood pressure, or thinks they may, now is a good time to have it checked. Most physicians recommend blood pressure checks at least twice a year for older adults. Hypertension can be controlled in most cases, as long as patients are careful to follow the doctor's instructions. If a doctor prescribes medications, continue taking them until the doctor says they are no longer needed.

Scouts Win During Indy 500

Antioch's Boy Scout Troop 92 became a winner during running of Indy 500 when it received Pennzoil Indy car donated by Antioch Auto Parts owner Mike Sexton. Car is main prize in Ladies Auxiliary Equipment and Program Fund give-a-way, running from July 4 to the troop's spaghetti dinner on Oct. 18 at Moose Lodge 525.

Insurance Agent Gives Quick Service At Fire

The final findings of investigators for the Antioch Fire Dept. is that the \$40,000 fire that destroyed the home of John and Donna Barr in Antioch Twp. was caused by an overload on the electric wiring, according to chief investigator for the fire department, Wayne Parthun.

Barr had reportedly done some of the wiring in the house himself and an overload on the electrical system is blamed for starting the fire when no one was at home.

Don Fetchner, a neighbor of the Barr's who lives about five doors away smelled smoke and when he arrived at the scene "the fire already was visible" and other neighbors were watching it.

Through questioning on whether or not anyone had called the fire department, Fetchner found that everybody thought that "the other guy had called for help."

Fetchner, who is an All State Insurance agent, soon realized that the house that was burning was one that he had insured. This turned out to be a case of the insurance agent really giving his client special service.

He sited some combustible cyclinders standing close to the burning house and parked snowmobiles. With help, he got the cyclinders and the snowmobiles away from the fire area before an explosion could occur,

singeing himself in the process.

There was another slight delay in putting the fire out when the first fire engine ran out of water and had to wait minutes for the tanker to arrive.

Bank Golfers Reap Rewards

The State Bank of Antioch held the awards luncheon for its golf team at Spring Valley Golf Club.

The following prizes were awarded: low putts, Joan Casey, Kay Costoff, Beverly Sorensen, Mary Arndt, June Hahs, and Alvera Morgan; low net, Delores Scarpelli, Lorraine Hitchon, Eleanor Compasso and Dolores Abderholden.

There were also prizes awarded to seven very proud golfers who had a par on either May 26 or June 2. The honored were Costoff, Casey and Hitchon for their pars on May 26. For June 2, the honors were given to Scarpelli, Abderholden, Casey and Bunny Thelin.

The next luncheon will be held in about four weeks. Alvera Morgan is the luncheon chairperson.

Number One Man Tells 'How Kelly Did It'

by GLORIA DAVIS

"In my opinion, WSK (as Woody Scoville Kelly's license plate read) was the cleverest con man this area has known for a long time. He was likeable, trustworthy, generous and mildly flamboyant. Woody Scoville Kelly was the most unforgettable character I've known in this area," said William Leistner, Wildwood, who claims to have been "Woody's number one man," during his operations in Lake County, Wisconsin and other states in the early 1980s.

Kelly, a former investor who is being hunted by the FBI and Lake County law enforcement agencies for allegedly bilking

area residents and organizations of \$6 million that he was suppose to invest, disappeared from a boat in Lake Michigan June 8, 1985.

After the Antioch Reporter ran an update on the Kelly case on the anniversary of his disappearance (as did other area newspapers) Leistner gave this newspaper his opinion (as a rank insider) on what happened on the day Kelly disappeared.

First he lists data based on Kelly's previous performance up to the date he literally evaporated into, or from, the waters of Lake Michigan.

Leistner says that Kelly has high blood

pressure and he stopped to pick-up medicine for this just before he took the boat out from which he disappeared.

Leistner adds that Kelly's number one rule was NEVER to take a boat out alone on a shakedown cruise but this is what he did on that day in June 1985.

Leistner then questions why Kelly would leave his sunglasses on the bridge, assuming he would have had them on if he fell overboard.

Kelly's former number one man then points out that Kelly was an excellent swimmer who had many, many friends who would help him in anything if he asked, adding that this could include his oldest son who captained a fishing boat in Ft. Lauderdale. He also points out that Kelly had numerous bank accounts that only HE knew about.

While commenting that Kelly had a reputation for flaunting his wealth for younger women, he also talks about Kelly's well-known love for the islands off of the Florida coast.

Leistner has his own idea of what happened on the day that the Kelly empire exploded. "First Woody knew what he was doing and he made sure he had his medication to take where he was going."

"He took out the boat alone, took his sunglasses off like everyone does when they plan on going swimming and swam ashore leaving the boat going in a circular motion so it wouldn't be harmed. He was picked up on shore and driven to the airport," says Leistner.

Leistner suggests that Kelly flew to Fort Lauderdale, Fla., and then headed for the island of Bimini by boat (remember what Leistner said his oldest son's job was). "I'm willing to bet that he is still in the islands off of the coast of Florida," he conjectures.

Leistner also asks if investigating authorities ever searched Kelly's home or through his personal effects.

"I bet they didn't," he quips.

Lake County States' Atty. Fred Foreman said that Kelly's home was searched about two weeks into the investigation and records and other information were removed and later turned over to the FBI when they took the investigation over.

After describing the ambiance that was involved in working for Kelly, Antioch investor and Salem resident, he concludes with, "I was (am) an investor and his friend."

Authorities also think Kelly is still alive. there have been hundreds of "sightings" of Kelly, the latest somewhere in Brazil, South America, but to date nothing concrete is known or been revealed about the actual whereabouts of Woody Scoville Kelly.

Continue Trials Of 3 Charged In Stabbings

by GLORIA DAVIS

The trials of Larry Brown, Daniel Fisher, and Alexander O'Connell, all of Twin Lakes, on charges of aggravated assault and armed violence, have been continued in McHenry County court to Aug. 10.

The three have been charged with the stabbing and beating of Robert Baker of Lake Villa and Randy Knackstedt of Antioch, in the early morning hours of Jan. 8, on Johnsbury Rd. in Spring Grove.

According to the assistant state's attorney on the case, Gary Pack, as of now all three will face jury trials in front of McHenry

County Judge Herman. The court schedule has Brown being tried at 10 a.m. and Fisher and O'Connell at 1:30 p.m.

Pack said that this must be a mistake in scheduling and he will make a motion that all three be tried at one time. He said that the continuances granted at hearings in June were mutual ones because the investigation into the incident is still going on.

Reports at the time of the stabbings were that the crime was drug related and the two victims had just left the Aquarium Bar in Fox Lake.

Tax Collision Course

Illinois is on a collision course between spending and revenue income. Politicians, as is Gov. James Thompson, are prone to view the solution in terms of a tax increase. Business leaders and other observers sensitive to the negative impact on the economy of tax increases are urging the governor and legislators to slow down state spending.

Special interest groups have been making strong cases for more spending to solve both social and economic problems. Singularly, the courses are hard to brush away. Cumulatively, the needs add up to economically crippling sums.

Two University of Illinois economics professors have produced a study on the state's fiscal problems that is being circulated by the Illinois State Chamber of Commerce. Dr. Fred Giertz and Dr. David Chicoine concluded that the current fiscal problem is of the state's own making. Their findings underscore the fact that spending has increased faster than revenues in recent years.

While revenues have increased about one percent a year in real terms, appropriations have grown 8.4 percent in 1984, 4.2 percent in 1985, 6.6 percent in 1986 and 1.7 percent in 1987.

Other major conclusions in the report:

--Revenues the last several years have more than kept pace with inflation. However, spending has increased at an even more rapid rate. The state has reached a point where it must make a decision between continued real increases in spending necessitating a permanent increase in taxes,

or stable taxes with reductions in the growth of spending.

--Illinois is still a moderate tax state; however, state and local capacity to tax has declined in recent years compared to other states. Illinois is no longer a state with a substantial amount of untapped state and local tax capacity.

--Current funding for highways appears to be adequate to maintain the current highway system, with some new construction. Capital spending from the Road Fund has been above comparable states for 10 years.

--Revenues of \$4,120 per pupil for education in Illinois places our state fourth among industrialized states and third among the Great Lakes states.

--Taxing services used by business causes random double taxation, resulting in a poor competitive position for Illinois products and higher prices for consumers.

--Illinois teacher salaries, a major portion of education spending, are competitive with other states. Illinois ranks fifth among the industrial states and third with our Great Lakes neighboring states.

--Tax increases, to the extent that they do not contribute to programs that enhance the competitiveness of our economy, can retard growth and development.

The choice is at hand. Either drastic tax increases are required to cover proposed spending or spending can be slowed to allow revenue growth to provide for increases without tax hikes. In our viewpoint, the latter is much preferred to the former.

User Fee System Sound

When funds are tight, as seems to be the case with most Lakeland school districts, financing is a never-ending balancing act between what is essential in the educational offering and what is not essential--or less essential.

We were taken with the problem of officials in two separate school districts, walking the tight rope of stretching hard pressed budgets, who came face to face with the reality that parents have vastly different views of what is essential in the school curriculum than they do.

Fremont School officials in rural Mundelein ran into a hornet's nest of opposition from parents opposed to a plan for a user fee concept to keep the band program operational. Officials of Grass Lake School in rural Antioch modified proposed plans to eliminate the hot lunch program and cut back on music, art instruction and remedial

reading when parents protested. The school board decided to place a referendum on the November ballot calling for a tax increase.

What else could they do?

When purse strings are stretched, public schools ought to have the same option that parochial schools have always had and that is providing for non-academic extras with the "cafeteria" system or user fee approach. Select what you want and pay for what you select. The user fee system would ease a lot of pressures on school officials and it wouldn't hurt education one iota.

No Column

Bill Schroeder did not write a column this week. Editor's Viewpoint will be resumed next week.

Secret Chairman Ballot Might End Maneuvering

by JOHN STEINKE

One of my readers is Betty Schwalbach. She is 67 years young and a Wildwood resident. Recently, Betty corresponded with me on her perceptions of the 25-hour election marathon for Lake County Board chairman last month. Here are her comments:

"I read with interest your column on the County Board. . . First of all, why isn't the election of board chairman accomplished by secret ballot? I agree that the public needs to know how the members vote on regular business, but all this conniving and dealing to elect a chairman is just plain awful. Let the members vote for the member they feel has the best qualifications instead of this arm twisting. Second, when a chairman resigns, he should have nothing to say about when or by whom he'll be succeeded.

"I find ironic that one board member felt betrayed when Sam Payne didn't vote for her as prearranged. I believe she (Andrea Moore) went on to say she'd never again believe anything Payne said or promised. But she did not seem to mind when, a few months earlier, LaBelle betrayed Mrs. (Helen Belmont) Amendola precisely in the same manner in order to give Mrs. Moore the prized vice-chairman post.

"I certainly hope Gov. Thompson keeps a close eye on his new assistant (Jim LaBelle). I wouldn't trust him with the keys to the washroom. As a woman, I found Mrs. (Eleanor) Rostron's cynical ("Well, that's politics") comment to be very disappointing. Somehow, I expect women elected to office to

Steinke On Politics

be a bit more interested in right vs. wrong, in what is best for the people of the county rather than indulging in petty wheeling and dealing. Please do continue to inform us on what's really going on."

Comment: Your letter was a penetrating analysis of the county board's machinations. I was particularly interested in your suggestion that our 24-member county board elect its chairman by secret ballot. Other legislative bodies utilize this procedure. Unfortunately, it would probably be an unworkable solution for the present county board. When somebody shouts, "Mr. Chairman!" on the tenth floor of the Courthouse, 24 pairs of eyes light up with ambition.

Letters To The Editor

Blood Shortage

Editor:

For many years, the Chicago area has experienced a chronic shortage of blood. Blood is in especially short supply during the summer months and particularly around Fourth of July and other holiday weekends. An adequate blood supply must be maintained at all times for patients requiring blood transfusion therapy.

Right now, blood supplies are seriously diminished and we're asking everyone who is eligible to schedule an appointment to donate blood soon.

Donating blood is a safe, healthy activity. There is no risk of contracting AIDS or any other infectious disease by giving blood. All materials we use are sterile and disposed of after a single use.

Almost everyone who is between 17 and 65, in good health and who weighs at least 110 pounds can help alleviate this chronic blood shortage by donating blood. The donation process is simple, quick and painless.

If you've never donated blood before, maybe it's because you've never been asked. We're asking you to please donate blood now.

LifeSource was formed in January by the American Red Cross and the Blood Center of Northern Illinois, maintains donor centers throughout the Chicago metropolitan area. Call us at (312) 298-9660 to find out where you can donate conveniently near your home or office. You can safely donate blood once every eight weeks.

Jump In The Lake

Editor:

The YMCA is a Christian organization. At least I thought it was. This is my story. I received a letter from the Metropolitan Chicago YMCA, it read that Camp Duncan Pool was closing its facility to the community and that I had a choice of other YMCAs that I could transfer to. This was going to cause me a great inconvenience and I was sad to hear that Camp Duncan, where my daughter now in high school had learned to swim and continues to swim, will have to travel an increased distance.

I decided to check out the suggested Ravenswood YMCA. While at the facility I also noticed a petition circulating. To my surprise someone had petitioned that all Camp Duncan members be restricted from transferring membership to the Ravenswood YMCA. Furthermore, the staff at Ravenswood was aware of it.

My immediate reaction was I and my daughter were being petitioned against.

I am not responsible for the closing of the Camp Duncan YMCA pool. We would sure like a place to swim and if we are not welcome, I guess we'll just assume this is your Christian way of telling us to go jump in the lake!

Bruce Carpenter
Antioch

Gun Curb Foolish

Editor:

I am opposed to SB 466 for many reasons. I should like to point out the following facts which make SB 466 not only foolish and unnecessary, but also dangerous.

1. Criminals hardly ever obtain firearms in a legitimate way;

2. Even if they did, they would and could have obtained their firearms months ahead of using them, i.e., the gun John Hinckley used in his assassination attempt against President Reagan was obtained several months before he used it for that purpose;

3. The gun Hinckley used was obtained legitimately, since he had no previous felony record (or do you want privileged doctor-patient information to be made public? Hinckley did have a record of mental instability with his psychiatrist).

4. The law-abiding citizen would be hampered in obtaining a firearm for his own immediate self-protection, which becomes even more imperative when you consider that the courts have held that the police have no special obligation to protect any individual.

Muriel M. Jern
Grayslake

Obituaries

Lillian Burt

(nee Janousek) age 79, a resident of the Libertyville Manor Nursing Home for the past 4 years died Sunday, June 21, 1987 at the Condell Memorial Hospital, Libertyville, Illinois.

Before her nursing home residence Mrs. Burt had lived in Fox Lake, Illinois for over 30 years, coming from Chicago. She was born in Chicago, Illinois on July 29, 1907.

Mrs. Burt is survived by many friends at the Libertyville Manor Nursing Home. She was preceded in death by her husband the late Everett Burt in 1977. Private arrangements were handled by the K.K. HAMSHER FUNERAL HOME, 12 N. Pistakee Lake Rd., Fox Lake, Illinois (In The Chapel On The Lake.)

John C. Roloff

age 92, a resident of Fox Lake Leisure Village for the past 13 years and a longtime resident, attorney and realtor in the Chicago and the West Chicago suburbs for many years died at the Northern Illinois Medical Center on Friday, June 19, 1987.

He was born in Chicago, Illinois November 17, 1894. He graduated from the Kent School Of Law in Chicago with the class of 1920, and passed the Illinois Bar Exam that same year. He was a member of the Chicago Kent Alumni Association, the Illinois State Bar Association, and the Chicago Westside Realtors Association. He was also a member of the Attorney's Registration and Disciplinary Commission of the Supreme Court of the State Of Illinois. He was presented with his Juris Doctor Honorary Degree from the Kent School of Law in 1969, honoring his 50th year as a practicing lawyer.

Fire Prevention Group Stresses Escape Routes

"Play It Safe... Plan Your Escape!" is the theme for National Fire Prevention Week, the National Fire Protection Assn. (NFPA) has announced.

This year's event will focus on home fire escape planning and preparedness, according to NFPA President Robert R. Grant, and the group encourages all families to set aside time to develop and practice a home fire escape plan.

Fire Prevention Week was first proclaimed by President Warren G. Harding in 1922, to commemorate the "Great Chicago Fire of 1871", in which 250 people were killed, 100,000 families left homeless and more than

17,400 buildings were destroyed. Since then the NFPA, with the support of the fire service, schools and civic organizations across the country, has been supporting the event to draw public attention to the devastating effects of fire and the importance of fire prevention activities.

"Fire Prevention Week presents a perfect opportunity for us to become more cognizant of potential fire hazards in and around our homes," Grant said. "This event is also designed to help people understand that preparedness is vital in the event of a fire. People often become confused when they discover a fire, and the home in which they live can

become unfamiliar. This year's theme and related events focus on the fact that by taking the time to devise a home escape plan, with two ways out of each room, people will be able to react more quickly in the event of a fire," Grant said.

"Minimizing fire hazards - such as eliminating trash pile up, fixing frayed electrical wires and cords, inspecting chimneys and fireplaces, and installing and maintaining smoke detectors on every level of the home are vital steps in the overall fire prevention plan," Grant said.

Each year the NFPA selects a theme and produces an official poster for Fire Prevention Week.

Survivors include his son, John C. (Jane) Roloff of Batavia, Illinois, 1 daughter, Jane (Heinz) Runge of Niles, Illinois, 4 grandsons, Bruce (Diane) Roloff of Kingston, Washington, James (Joan) Runge of Wheeling, Illinois, Howard (Carol) Runge of Connecticut, and Jeff Runge of Niles, 2 granddaughters, Susan (Henry) Montag of Manchester, Iowa, Sally (James) Peters of Independence, Iowa, 4 great grandsons, Lincoln, Bryce, Ryan and Joseph, 6 great granddaughters, Heather, Amy, Emily, Megan, Catherine and Amy, nieces, nephews and other relatives survive.

Preceded in death by his wife, Ethel Roloff, in 1984. He was preceded in death by 4 brothers, Charles, William, Edward and Paul, by 1 sister, Minnie.

Funeral services were conducted Monday, June 22, 1987 at the All Saints Lutheran Church, Fox Lake and entombment followed at Highland Park Memorial Cemetery in Libertyville. Funeral arrangements were handled by the K.K. HAMSHER FUNERAL HOME, 12 N. Pistakee Lake Rd., Fox Lake. (In The Chapel On The Lake.) In lieu of flowers, the family will appreciate memorials for the Fox Lake Rescue Squad or The Heart Association.

Florence M. Engelhardt

Age 91 of Lindenhurst, Illinois passed away Friday, June 19, 1987 at the Royal Terrace Nursing Home, Mc Henry, Illinois. She was born September 9, 1895 in Red Wing, Minnesota and had lived in the Round Lake and Lindenhurst area of Lake County for the past 30 years.

On December 31, 1914 she married Henry Paul Engelhardt in Chicago, Illinois and he preceded her in death on September 11, 1951.

Survivors include 3 daughters, Marion Wiator of Grayslake, Illinois, Kathryn Kappler of Lindenhurst, Illinois, and Sue (Arch) Clohan, Martinsburg, West Virginia, 6 grandchildren, 6 great grandchildren, and 1 great great grandchild.

She was preceded in death by 2 sons Charles and Robert and by 5 sisters and 4 brothers. Funeral Services were held at STRANG FUNERAL HOME, 1055 Main St., Antioch, Illinois, on June 22, 1987 with Rev. Charles Miller of St. Stephen Lutheran Church of Antioch officiating with interment in Ridgewood Cemetery, Des Plaines, Illinois.

Clifton Paul Gregg

He was born December 23, 1919 in Flag Springs, Mo. and lived in the Lake Villa area the past 30 years. He was a member of the Lakeland Baptist Church of Lake Villa. He served in the U.S. Army tank corp. in World War II. He was a member of the V.F.W. Post 4308 Lake Villa and the American Legion Post of Lake Villa and the Order of the Purple Heart.

He is survived by his wife Thelma, 2 sons, Keith of Lake Villa, Paul J. of Round Lake Beach, a mother Elva, 1 brother Donald of Springfield, Mo., 2 sisters Eulala Adams of Springfield, Mo. and Betty Jean Reynolds of Eugene, Oregon, Grandfather of Edward J. Rock III, Roseanne Rock and Sherry Lynn Rock. He was preceded in death by his father William and a daughter Peggy Joyce Rock.

Funeral services will be held Friday, June 26, 1987 at 11:00 a.m. from RINGA FUNERAL HOME, 122 S. Milwaukee Ave., (Rte. 83) Lake Villa with Pastor Richard Schlee officiating. Interment will be in Highland Memorial Park. Friends may call at the funeral home from 3:00 p.m. to 9:00 p.m. Thursday.

Robert H. Paulson

Age 74 passed away June 19, 1987 in Spring Hill, Florida. He was born May 1, 1913 in Pleasant Prairie, Wis.. He was formerly of Long Lake, Illinois. He was married to Berenice Raffel, September 28, 1935.

He is survived by his wife Berenice, 2 daughters, Janice (Kerwin) Rades of McHenry, Susan (Lee) Matuszewski of Fox Lake, 3 sons, Barry (Gail) Paulson, Sacramento, Calif., Richard Paulson of Montana, Ralph (Penny) Paulson, McHenry, 13 grandchildren.

Memorial services will be at Trinity Lutheran Church of Long Lake, Illinois, Sunday, June 28, 1987 at 4 p.m.

He was preceded in death by his parents and sister Margaret.

Harold W. Hamm

age 61, a lifetime resident of Fox Lake and Spring Grove, Illinois died at his home on June 16, 1987. He was born in Illinois on November 18, 1925. He was a veteran of World War II having served in the United States Army. He was a Heavy Equipment Operator and was a longtime member of Local 150 in Waukegan.

Survivors include his wife Eva Hamm, nee Steadman, 1 son, Gary Bateman of Fox Lake, 2 daughters, Sandra (Harold) Chambers of Colorado, Verna (Frank) Gev of Spring Grove, 2 grandsons, Michael and Frank, 4 granddaughters, Brenda, Betty, Danese and Lisa, 2 brothers, Kenneth Hamm of Ingleside and Frank (Jeanie) Hamm of Fox Lake, 2 sisters, Sally Watts of Solon Mills and JoAnne Hamm of Spring Grove. Other relatives survive.

Private services were completed for the family by THE K.K. HAMSHER FUNERAL HOME, 12 N. Pistakee Lake Road, Fox Lake, Illinois.

Donald Lundin

51 years old of Antioch, Illinois passed away Tuesday, June 16, 1987 at St. Therese Hospital, Waukegan, Illinois. He was born April 6, 1936 in Chicago, Illinois the son of the late Nils and Dagmar Andersson Lundin. He served in the U.S. Army for 20 years and had served 2 tours in Viet Nam. On August 21, 1964 he married Gunvor Bergquist in Bill County, Texas and she preceded him in death on May 16, 1987.

Survivors are 1 son Stefan H. of Antioch, 1 sister Margaret (Hartley) Erickson, Bristol, Wisconsin and several nieces and nephews. He was preceded in death by 1 sister Mildred Anderson School. Funeral services and interment were private. STRANG FUNERAL HOME, Antioch, Illinois was in charge of the arrangements.

PUBLISHER'S NOTE: Lakeland Newspapers publishes all obituaries when submitted by either funeral directors or individuals for a small handling fee. Please call (312) 223-8161 for assistance.

School Offers Study On Part-Time Basis

A flexible curriculum of study for adult medical technology students who work full or part time is available from the School of Related Health Sciences at University of Health Sciences/Chicago Medical School.

"We know that students have differing needs based on education and experience, so we design the curriculum to accommodate students on an individual basis, partly through a small class size," said Cynthia D. Adams, Ed.D., dean of the school and professor and chairman of the school's Dept. of Medical Technology.

Students in the medical technology degree program attend school one day per week, which allows them to maintain outside employment. The program is

open to adults wishing to pursue a bachelors or masters degree in medical technology.

"We found that the combination of increased educational costs and diminished financial support necessitated a creative approach that has proved successful," Adams said. "In fact, laboratory administrators found this program so desirable for their employees' career mobility that many provided between 20 and 80 percent tuition reimbursement." The program's success, and requests of technologist and area hospital employers, resulted in development of the part-time graduate level curriculum.

More information about the program is available from Adams or Laverne McMahon at (312) 578-3303.

Mr. and Mrs. John Furlan, 1937

Mr. and Mrs. John Furlan

Celebrate Golden Anniversary

Mr. and Mrs. John Furlan of Antioch celebrated 50 years of marriage with a Mass at St. Peter's Church and a reception at the Patio Lounge.

The Furlans were married in 1937 at St. Simeon's Church, Bellwood.

In attendance at the anniversary celebration was Mr. Furlan's mother, Matilda Furlan, who will celebrate her 96th birthday this year. Also attending were the Furlan's four children, Marilyn (Gordon) Heuer of Breckenridge, Colo.; Rose Ellen (Julius) Monge, also of Breckenridge; Tom (Carol) Furlan of Trevor; Judy (Jamie) Smith of Antioch; and eight grandchildren.

Over 100 other relatives and friends from across the country joined the family in the anniversary celebration.

Gamelin-Horsch

Kelly Gamelin and John Horsch exchanged wedding vows on June 6 at St. Peter's Church in Antioch in a ceremony performed by Father Tonelli.

The bride was given away by her parents, Dennis and Deanna Gamelin of Salem, Wis., in the double ring service.

The groom is the son of Phil and Char

Horsch of Antioch.

Matron of honor was Kelly Plants, foster sister of the bride. Her bridesmaids were Terry Taylor, Carol Haske, Dorothy Duekin, Michelle Daniels, and Dawn Oberpriller.

Best man was Bill Rentner. Groomsmen were Jim Horsch, brother of the groom; Joe Gawerecki, Tim Palm, Dave Zeion, and Joe Owens.

Ushers were the bride's brother, Dean Gamelin, Lori Korneli and Bill Cardiff.

A reception was held at Harbor Ridge Country Club, Antioch.

The bride is a graduate of Central High School, Paddock Lake. She is assistant manager at Maternity Wearhouse in Bristol.

The groom graduated from Antioch High School and is employed with Exxon Chemicals, Lake Zurich.

The couple are building a home in Bristol, Wis.

Mr. and Mrs. John Horsch

Celebrate Golden Anniversary

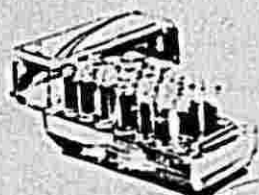

Mr. and Mrs. John Burton of Inverness, Fla., and formerly of Antioch, celebrated 50 years of marriage on June 5.

The couple were 20-year residents of Antioch, where Burton owned and operated Burton Metal Products. Their daughter, Joan (Edgar) Leon of Kenner, La., graduated from St. Peter's School and Antioch High School. They have two granddaughters, Maria and Gina.

An anniversary celebration is being planned in northern Wisconsin, where the couple are spending the summer.

Marine Patrols Make Waters Safer

by LARRY WITTNEBERT

Boaters can feel safer because of a dedicated group of men and women keeping constant vigil on 64,000 square acres of water through the Sheriff's Marine Unit of the Chain 'O Lakes.

Heading up that vital unit is the personable and efficient former police chief of Fox Lake, Robert P. Trinski, Jr.

Trinski, a veteran lawman, was lured from a second retirement to take on the challenging duties of chief.

Mere distance alone spanned by the marine unit boggles the mind. A 40-person squad fans out over 268 miles of shoreline facing 25-30,000 boats on a busy weekend.

Seven boats take the men on patrol and women operate radios to stretch the unit's range and effectiveness even more.

Two squad cars are also assigned to the unit to assist from land, Trinski said, in addition to a small john boat and trailer that can be used for smaller lakes such as Long and Loon Lake.

In Fox Lake, the unit is based off Riverside Island Drive at docks and in radio-equipped offices.

"We handle all phone calls and monitor all radios," Trinski said, noting the channel 16 marine band and channel nine CB band.

The unit also monitors all county frequencies, as well as fire calls, he added.

Law officers serving the unit are a special breed, with not only police experience, but also training in boat handling and CPR.

Catching suspects can be especially dangerous. "It's tough," Trinski said, noting that "if a drunk resists, chances are you'll end up in the water."

Officers have to cuff the suspect and put a life jacket on him, as well.

Lake County Sheriff Mickey Babcock has directed the unit to crack down on drunken boat drivers, Trinski said.

Most frequent calls to the unit include no wake violations, reckless boat operation and drunken driving.

Trinski said that by law, boaters are responsible for the wakes they cause, and wakes can inflict damage to property and lives.

He added that a 25 mph nightly speed limit is in effect on all lakes in the chain and three radar guns have been purchased to clock boats at night.

Two boats of the unit, a 28 and 35-footer, are moored on Lake Michigan in Waukegan, and Lt. Gardner is in charge of those vessels. Rest of the boat are docked at the Fox Lake office, including a new 23-footer made by Monarch and added to the fleet along with

the 23-foot Lady Cop received from the Village of Fox Lake in trade for a smaller boat.

Three, 19-footers also work from the Fox Lake base, Trinski said.

The marine patrol itself has been in action for at least 25 years, he noted, and the local office has been at present site for at least two years.

Officers patrol in pairs, running as many as five boats at a time. Patrols include checks of businesses and all boat moorings on the water, Trinski said, adding, "We will watch out for them and take care of them."

Besides patrols, officers back up any land calls involving the water, especially if the location is more accessible by water.

Officers have made an arrest in a case involving items stolen from a boat.

Besides patrols and calls, the unit offers untold hours of public service. It checks boats for safety equipment, for example, and is on hand for public water functions.

But overall, it helps keep the waters safe for everyone enjoying the long Chain 'O Lakes stretching from the Wisconsin state line to Algonquin, Ill.

Citations are up this year, showing that the unit is hard at work. "We don't want the Chain 'O Lakes to have a reputation as a bad place to boat," Trinski said.

Asked about the speed of his boats, he noted, "Our boats aren't the fastest, but we do have radios that are very helpful in apprehending suspects."

Radios can contact other police departments, state police or the McHenry County Sheriff's Office.

The Lady Cop was also designed to break ice and has helped rescue a boy who fell through ice-covered water.

Boats are equipped with electronic sirens, floodlights and lifejackets. Officers would also aid a capsized boat, but would call on fire department rescue squads if diving is needed.

Babcock has strongly supported the unit, adding the new boat and approving use of surveillance to nab reckless boaters.

Asked if modern-day boats are being made safer, Trinski said they are because of government rules and manufacturer's action. But he added that boats are also being made much faster.

The unit's fleet is maintained mechanically by local marinas while public service workers, those paying out a fine with labor, keep up the appearance.

Trinski, a native Chicagoan, retired in 1979 from the Chicago Police Dept. after a long and noted career. In 1955 and '56, he was

famed as the most outstanding Chicago policeman.

His law enforcement roles have gone from motorcycle patrolman, to sergeant in charge of gambling and vice over 864 square miles, to robbery detective and squad commander, to state investigator of major crimes to the bomb and arson squad.

"I like a lot of action," Trinski said, adding

that becoming a policeman was a boyhood ambition.

In 1978, he became chief of the Fox Lake Police Dept. and after six years retired. Babcock then offered him the chief's job of the marine unit.

Besides his present job, he also owns a marina and a 35-vehicle, nationwide trucking business in Fox Lake.

Careful Preparation Will Avert Vacation Breakdown

To avoid ruining a summer motoring vacation due to a mechanical breakdown,

AAA-Chicago Motor Club advises motorists to properly prepare their cars

before departure.

First, consult the owner's manual for recommended

services, maintenance schedules, proper grades and amounts of fluids, and explanations on how to check basic automotive systems.

Under the hood, a tune-up helps an engine run smoothly and use less fuel. Other mechanical services should include an oil and oil filter change, and a new air filter. Check the levels of all fluids including windshield washer, power steering, master brake cylinder, radiator, transmission and rear end.

Examine belts for wear and proper tension. Inspect hoses for leaks. Test the electrical system for proper performance. Run the air conditioner to check for proper operation.

Check tire inflation, look for signs of wear and rotate tires if necessary. Lubricate

the chassis, and door, trunk and hood hinges. Examine all suspension components including shock absorbers, and check wheel alignment. Inspect the exhaust system for leaks.

Several days before departure, motorists should begin assembling needed items. AAA-CMC suggests packing a first-aid kit, including personal prescriptions, as well as maps and other travel materials.

Motorists are also advised to carry a basic motoring tool kit, flares, tape and a fire extinguisher. Make sure the car has a jack and tire iron.

A cooler will keep soft drinks and snacks cold. Packaged towlettes, napkins and eating utensils, trash bags and a pocket

knife will also come in handy, according to AAA-CMC.

If children are traveling, bring books and games to keep them entertained. Leave the crayons at home, because they will melt in heat.

Wear comfortable easy care clothing and keep sweaters, blankets, pillows and sunglasses nearby. Make sure you have important papers including drivers license, insurance company phone numbers, identification and relevant medical information

Park City

The Park City City Council meets the first and third Thursdays of each month. Meetings begin at 7 p.m. at Park City Community Building.

Mr. and Mrs. Daniel Riedel

Kennelly-Riedel

Lynn L. Kennelly, daughter of William and Lucille Malpede of LaGrange, and Daniel Riedel, son of Adolph and Frances Riedel of Gurnee, were united in marriage on May 22. Rev. Ruppert Lovely performed the outdoor ceremony at Country Squire Gardens, Grayslake.

Maid of honor was Gretchen Bartlett. Serving as best man was Thomas Fassbinder.

The bride received her associate of science degree from Triton College. She is a court reporter with and an owner of Vahl & Kennelly Reporting.

Her husband attended College of Lake County and Arizona State University, earning an associate of arts degree. He is owner and contractor-developer with American Tradesmen, Inc.

The newlyweds spent a honeymoon in Cancun, Mexico, and Monte Carlo, France.

JEALOUSY

In the second story of a three-story tale from "Jealousy," airing SUNDAY, JUNE 28 on ABC, Angie Dickinson plays a woman who finds herself competing, with unusual results, for her wealthy husband's (Richard Mulligan) affections.

NEED SOME BODY WORK?

Could your low back pain or hip pain be caused by a SHORT LEG SYNDROME? Thousands of people have short leg syndrome...one leg shorter than the other due to muscle imbalance, spinal misalignment, or pelvic bone displacement. Short leg syndrome can be the cause of backache, headache, neck pain, hip pain, shoulder pain, numbness...and other disorders. A simple test can indicate whether your pain and discomfort could be due to a short leg...and whether chiropractic might be the way to get back to normal.

Christian Music Fest Coming To Fairgrounds

Cornerstone '87, the progressive Christian arts and music festival, will be held for the fourth straight year the Lake County Fairgrounds, Grayslake, July 1 through 4.

This year's festival will feature original musical, "Many Are Called but Few Can Stand It," to help celebrate anniversaries of both the Jesus Movement and the founding of Chicago's Jesus People USA.

The year 1987 marks two decades since the start of a cultural phenomenon that came to be known as the Jesus Movement, the baby boomer revival that spawned Christian rock. Time magazine put Jesus on its cover in 1971 to examine a youth revival that began four years previously. Marching, preaching, and creating a new music, the Jesus People swept across the country, turning on thousands of counter-culture dropouts to God.

Since then, the Jesus People have continued to have impact, mostly through assimilation into the traditional church.

Jesus People USA, the Chicago community which publishes Cornerstone magazine, still retains a more radical outlook and style.

In the community's 15 years of existence, JPUSA has continued to minister to the changing youth subculture, with such outreaches as the annual Cornerstone Festival.

In honor of these anniversaries, Cornerstone '87 will present the new musical, set in the midst of the Jesus Movement. Written and performed by the JPUSA theatre group, the Holy Ghost Players, the musical tells the story of a ragtag Jesus bus and its colorful passengers.

Sources close to the production describe the show as "Frank Capra meets Frank Zappa," and promise singing, dancing, laughs and lots of heart.

The musical will be performed Wednesday, July 31 and Friday, July 3. For exact performance times, call (312) 989-2089.

Air Show Proceeds To Benefit United Way

The Lake County Radio Control Club is sponsoring the Chicagoland Model Air Show 1987. The show will display contestants' skill of flying their radio-controlled model aircraft through a variety of difficult maneuvers.

Skilled pilots will be competing for the

coveted "Top Gun" trophy. Other events during the day include expert assisted training flights for spectators, static display, swap meet and numerous competitions at varying degrees of skill among contestants.

The air show will be held Sunday, July 19, from 10 a.m. to 6 p.m. at the Lake County Fairgrounds, Rtes. 120 and 45 in Grayslake.

Admission the day of the show is \$2 for adults and children under 12 are admitted free. All proceeds will be donated to the United Way of Lake County, which holds an annual fall campaign to raise money to fund 96 human services programs offered by 35 local member agencies.

For additional information on the Chicagoland Model Air show 1987, call (312) USA-SHOW.

Official Newspaper

Your local Lakeland Newspaper is the official newspaper of this community.

Festival Nears

North Chicago's annual food and entertainment festival will be held on July 11 and 12. The event will be at North Chicago City Hall and surrounding grounds.

Booths are available for those interested. For information call Denise Matthews at (312) 578-7762 Monday through Friday between 8 a.m. and 5 p.m. or Minnie Cross at (312) 689-8690.

Ravinia Tickets All Sold

The Ravinia-bound bus, scheduled for the Friday, July 24 Boston Pops concert, is now filled. Names are being accepted for a waiting list in the event of cancellations. Adult services reminds those signed up that paid reservations are due no later than July 10. Cancellations cannot be honored, as all tickets are paid for in advance. The bus will leave the library at 6:30 p.m. and return around 11:30 p.m.

Those planning to go on the Illinois Lincoln Heritage trip scheduled for Aug. 7 may still get their deposits to the library until the end of June, with final payment due by July 7. There are still several openings for this fun-filled educational sojourn.

Some previews of coming events sponsored by the adult services department include a September tour of the Pyramid Hosue in Wadsworth, with lunch at Lambs' Farm in Libertyville; "Wives of Great Men," a program to be given at the new library building in October; special November programming during Illinois Arts Week; and in December, a trip to Shady Lane Dinner Playhouse in Marengo.

Calendars will be available at the library's circulation desk in early June with dates and details.

Thursday, June 25, 1987

Rockin' At RV Show

Urge, rock band appearing at Antioch's RV Show, sponsored by Antioch Chamber of Commerce and Industry, was one of many acts that entertained audiences interested in recreational vehicles Saturday and Sunday. Turnout was good considering it rained on both days. — Photo by Gloria Davis.

On Dean's List

Five area students have been named to the Dean's List for the spring 1987 semester at Eastern Illinois University, Charleston. Catherine Ingersoll of Round Lake Beach, Daniel Marsh of Mundelein, Michelle Kavich of Ingleside, Amy Willing of Fox Lake, Deborah Pettclair of Gurnee all earned at least a 3.5 gradepoint average.

FABIAN SEAFOOD, GALVESTON TEXAS

No Water Near 'Cove', But Plenty Of Fishing

by GLORIA DAVIS

To start with, the name of the Libertyville restaurant, The Hidden Cove, might seem misleading since there is no cove, nary a body of water, off of Milwaukee Ave.

And the restaurant is certainly not hidden since it stands in the middle of a busy strip mall.

But the reason for the nautical intimation soon becomes clear as one enters the restaurant to be greeted by a seaside motif carried out most pleasantly as sea gulls fly over waves etched in glass and ship's lanterns light the warm and inviting red and blue interior, frosted temperately with white.

Of course a nautical theme would not be complete without signal flags, oars and life preservers and the Cove's walls are also cleverly emblazoned with these.

But the real aura of the sea comes to light when one opens the large menu that is chock full of almost any kind of seafood a customer could desire, from Frogs Legs Provencal, Mahi Mahi(dolphin), to fresh Rainbow Trout.

The menu always contains three to five luncheon and dinner specials. For lunch there are plenty of tasty sandwiches for meat lovers from hamburgers to a Reuben, and the lunch special sandwich served at the bar also includes a cocktail, a potatoe and soup all for just \$4.50.

The Cove's reasonable prices carry over to the dinner menu which starts at \$6.95 and on Sundays one can gorge reasonably by or-

dering the seven course dinner which offers a choice of seven or eight entrees.

Seafood is also the dinner specialty of the house, with everything from seafood-kabob to swordfish there for the ordering.

According to general manager Chuck Cromer, the secret of the Cove's reputation for fine food is the fact that it is a family business with the three owners, brothers Gus, Tony and Chris Kotsiovos, always on duty in the kitchen. Marie, Gus's wife is also often to be found overseeing the diningroom as its hostess.

The constant presence of the family members assures the finest cooking and the best of service.

Cromer adds that the owners also have a creed of freshness that is prevalent whether it be in the six fresh fish entrees offered every Friday or the cutting of steaks or veal for Veal Piccata or Marsala.

"I believe we serve the best and the biggest cut of prime rib I've seen," says Cromer making sure one knows that Cove's meat entrees call for as many accolades as the seafood.

Dining at the Cove would not be a complete event without just a taste from the delicious dessert tray offered as every meal's finale.

The Kotsiovos originally operated the restaurant in Liberty Mill Plaza under the name of The Round Table and just lately remodeled it completely, adding new windows and decor, and reopened under the nautical flag of The Hidden Cove.

Pleased Customers

Karen and Ted Lavris of Mundelein, take break from office to discuss specialty of day with Hidden Cove manager, Chuck Cromer. Best compliment came as Karen exclaimed, 'It's our favorite restaurant, we eat here all the time!'—Photo by Gloria Davis

Cedar Inn

(Continued from Page 1)

Munich, Germany, the beer capitol of the world, (from the lightest to the darkest) on tap at Cedar.

A tall cool stein of Augsberger, Paulaner and Salvator (a doppelbach) is constantly on tap and waiting for the discerning customer. The Cedar is also blessed with a very, very complete wine list and stock.

Ron also takes care of food supplies. "I cut all my own meat and nothing preprepared comes out of my kitchen," he says, while tasting his own bread crumbs or mixing his own, very special salad dressings.

Lunch and dinner are available six days a week, 11 a.m. to 9:30 p.m. daily, and from

noon to 10:30 p.m. on weekends.

The luncheon menu is an interesting and taste tempting one with the Plowman Lunch a standout that features four different kinds of cheese, two types of smoked sausage, served with hot crusty French bread.

Dinner prices are in a reasonable range, from \$6.95 to \$13. The Tempura shrimp and Wiener Schnitzel are two of the least common items that customers say really tickle the palate.

Though the restaurant is comparatively new, its reputation is growing rapidly so reservations are preferred and available by calling (414)889-8010.

Pitch In To Help Jaycees

The Lake Villa-Lindenhurst Jaycees are planning their second annual white elephant sale due to last year's big success.

Last year, proceeds went to buy park equipment for both villages, and hopefully this year similar contributions will be made.

The sale will take place in the Linden Plaza parking area July 24-26.

Donations of goods to be sold are requested from the community, including le-

toys from garage sales. Contributions are tax-deductible and will be picked up.

For pick up, call Angie Wallberg, 356-1133 or Doug Gronau, 356-3230.

Tucker Companies Start Project in Highland Park

Ground has been broken by the Tucker Companies, a Northbrook based shopping center developer, for The Shops on Elm Place, in Highland Park.

Situated on a one and one-quarter acre site located at the northeast corner of

Second St. and Elm Place, the retail-office development will be oriented to the community.

Leases are being negotiated with several tenants for the site including a full service quality restaurant, a limited service

restaurant, a hair styling salon, and upscale boutiques.

The Tucker Companies has announced its first lease with Apple Tree Theatre, a legitimate theater that will occupy 6000 square feet on the second level of the

complex.

In addition to producing several plays throughout the year, Apple Tree will offer an ongoing program of children's acting classes.

The project's architect is Nagle, Hartray and Assoc., Ltd. of Chicago. Jack

Hartray, a principal of the firm, described the project.

"The architecture of The Shops on Elm Place is compatible with the historic architecture of downtown Highland Park. We utilized brick and stucco on the second level to recall the original early Tudor look. Covered walkways in front

of the shops are supported by raw steel columns reminiscent of 19th century cast iron structures."

The complex will provide parking for approximately 80 cars and is scheduled to open in late 1987. The Shops on Elm Place will serve as a dignified edge to Highland Park's business district.

McClure Announces Staff Promotions

McClure Engineering Assoc., Inc., with corporate headquarters in East Moline, has announced the following promotions within the company: Paul T. Manahan, P.E., L.S., Vernon Hills has been named director of marketing. Charles A. McBride, Jr., P.E., has been appointed chief of technical services, and John I. Boldt, P.E., has been named division manager for the Waukegan office.

Manahan, Sr. Vice President of MEAI, is a registered professional engineer and a licensed land surveyor with 25 years experience in the field of civil engineering.

He has been with MEAI since 1973 as the Northern Region Manager and Division Manager of the Rockford office. He will maintain offices in East Moline and Vernon Hills.

McBride, vice president, is

a registered professional engineer with 37 years experience in civil engineering and has been with the firm since 1975.

Boldt, director, joined MEAI in 1981 as Project Manager and has been with the Waukegan office since Dec. 1985. He is a registered professional engineer with 11 years experience in civil engineering.

William L. McClure, P.E., L.S., president and CEO of

McClure Engineering, founded the multi-disciplined consulting firm in 1969.

A staff of 80 professional, technical, and support personnel with offices in East Moline, Macomb, Rockford, Waukegan, and Davenport, Iowa, work cooperatively to provide expanded civil engineering, land surveying, and industrial engineering services to their clients.

3 County Credit Unions Among State's Biggest

Three Lake County credit unions rank among Illinois' 100 largest credit unions, according to year-end 1986 assets reported to the Illinois Credit Union League, primary trade association for credit unions operating in Illinois.

The credit unions are

Great Lakes Credit Union, Great Lakes NAS, third in the state with \$152,914,843 in assets; Consumers Cooperative Credit Union, Waukegan, 17th in the state with \$59,571,668; and Warren-Newport Credit Union, Gurnee, 58th with \$18,786,252.

Brubaker Gets New Position

Rick Brubaker of Round Lake Beach has been promoted to co-manager of the 84 Lumber Store in Round Lake Beach.

The new co-manager graduated from Round Lake High School in 1983 and attended the College of Lake County. He is the son of Richard and Merrily Brubaker, residents of Round Lake Beach.

Brubaker began his 84 Lumber career in June, 1986, at its Round Lake Beach store. As co-manager, Brubaker is responsible for total store operations including sales and inventory control.

84 Lumber Co. is a retail lumber chain with regional offices in five major cities, and has 400 stores nationwide.

Real Estate

Is Your Real Estate Assessment Equitable?

by GARY S. MEYERS

Death and taxes are both certainties, but while you can't challenge death, you can challenge real estate taxes.

"Approximately 25 percent of the 80 million parcels in the U.S. are overassessed," said tax expert Robert C. Johnson, a former consultant to the New York State Board of Equalization and Assessment in Albany.

"On the whole, there are probably more states in which property tax administration is getting worse than improving," said Johnson.

Nationwide, property tax receipts are the largest

single revenue source for local government. These revenues come from property owners, who are required to pay a tax based on the assessed value of their property.

Commercial and income property usually are assessed at a higher value than residential property. The principle is that owners of more expensive property can afford to shoulder a larger part of the burden than owners of lower-valued real estate.

Assessed valuation is usually a percentage of the cash value the assessor places on property, including land and buildings. This percentage is called the

"equalization rate."

Thus, if you own a house worth \$100,000 in a town where the equalization rate is five percent, you will be assessed for \$5,000. The authorities then apply the local tax rate to your assessment. If the rate is, say, \$300 per \$1,000 of assessed valuation, you will pay \$1,500 a year on that \$100,000 home.

However, real estate taxes do not necessarily rise when property values do. If values go higher, but the town budget remains about the same, there will be no need for more revenue. Generally, property taxes increase only when local government spends more

money for schools, libraries, parks, health facilities and municipal government.

Value is determined by a number of factors—square footage, amenities, home values in your neighborhood—all of which are measured by the assessor and therefore subject to human error.

"Some people are paying a lot of extra taxes, and others are paying a lot less than they should," said J. Fred Giertz of the University of Illinois Institute of Government and Public Affairs, who recently co-authored a property assessment study for the Illinois Tax Foundation.

Giertz said problems with assessment arise because an area is diverse or changing rapidly, or because the assessor simply makes a mistake.

At best, all that most assessors have time to do is give property a "windshield appraisal," according to Johnson. This means they drive by homes to look for obvious taxable improvements, such as a new garage, room addition, deck or in-ground swimming pool.

As a general rule, Giertz said larger counties have better tax assessment than smaller ones. Assessors in the bigger counties generally have more ex-

perience, work full time and have better training, he said.

Giertz's study found that assessment performance declined significantly when the assessing district had fewer than 4,000 residents.

Giertz said property owners can help improve the system by pressuring local

officials to do a better job and by appealing unfair assessments. In addition, his

study recommends that states provide more leadership and assistance in

property tax work, including promoting computerization of assessments in all jurisdictions.

New Luxury Homes Are Big Success

The model line at the Lucerne single-family home community in Lake Zurich has been expanded by the addition of the Woodfield, a classic two-story home.

Eighty of the upscale homes will be built at Lucerne by Pulte Builders. Because sales have exceeded the halfway mark, Pulte has abandoned plans to build furnished models at the community.

"These homes proved to have instant appeal as soon as they were made available from blueprints," said Thomas Standke, vice president of sales and marketing for Pulte.

The new Woodfield model is a three-bedroom, two-bath, one and a half story contemporary home with two-car garage, 1,704 square feet of living area, and is base priced from \$135,990.

"The Woodfield model fits perfectly with the homebuyer profile we have at Lucerne—mostly second home buyers with children who want a family-size home," said Standke.

"Although it is a two-story home it has the unique feature of a master bedroom suite on the first floor," Standke added. "In addition to the master suite on the second floor, there is a loft

that can be converted into an optional bedroom, with optional skylight."

All of the homes at Lucerne have two-car attached garages and partial basements as standard inclusions in the price. Full basements are an available option. All five models are available in at least three different exterior elevations, providing a varied streetscape.

Features included in the base price are full carpeting, wood railings, vaulted ceilings per plan, partial basements, box window in master bedroom suites per plan, decorator light fix-

tures, and premium hardware throughout.

Luxury options available include woodburning fireplace, central air conditioning, upgrade carpeting, full basements, skylights and ceramic foyers.

Kitchens feature easy-care sheet vinyl, wood cabinets and drawers, double stainless steel sink, continuous clean gas range with hood and fan, dishwasher-disposer, and bay windows per plan.

Baths feature wood vanities, cultured marble vanity tops with integral bowls, king-size bath

mirrors, ground fault circuitry, ceramic tile.

Exteriors include aluminum siding, thermobreak insulated patio doors, double-glazed insulated thermobreak windows with

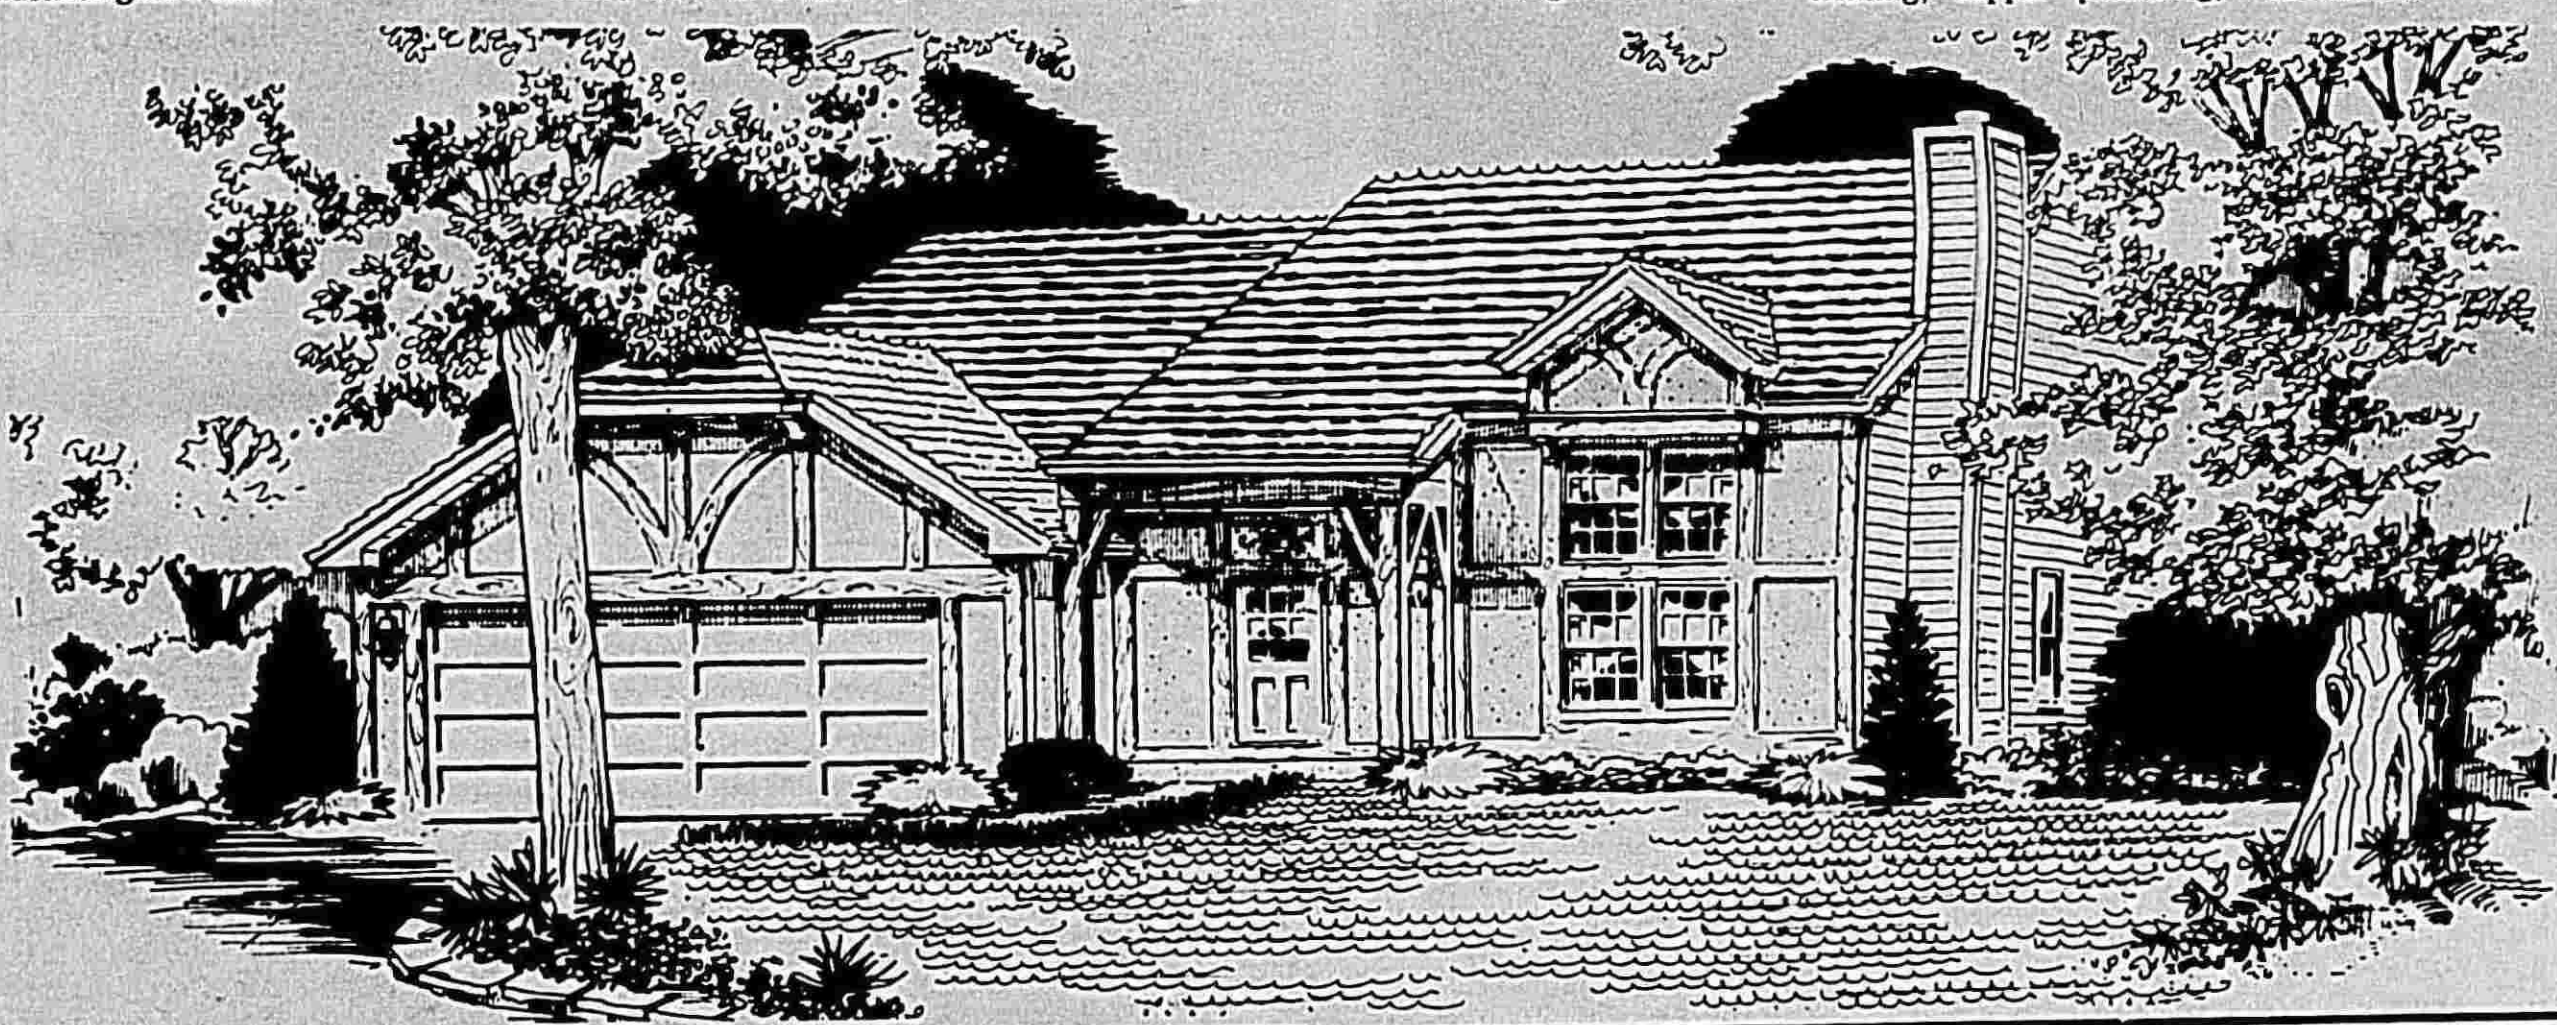

screens throughout, waterproof ground fault interrupt outlet, frostproof hose bibbs, asphalt driveways, separate storm and sanitary sewers, aluminum gutters and downspouts, and decorator light fixtures.

Construction features include 40-gallon hot water heater, gas-forced air heating, copper plumbing,

100-amp service with circuit breakers, cold air returns throughout, separate duct runs for all levels, R-30 attic and R-13 wall insulation, and weather-stripped steel insulated exterior doors.

Lucerne is minutes away from the North Western Railway commuter station in Barrington. It is located on Old Rand Rd., west of Quentin Rd., Lake Zurich.

The sales information center hours are 10 a.m. to 6 p.m. Monday through Thursday and noon to 6 p.m. Saturday and Sunday. Phone (312) 438-8366 for more information.

Ribbon-cutting was held June 18 to mark official opening of Mariner's Cove Subdivision, Phase II, a single-family residential community with more than 5,600 feet of lake front property. It offers year-round fishing, park facilities, golf and horseback riding nearby.

ON PEAK ALERT DAYS, IT PAYS TO USE LESS.

On Peak Alert days the extra-high demand for electricity tests our ability to provide all the power you need.

If we announce a Peak Alert, it means our thrifty coal and nuclear generators can't do the job alone. We have to use less efficient generators, too. And all of us pay that extra expense on our electric bills.

You can lower your energy bills this summer.

Every summer day, and especially when we've issued a Peak Alert, adopt some of these energy-saving, money-saving habits:

If you stay indoors:

- Set your air conditioner at 78° or higher.
- Keep your curtains closed so the sun's hot rays will stay outside.
- Wash your clothes and run your dishwasher on a cool day.
- Use all large appliances before 9 AM or after 10 PM.
- Open your refrigerator only when necessary.

Switch to outdoor activities:

- Head to the beach or find a refreshing pool.
- Dry your clothes outdoors.
- Cook on charcoal instead of the stove. Or don't cook at all—try a light sandwich or salads.

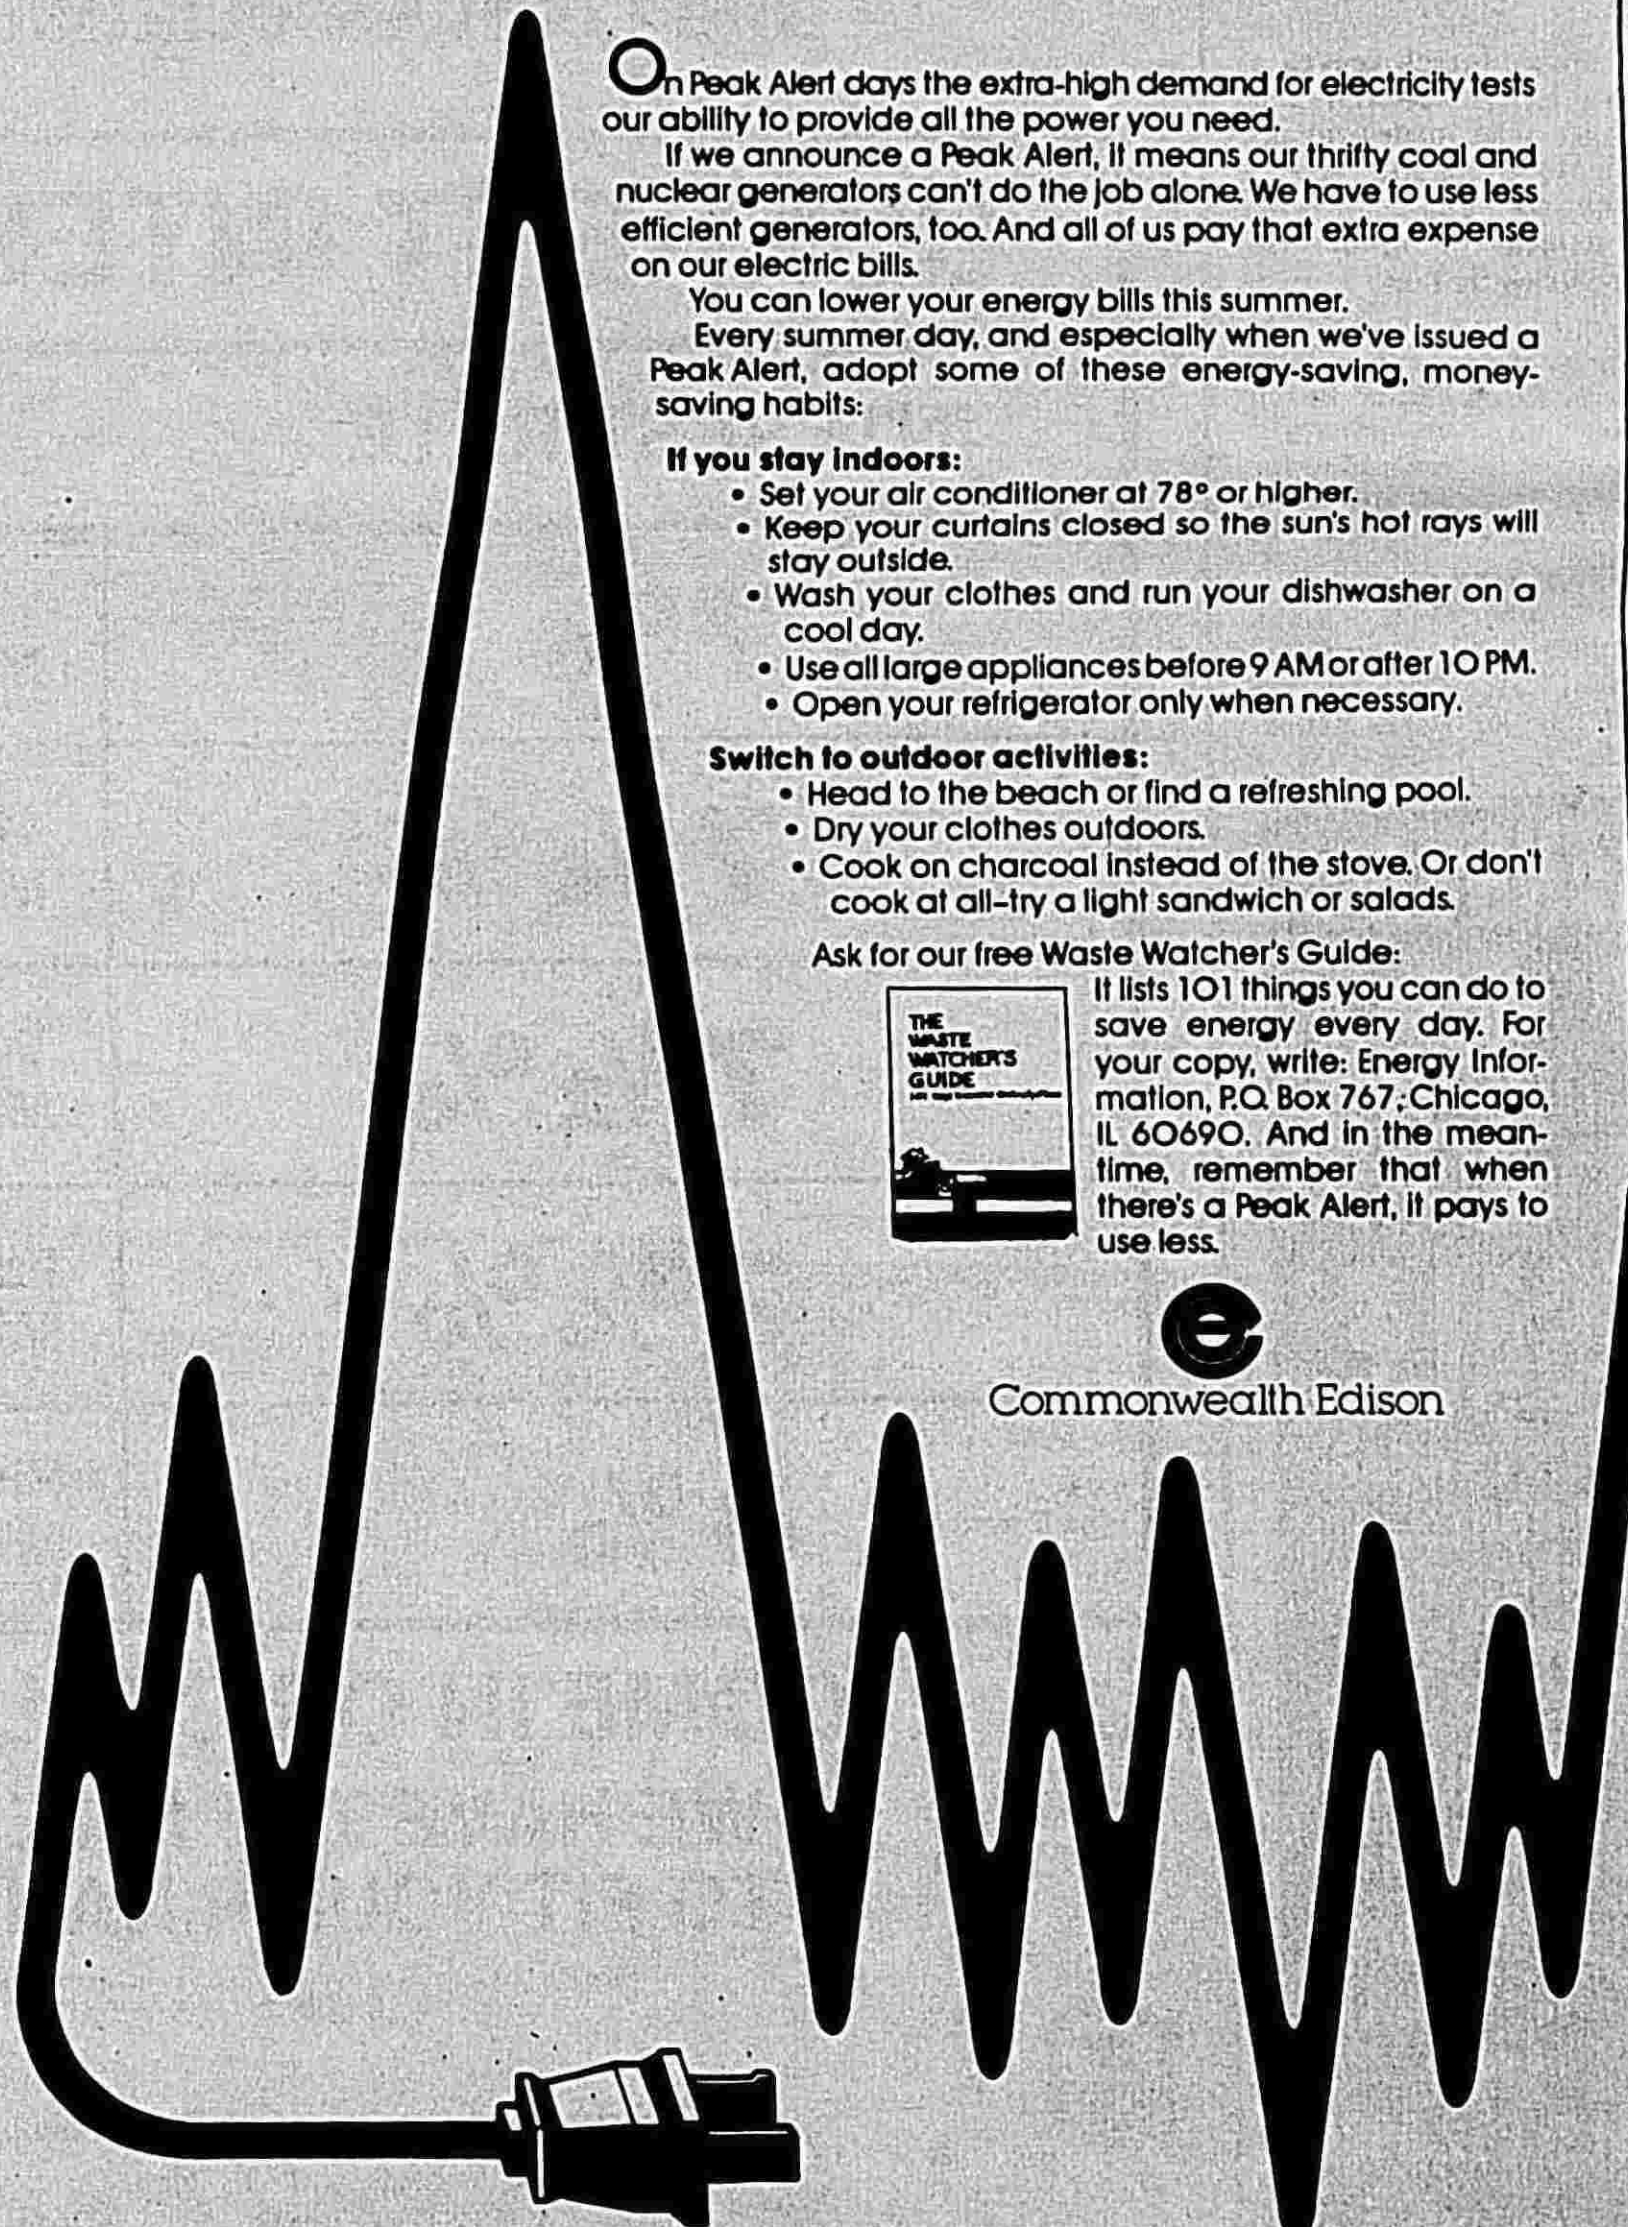

Ask for our free Waste Watcher's Guide:

It lists 101 things you can do to save energy every day. For your copy, write: Energy Information, P.O. Box 767, Chicago, IL 60690. And in the meantime, remember that when there's a Peak Alert, it pays to use less.

Antioch Pace Quickens As July 4 Approaches

by CAROLYN HAMMOND
(312) 395-6081

Those "lazy, hazy, crazy days of summer" are here brought on by the heat and lack of rain. The droning of lawnmowers has been noticeably absent. Twice-weekly cuttings have been replaced by frantic sprinklings to "save the lawn before it dies." Dads even got a chance to sit down and enjoy "their day!"

Activity in Antioch has also slowed down before the pace quickens for the July 4 celebrations. On the docket for this week:

Deadline for applications for both the Miss Antioch 1987 and the Little Miss pageant is Friday, June 26, at 5 p.m. Little Miss participants must have a 395 telephone prefix and be between the ages of six and eight before July 4. They will model in play clothes and party dresses. An interview with the judges will precede a question and answer segment during the pageant. Applications may be picked up at the Antioch Parks and Recreation office or by calling (312)395-2160.

The Antioch AARP will

picnic at Williams Park, 741 Main St., on Friday, June 26. Advance reservations must be made.

Olympic Tae Kwon Do competition drew over 2,000 young combatants, required 18 hours to register them all,

Notes & News

A perennial favorite is here! The Antioch Firefighters Assn. will hold its annual street dance on Saturday, June 27, from 9 p.m. to 1 a.m. Come on out and enjoy yourselves while at the same time you are supporting one of Antioch's premiere service groups.

The ISTU National Junior

and took over 47 hours over a three-day period to finish. Antioch and Illinois champions Lucas and Justin Dyer, with fellow student Tom Wisniewski from Song's Martial Arts Institute, operating on a courage level unknown to most of us, fought very well making their parents and teachers

very proud of them. Although not finishing in the top three positions, Lucas placed fifth in sparring, losing on a split decision in the semi-finals to the eventual champion. Tom also placed fifth in his sparring division. "It was the most tremendous experience in their young sports lives," says father Denny Dyer.

The girls are in the swing too! Standings for girls' fast-pitch softball:

Junior Girl - Division A, State Bank 8-2, Heath Construction 7-3, Lake Villa 6-4;

Division B, Flo's Hair Care 5-5, Thelen's Sand and Gravel, 4-6, Pickard China 0-10.

Results as of June 17: Heath 14, Flo's 8; State Bank 35, Pickard 2; Lake Villa 15, Thelen 4; Flo's 13, Pickard 0; Heath 21, Thelen 4; State Bank 12, Lake Villa 4.

Senior Girls, standings as of June 17: McDonald 4-4, Here's the Scoop 2-6. Results as of June 17, Fox Lake Fanella 16, Scoop 9; McDonalds 12, Fanella 9; Fox Lake Dairy Queen 22, Scoop 10; Scoop 24, Fox Lake Jack Frost 11.

Outstanding Citizen

Graduates

Airman Michael Zabski, son of Richard and Ruth Mondrzejewski of Antioch, has graduated from the U.S. Air Force security police specialist course at Lackland Air Force Base, Texas. He is a 1984 graduate of Antioch Community High School.

Earns Degree

John W. Sudler of Lake Villa received his associate of arts degree in rural resource management from Sterling College in Craftsbury Common, Vt. He completed two years of academic studies, as well as an internship assisting in livestock care, farm chores, processing and marketing of goat cheese at Westfield Farm in Hubbardston, Mass.

Earns Degree

Derek M. Olsen, son of Mr. and Mrs. Richard M. Olsen of Antioch, received a bachelor of arts degree from Brown University in Providence, R.I., during commencement ceremonies May 25.

Sewer Question Brings County To Crossroads

by CHARLES JOHNSTON
Managing Editor

The Village of Lake Villa is raising its voice against the county. Lake Villa wants to come on line into the Northwest Regional Sanitary System. It also wants to expand and improve its own local plant.

The county is not accepting that. Officials insist that to connect into the regional system, which

villages in the mid-1970's, it was stipulated that once a village came on line, it must abandon its local plant.

Lake Villa officials also complain that they need capacity to support their developments and the Northwest System is at capacity, thus unable to handle all of Lake Villa's needs. This, too, is true. But Lake Villa (and Antioch for that

mittee, which oversees the regional system. So, in this case, I am something less than a disinterested observer.

But on with it. Every community that has gone on line into the regional system, save perhaps Fox Lake, has initially fought it. The reason is that, under the county's contracts, the county and Fox Lake actually control the Northwest Regional System. Whoever controls sewer or water can control how much and whether a community can grow. With no sewer service, there can be not a stick of development, particularly commercial development.

The planned expansion of the plant will cost \$24 million. While officials are working to obtain money from state and federal sources to help finance the project, there is no question that it must be done. All commercial projects in the communities served by the Northwest Region are contingent upon the expansion of the plant. If the plant were not expanded, no commercial development could go forward. The plans for economic development in west Lake County would be devastated.

Meantime, in the last year and a half, users of the Northwest Region have been charged a little over \$200,000 more than the cost of operating the plant and funding the reserves. This is local money that the county has. West Lake County officials have informally requested that the overcharge be returned to the

region to fund the initial engineering.

Thus far, the response has been disappointing. Dist. 4 Rep. Norm Geary has said publicly that he supports giving the money back to the region immediately through an emergency appropriation. Dist. 4 Rep. and County Board Chairman James Fields, however, prefers to release only \$150,000 of the money and would wait until Dec. 1, the new budget year, to do it.

That is the rub. And it could have far-reaching political implications. West Lake County officials are determined that, come what may, the plant expansion will go forward. The only question is who will pay for it and which county and state officials will help get funding.

Officials are quietly, but closely, scrutinizing what every county and state official does to help. Those who do nothing will find, perhaps

for the first time, a united West Lake County, which will vote to help those officials who helped take care of this need.

As for Lake Villa, even were the county willing to allow it to connect into the Northwest System and expand its local plant, the federal government would not permit it. The real battle is to get the regional plant expanded with the minimum financial impact upon local users.

Just Politics

already serves Fox Lake and the Round Lake area. Lake Villa must put its local plant on the course of extinction. Lake Villa is crying foul.

While Lake Villa's protests seem reasonable at first blush, there is more than meets the eye to this issue. Originally, converting to regional sewer systems was an initiative by the federal government as a pollution control measure. Package plants that sent effluent into standing bodies of water such as lakes were causing pollution.

As long-time county residents will remember, at the time the regional system went on line, many lakes were in serious trouble, including Long Lake, Third Lake and Deep Lake. Even the harshest critics of the regional system concede that it has been successful in alleviating pollution. But in order for that to be successful, the local plants must continue to close. That is why, in the original contracts signed with the

matter) have had the absolute right, guaranteed by contract, to hook into the system at any time since its creation. Nothing stopped Lake Villa from hooking in six years ago except its own reticence. In fact, both Lake Villa and Antioch were originally scheduled to come on line before the Round Lake area. Both communities chose not to.

Now, Round Lake and Fox Lake area officials are wrestling with the knotty problem of how to expand the capacity of the Northwest Plant, operated in Fox Lake, to meet the demands of community growth. It currently has a capacity of six million gallons per day (gpd). Plans for expansion will increase that capacity to 12 million gpd within 10 years.

Before going further, I must note that I am a trustee of the Round Lake Sanitary Dist. and a non-voting member of the Northwest Regional Advisory Com-

Board Talks Annexing Village

A new 400-single-family home subdivision could be coming to Gurnee.

The Gurnee Village Board Monday continued a hearing to June 29 on the pre-annexation for Providence Village, which would be located on 143.5 acres off O'Plaine Rd.

Providence Village, which has already inked agreements with Gurnee Park Dist., Woodland School Dist. 50 and Warren Twp. High School regarding developers' donations, would be a Planned Unit Development zoned R-3.

"The character of the area itself will be a traditional development," Gordon Miling, of Mission Enterprises, a Lake Forest developer, said.

In addition to the single-family homes, an initial model will be turned into a day care center.

"That's a sign of the times," Gurnee Mayor Dick Welton said.

Builder Mike Doran said the homes in the development would be sized 1,300 to 2,400 square feet and priced between \$105,000 to \$165,000.

3 Board Openings In Fall At ACHS

Nominating petition forms for the Nov. 3 school board election at Antioch Community High School are now available. Forms may be picked up in the Antioch Community High School general office, 113 South Main St., Antioch, on any business day between 8 a.m. and 3 p.m. Forms are also available at the county clerk's office in Waukegan.

A school board candidate's petition must be filed at the Antioch Community High School general office no earlier than 8 a.m. Monday, Aug. 17, and no later than 5 p.m. Monday, Aug. 24.

Ballot positions for all candidates who present their petitions for filing at 8 a.m. on the first day for filing shall be determined by lot at a public drawing, and ballot positions for all other candidates shall be in the order in which their petitions are filed.

Three seats on the seven-member board of education will be filled at the Nov. 3 election. The seats are for four-year terms. The three seats are currently held by President Robert Lindblad, and board members Frank W. Walsh, Jr. and Michael P. Zeien.

To be eligible to serve, a school board member must be, on the date of election, a citizen of the United States, at least 18 years old, a resident of the State of Illinois and the

school district for at least one year immediately preceding the election, and a registered voter.

Elections are nonpartisan and board candidates are not required to indicate a political party affiliation. Candidates should be aware of financial conflict-of-interest limitations set forth in the school code.

Nominating papers may be filed by the candidate in person, by mail or by an agent. They consist of the following:

1. Nominating petitions signed by at least 50 voters residing within the district. Petitions must be securely bound together with pages numbered consecutively, and the signature of the petition circulator must be notarized.

2. Statement of candidacy, which includes a request that the candidate's name be placed on the official ballot, the address of the candidate, the office sought, and a statement that the candidate is qualified for the office and has filed (or will file before the close of the petition filing period) a statement of economic interests as required by the Illinois Governmental Ethics Act.

3. A receipt from the county clerk showing that the candidate has filed the statement of economic interests as noted above.

Unsung Heroes Receive No Pay, No Vacations

by RUSS FAIRCHILD

Any ambulance service today from, say, Victory Memorial Hospital to Antioch will cost \$132 one way. I verified this with TEK Ambulance Service.

Yet there are those amongst us who take our service—the Antioch Rescue Squad—for granted. We should realize that everything has a price tag.

Have you ever in your lifetime owed someone money, and due to circumstances were unable to meet the debt? Remember how guilty you felt; and how embarrassing it was to face them?

You're attending mass at St. Peter's Catholic Church and listening attentively to a stirring sermon by Father Hanley. Looking around, you spot Wayne Sobczak. A few pews over you notice Brad Ipsen, and nearby sits Joe Bedame. All are paramedics who, not so long ago, responded to your frantic appeal for help. Did you show your appreciation monetarily?

Oh, you say that you already mailed in an adequate donation. "Hallelujah!"

To the reader just coming out of aisle 10 at the Piggly Wiggly: You're about to confront Tim Osmond talking to store manager Dan Atkins, and lo and behold, there's Bill Georgeson entering the liquor section. These are the paramedics who befriended you recently when little Billy swallowed the epi-salms. Let's move along.

You're dining at the Lakeside Restaurant, or the Las Vegas. You observe Mike Volling

at the salad bar, and Bruce Ahlquist paying his check. Oh, you're happy to see these able-bodied paramedics as you already showed your gratitude. Bless you!

It's now Friday night fish fry at the Moose Lodge. Sid Parker and Mike Harasti are among the guests in the hall. You say they shouldn't be mad at you for not donating to the squad, because it was only your mother-in-law they picked up—mmm. This is no time for a mother-in-law joke.

Commentary

You're doing the polka out at Vi's Yellow Bird to the tempo of Hot Nuts Ron and his Originals. Suppose you accidentally dance into Jim Haley and Tom Dvorak, who not so long ago responded by getting your kid's head out of the toilet bowl? You were too cheap to call a plumber at \$35 an hour!

Let's digress a little. Back on July 11, 1985, there appeared in the Antioch Reporter another article of mine embracing our paramedics, "Rescue Squad Lauded."

My admiration and sincere feelings didn't end with that, nor should yours. Time should never erase from your minds and heart a kindness bestowed upon you unselfishly without thought or expectation of a reward or praise.

These dedicated professionals from all walks of life enter your home to perform a service that they alone are trained for. They're special. They do their task without fanfare or applause. They are the most unsung heroes of the medical profession. They receive no fat fees, no fees at all. They have no coffee breaks, no paid vacations, no holidays.

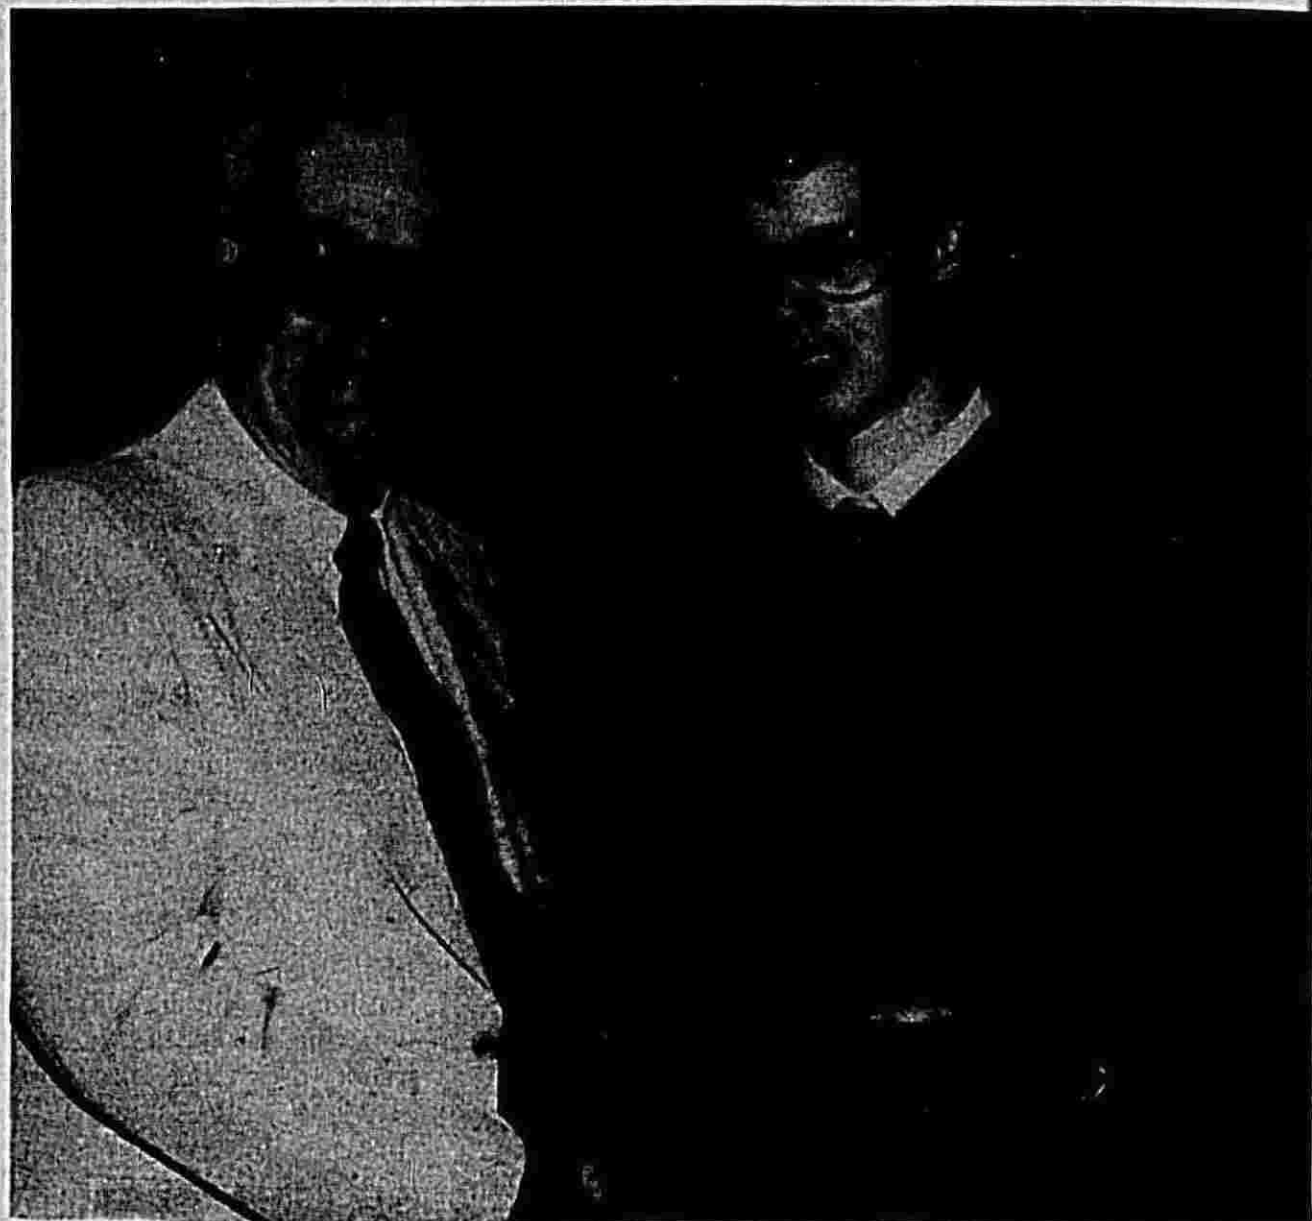

Tiffany Rd. Widening Cost \$247,151

A \$247,151 contract has been awarded for the resurfacing and widening of Tiffany Rd. in Antioch, in a federally subsidized project, partially funded by motor fuel tax increments.

The contract was awarded to Skokie Valley Asphalt Co. of Grayslake. Work will be done on Tiffany Rd. between Rte. 173 and North Ave.

The construction was expected to begin June 15, with an expected completion in mid-September. Commonwealth Edison Co. will be making improvements at the same time.

The road will not be closed to traffic. However, there may be occasional lane closures during working hours. Motorists are cautioned to be alert to barricades, warning signs, lights and contractor's equipment.

5,000 Diplomas

Gary Allen Baker, right, is recipient of 5,000th diploma handed out by Antioch High School Board of Education President Robert Lindblad since he took office. Lindblad gave Baker watch in honor of occasion.

Upper Grade Reports On Latest Honor Pupils

Honors: Shane Anton, Rachel Carpenter, Candace Castellanos, Beth Eng, Douglas Gooch, Laurel Gormley, Jill Gudgeon, Amy Hausman, John Hunter, Christopher Johnson, Alexandra Karris, Benjamin Krenke, Daniel Nelson, Eric Newcomb, Timamy Presley, Frederick Reich, Dawn Robertson, Catherine Ruuhela, Dawn Schumacher, Jeremy Schupbach, Charlene Smith, Nicole Smith, Rachelle Sonnenberg, Maryanne Stock, Andrew Stahl, Jennifer Wilke.

Antioch Upper Grade School announced its honor roll for the fourth nine-week grading period of the 1986-87 school year.

Students on the high honor roll maintained a 3.5 grade point average out of four points, and had no grade lower than a "B"; those on the regular honor roll had no grade below a "C" and held a minimum 3.0 average.

Honor students are:

Eighth Grade - High Honors: Meghan Baker, Melissa Banks, Travis Bloom, Christopher Gluck, Jennifer Hagen, Keith Harms, Robert Hueckstoedl, Krista Johnson, Jennifer Lenz, Diane Oldenburger, Kenneth Paddock, Jon Parkman, Tina Reulbach, Matthew Stedl, Chris Tinton, Michael Warren, Brian Yasz.

Honors: Shannon Aker, Christopher Basemore, Aaron Bernau, Jeannette Bodenlos, Kelly Cartwright, Angel Cox, Jodi Davis, Jason DeBruhl, Melanie Desbiens, Jamie Edwards, Steven Gedville, Jennifer Holbo, Rodney Holmes, Anthony Kohler, Helen C. Karris, Helen J. Karris, Jennifer Lienhardt, Heather Lind, Daniel Mack, Marcy Meyer, Sally Mitchell, Jason Mondziejewski, Cynthia Moran, Susan Orzo, Carrie Patak, Nicole Rogers, Michelle Stams, Denise Tanyon, Kenneth Wisniewski, Theresa Witbrod, James Zemonek, Christopher Zoephel.

Seventh Grade - High Honors: Michael Bivona, Sheri Bash, Andrea Dydo, Jodi Eckert, Heather Edgel, Brett Erdmann, Heidi Heiselmann, Heather Jozalik, Christopher Kelly, Gina LaPlante, Casey Lasch, Brian Nelson, Eric Nelson, Rebecca Pasage, Phillip Rindlaub, Rebecca Robinson, Ryan Shuckhart, John Stedl, Christopher Valenziano.

Honors: Philip Baumunk, Brian Bolton, Jason Bonds, Crystal Cox, Jennifer Cullen, Patricia Eng, Jason Folbrink, Julie Forrest, Kathryn Fox, Katherine Glenn, Gregory Gunthorp, Andrew Haley, Amy Jester, Robert Koziorowski, Aaron Leitner, Brian Leitz, Michelle Maday, Jason McSorley, Dean Parkman, Anthony Rasin, Matthew Schlosser, Jonathan Schulz, Timothy Torkelsen, Janna Walsh, Dena Wenersten, Daniel Weston, Rhonda Zeman, Gregory Zalapi, Rebecca Zora.

Sixth Grade - High Honors: Lisa Albers, Charlotte Berger, Dana Bersie, Megan Bivona, Erica Boehm, Matthew Bogenschutz, Kara Cain, Mark Davidson, Jennifer Furrer, Natalie Gawnie, Keith Green, Lon Grohs, John Hartling, Carrie Holbo, Jason Killgrove, Adam Lips, Kimberly Patchak, Stephanie Patti, Paul Rusko, Stanley Sokolowski, Aaron Schmeisser, Kelly Seidler, Mark Simbrowsky, Dawn Smith, Jeri Soulak, Amy Yount.

Deans List

Rod Steiskal, son of Mr. and Mrs. Robert Steiskal of Antioch, is on the Carthage College deans and honors list for the spring 1987 term. Steiskal, a junior business administration, marketing and history major, is a graduate of Antioch Community High School.

Museum Dedication On July 18

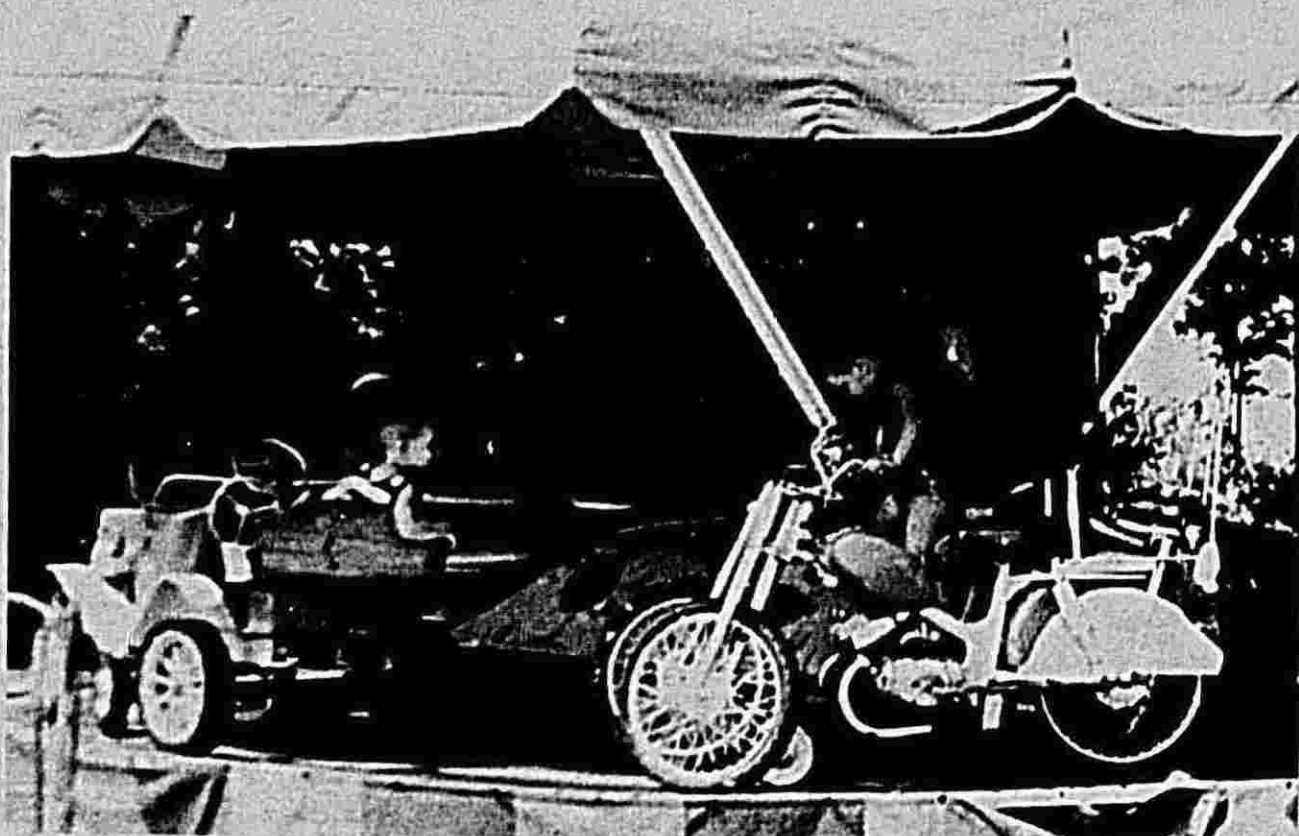

The Lakes Region Historical Society is preparing for the formal dedication and opening of the Lakes Region Historical Society Museum, located at the corner of Main and Depot Sts. in Antioch.

Festivities will be held Saturday, July 18, from 10 a.m. to 5 p.m. with formal dedication ceremonies at 11 a.m.

In the afternoon there will be demonstrations of crafts, such as quilting, that were a part of area ancestors' lives. Also being planned are an old-fashioned ice cream social as well as a "horse trading" booth where a piece of memorabilia from the Lakes area past may be traded for a souvenir of the occasion.

The traditional July 4 Open House will not be held this year due to preparations for the dedication.

Anyone who would like more information can join the Historical Society at its next meeting on Thursday, June 25 at 7:30 p.m. in the Brook Room of the State Bank of Antioch.

Going For A Ride

Youngsters enjoy one of many rides during Greek Festival. Three-day festival featured Greek food, games and rides to entertain residents. Festival was held off O'Plaine Rd.

New Scanner Improves Services At St. Therese

Acquisition of a new CAT scanner in the radiology department at Saint Therese Medical Center makes advanced diagnostic imaging available to Lake County residents.

"The Toshiba 600 S scanner is state-of-the-art in the field of computerized axial tomography (CT)," said Sister Veronica Marie Mikkelsen, S.Sp.S., director of radiology.

"It will enable the radiology department to produce images of the body with higher resolution and in a shorter period of time."

A CT scanner is basically an x-ray machine. During a scan, the patient lies on a table which slowly passes through a donut-shaped imager.

The imager emits x-ray beams which pass directly through the patient and are then picked up by detectors on the other side. Detectors gather information on the number of beams that

passed through at the various angles. Information is analyzed by a computer to form an image.

The image can either be stored on a floppy disc for future reference or be transferred onto film for viewing. The whole process takes approximately half an hour, and is painless.

In the future, additional software will enable the CT scanner at Saint Therese Medical Center to perform osteoporosis examinations. During such exams, bones are analyzed for calcium deficiencies.

Another addition planned for fall is a three-dimensional service. It will allow physicians to create a three-dimensional image of the body, which will be valuable for reconstruction as in the case of plastic surgery.

Services of the Saint Therese CT scanner provided exams to over 2,000 patients last year.

Phoenix Group

St. Dismas Phoenix Group for the separated, divorced and widowed will meet at 7:30 p.m. on Wednesday, July 8, in the Lourdes mobile classroom behind the church, 2600 Sunset, Waukegan. Dr. Leah Pendarvis of the College of Lake County will discuss "Beyond Endurance: When Relationships End." A \$3 donation is requested. For further information, call Joan at (312)244-7843.

Hospital Has Parking Service

The Medical Center of Lake County, Libertyville, has implemented a parking assistance service for visitors on crutches or in a wheelchair. Between 7 a.m. and 5 p.m. daily, visitors requiring assistance can pull up to a post-mounted speaker at the hospital's main entrance and push a button for service. Security personnel will park the car, issue a special parking ticket, and retain the keys at the front desk until the visitor is ready to depart. The vehicle will then be returned to the main entrance.

Search On For Driver In Hit and Run Tragedy

A Lindenhurst teenager remained in very critical condition in St. Therese Hospital June 22 after he was struck down by a hit and run driver.

Sheriff's Chief Willie Smith said that Van Bowyer, 15, of 326 S. Thornwood Dr., was riding his bicycle on Grand Ave. west of Grunee when he was hit.

Smith added that the county has received several calls on the possible driver, but none panned out.

He also noted that there's no new information on the case.

Bowyer, whose parents are Mr. and Mrs. Dean C. Bowyer, was riding his bike west on Grand along the white painted outer lane when he was hit from behind by a dark-colored pickup truck, police said.

Smith said that a witness spotted the truck hit Bowyer, then make a sharp U-turn across the raised median strip and flee east on

Grand.

The witness also noted that the driver appeared to be intoxicated and failed to check on the boy's welfare.

The driver is described as about 35 years-old, with dark, medium-length hair and possibly a mustache.

The truck, believed to be American-made, is either black or a very faded dark color and has a high, wood-stake bed behind the cab.

Anyone having information should contact Chief Smith or Corporal Dempsey Leith of the Sheriff's Dept. at 680-3550.

Wittum Returns To GCHS As Football Assistant

by STEVE PETERSON
Sports Editor

Grayslake Community High School has made a handful of coaching changes which school officials hope will stabilize athletics there.

Tom Wittum, who was head varsity coach before leaving to become an assistant at Carmel last fall, will return to coach Harold Jahnke's staff. Wittum stayed at GCHS as a teacher after leaving for Carmel. Wittum is a former all-pro

punter with the San Francisco 49ers and Northern Illinois University.

Also, former Carmel assistant Bill Johnson will come to Grayslake as an assistant to Jahnke. The former wrestling coach at Holy Cross will be a social studies teacher.

"That should give us one of the better staffs around," Grayslake Supt. Dr. Griff Powell said.

Another coaching move involved the basketball

program. Head coach Greg Groth will become a full-time teacher at Grayslake, teaching health. He was formerly a physical education teacher at Woodland Junior High in Gages Lake.

"Having contact with the kids throughout the day makes all the difference in the world. It's a major advantage," Powell said.

Powell said the school has been trying to move toward stabilization of its coaching staffs.

Sliding Hard

Grayslake Mohawks' Aaron Strain puts on hard slide in attempt to score run against Vernon Hills. Strain is one of team's leading hitters this year. Mohawks are closing out regular season and hoping for momentum for playoffs. — Photo by Steve Peterson.

Grayslake Colt Team Hopes Strong Hitting Continues

Grayslake's Colt baseball team will be looking for revenge and continued momentum when it travels to Gurnee June 25.

The Grayslake squad will be coming off a week in which it beat Waukegan I and II but lost to Lake Zurich. Grayslake beat Waukegan I 11-6 and Waukegan II 14-4 but lost to Lake Zurich 8-2. The team has a 5-9 record entering this week's action.

"The whole team has been hitting real well," manager Ron Woll said.

Grayslake boasts six

players with batting averages over .300. They are: Gary Hook, Pete LuPori, Dave Woll, Jim Cooney, Jim Neumann and Kim Hough.

Neumann hit for the cycle in a 11-6 win over Waukegan I and Dave Woll picked up the win in the five-inning win over Waukegan II.

Following the game at Gurnee, Grayslake hosts Zion June 28 before traveling to Antioch July 7.

"It's possible to be .500 but we haven't played Zion yet and they are leading their division. If we can win four

out of five games and finish at .500, it would be excellent," Woll said.

In other Lake County Colt League games last week, Round Lake defeated Waukegan I 11-10 in a slugfest while Gurnee beat Zion 13-3.

Girls Softball Squads Set Antioch Tourney

Antioch junior girls softball teams will compete in playoff action starting June 26.

In standings in division A for the nine through 12-year-old-group, State Bank of Antioch leads with an 8-2 record followed by Heath Construction at 7-3 and Lake Villa at 6-4.

In Division B, Flo's Beauty Salon has a 5-5 record to top the division; Thelon Sand And Gravel is at 4-6 and Pickard China at 0-10.

In games played last week, Heath beat Flo's 14-8; State Bank routed Pickard

35-2; Lake Villa topped Thelon 15-4; Flo's shutout Pickard 13-0; Heath clubbed Thelon 21-4 and State Bank beat Lake Villa 12-4.

In senior girls softball play, ages 13-15, McDonald's Restaurant is 4-3 and Here's The Scoop is 2-6.

In last week's results, Fanella of Fox Lake topped Here's The Scoop 26-9; McDonald's beat Fanella 12-9; Dairy Queen of Fox Lake beat Here's The Scoop 22-11 and here's The Scoop topped Jack Frost of Fox Lake 24-11.

Pick CLC's Campbell For All-Academic

Michael Campbell, a College of Lake County student athlete from Libertyville, has been named to the 1986-87 men's National Junior College Athletic Assn. Academic All American First Team.

Campbell, a straight A

student, was captain of the CLC cross country team for the past two years and represented CLC in the national championship in 1987.

Only 19 athletes from junior colleges across the country were named to the team.

Dug Out Park Has Tourney Openings

Dug Out Park in Trevor, WI, still has openings for its Old Style 16 inch softball tournament to be held June 26 and 27. The tourney is for teams class "B" and below. The entry fee is \$100. There will be trophies and \$400 traveling expense awarded for first place (based on 16 entries).

The next weekend, the park will be hosting the Firecracker 12 slow pitch tournament July 3-5. This

will be a double elimination tournament with an entry fee of \$100. Teams class "B" and below are invited to enter. Trophies and \$1,000 in traveling expense will be awarded to the top teams (based on 16 teams).

For more information, call Tom Furlan at (414) 862-9936 or (312) 395-5788. The park is located on Hwy. 83 two miles north of the Illinois-Wisconsin state line.

Blue Jays Earn Split, Shoot For .500 Record

Now, if the North Chicago Blue Jays can get a few breaks, then the expansion Shoreline League team could be looking at a .500 record midway through its season.

"Right now, that's our main objective is to get .500. The league is still wide-open and there is 15 games left," Blue Jays manager Darryl Bellow said.

The North Chicago team faces Highland Park in an away game June 25 before returning home to North Chicago Community High School to host Wauconda June 28. The Blue Jays entered this week's play with a 3-7 record.

"We're 3-7, but with a few breaks we could easily be 6-4," Bellow said.

Last week featured a win over the defending league champs Zion and some heavy-hitting in a win over Highland Park.

Against Zion, the Blue Jays won 8-3 behind an 11-hit attack. Pete Belke was the winning pitcher.

The Blue Jays then traveled to Highland Park only to lose a game when the team had earlier made a

comeback. Down 4-1, North Chicago rallied to tie the contest at 4-4. But Highland Park scored the winning run in the eighth inning on a wild pitch.

Highland Park then zapped North Chicago 12-2 in the first game of a doubleheader Sunday at NCCHS.

But the Blue Jays got quick revenge in the second game. After spotting Highland Park a 1-0 lead in the first inning, the Blue Jays needed just three more innings to knock off the Merchants 14-2.

Mark Stoffel led the way in the 17-hit attack with a three-for-four game. Pat Kelly was two-for-three with a home run. Mike Misceovich one-for-two with a homer. Rob Hiner two-for-two with two runs-batted in Dave Fadorwicz had two hits and two rbi's and Tim Granger had two hits and three rbi's.

North Chicago tied the game at 1-1 in their half of the first on an rbi single by Hiner.

In the second, the Blue Jays batted around. Steve Korn made it 2-1 with an rbi

single. Granger singled and later scored for a 3-1 lead. Misceovich then belted a two-run homer for a 5-1 lead and Kelly answered with a solo shot for a 6-1 advantage.

The seventh run scored when Hiner doubled and Stoffel singled him home for a 7-1 lead.

Offer Hoops Camp

Grayslake Community High School will be hosting a basketball camp this summer for area players who wish to tone their skills.

The camp will be for grades seven, eight and nine and will be offered July 6-10. Cost will be \$5 a person, \$7.50 including t-shirt.

Grayslake boys varsity basketball coach Greg Groth will conduct the camp.

Showing Determination

Grayslake Mohawks pitcher Alex Ortigosa fires pitch home during Mike's Memorial League game. Mohawks hit road for most games remaining on schedule, starting with contest at Palatine June 25. — Photo by Steve Peterson.

Challenge Swim Needs Backing

Businesses are encouraged to support a four-mile swim Aug. 29, receiving the chance to advertise in a nationwide publicity campaign.

Called the Fox Lake Challenge Four Mile Swim and involving some 125-150 swimmers, the event will extend from Korpan's Landing on Fox Lake to the bridge on Chapel Hill Rd. in Johnsburg.

Last year, the event drew 72 swimmers from across the Mid-West and the course has been chosen as the site of the 1988 national long distance swimming championships.

Businesses are invited to prepare advertising and send it along with bulk mailings to the athletes.

Challenge officials are also requesting a \$50 donation to support the race or some type of assistance that day.

Also needed are support boats on the race course to guide swimmers.

"We're real excited about it," said Mrs. David F. Usrey, who along with David and

Dr. Tom Frymark of Johnsburg organize the swim.

Mrs. Usrey noted that invitations are mailed to swimmers registered through master's swimming, a nationwide organization for people over age 24 who swim regularly.

Most of the invitations will go out at the end of June, Mrs. Usrey said.

Five major sponsors of the event are the Fox Lake Chamber, Korpan's Landing, Munson Marine, Ace Hardware of Fox Lake and Rip Tides.

Last year, the winning swimmer posted a time of one hour, 31 minutes.

Mrs. Usrey said that in 1988, the swim will also be the national long distance swimming championship. Each year, the site is moved and Fox Lake was chosen to host the '88 event.

For more information, call the Usreys at 587-1395.

Applications For New Marina Now Being Taken

The Illinois Dept. of Conservation will begin accepting applications for slips at the new North Point Marina on June 15, according to Gov. James Thompson. Applications for recreational and commercial slips will be accepted through the close of business on July 31, at which time a random number lottery will be held to award the slips to successful applicants.

The marina, which is being built by the Dept. of Conservation, will be located on 160 lakefront acres in the north part of Illinois Beach State Park. When complete, the facility will be the largest recreational small-craft harbor on the Great Lakes. The 1,420 recreational slips in the main harbor, plus 60 slips in the smaller commercial harbor for charter boats, is expected to help alleviate the growing need for recreational and commercial slips on Lake Michigan.

Each application must be accompanied by a \$200 certified check, cashiers check or money order. The fee is non-refundable and will be applied against the first year's slip rental fees. If an applicant is not successful in the lottery, he will be notified and be placed on a waiting list as determined by the lottery. Again, the deposit is held until the applicant receives a slip and the fee will be applied against the first year's slip rental fee.

Slips will range in size in five foot increments from 30 feet up to 60 feet. Boats requiring larger moorings can apply for end ties.

North Point Marina will open, in part, in the spring of 1989.

The marina, a \$36 million investment by the State of Illinois, will include an additional investment of more than \$14 million in private development and become a year-round lakeside resort. Construction plans include a marine center complete with fuel dock, mobile lift, maintenance and repair building, boat repair yard and dry boat storage facilities; a

high-quality restaurant and lounge; a yacht club; and a resort hotel and retail complex.

The Dept. of Conservation will manage the marina basin and lease the recreational boat slips. DOC will also manage the commercial basin, which will include mooring for commercial watercraft, 10 launching ramps with holding docks, accommodations for transient boats and provisions for shore and breakwater fishing.

In addition, the DOC will construct and manage a harbor administration center, restroom and shower

facilities, more than 5,000 feet of boardwalk promenade, a festival plaza area, hiking trails and picnic areas.

Applications for slips, along with instructions and yearly fee structure for Lake Michigan's newest boating facility, are now available at DOC's Region Two office in Spring Grove; at the Illinois Beach State Park office; at the DOC's Chicago office in the State of Illinois Center; at North Point Marina Offices, Bradley Center, 110 Sheridan Rd., Winthrop Harbor; or by writing North Point Marina, P.O. Box 872, Winthrop Harbor, 60096, telephone (312)746-2845.

Symbolic Road Closure Cites Need For Funds

Township road district commissioners throughout the state plan to symbolically close more than 71,000 miles of local roads Thursday, June 25.

Purpose is the call attention to unfair distribution of state funds to more than 1,400 Illinois townships and road districts. No traffic will actually be affected by the ceremonial closing.

Township highway commissioners are responsible for maintaining 53.5% of the state's total road miles, but receive only five-cents from each motor fuel tax dollar.

Counties are responsible for 16,600 miles and are paid 5.5-cents to Cook County and six-cents to the other 101 counties.

Municipal governments receive 16-cents in MFT dollars to maintain 21% of the state's total road miles.

Additionally, counties and

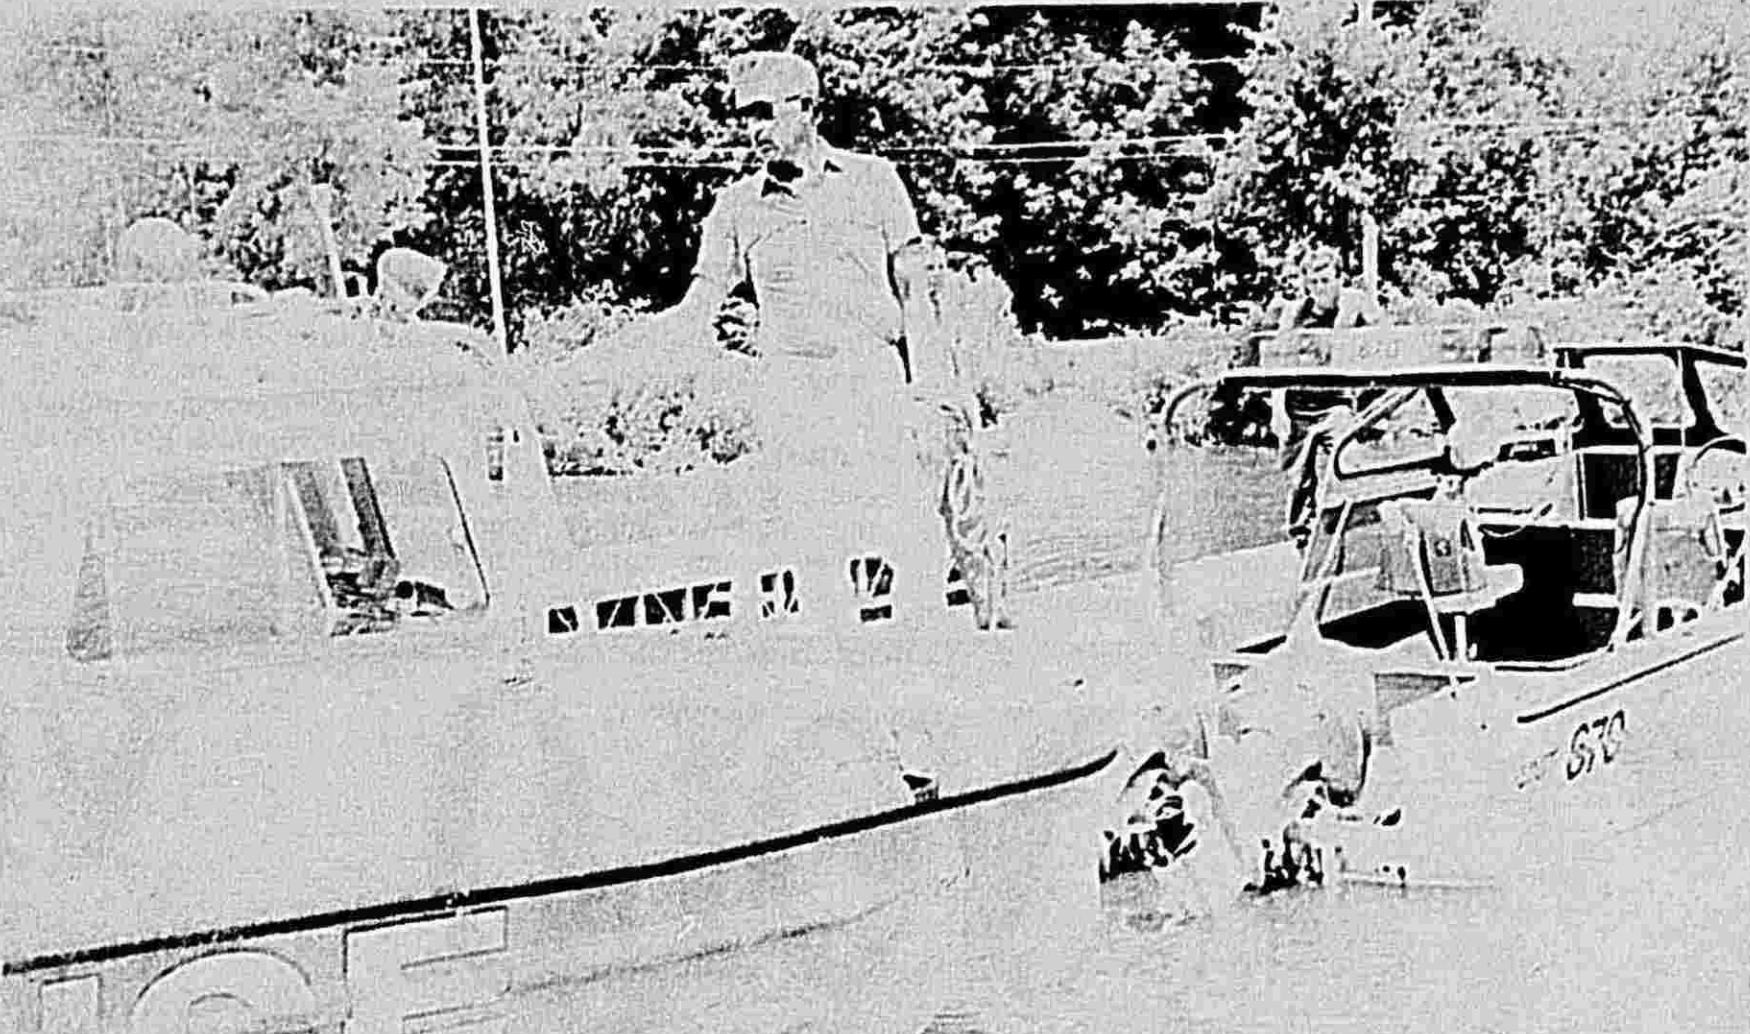

municipal governments receive state sales tax money and share one-twelfth of the state income tax. Only revenue most townships receive is from local real estate taxes.

One of the state's nearly 12,000 township bridges will also be closed that day as part of the protest demonstration.

The bridge closing will take place on the Lanesville Twp. road, 1000 East and 2875 North, on the Christian-Sangamon County Line near Springfield.

This statewide effort is not necessarily a statement of support for any tax increase. It does represent the townships' need for a fair share of added revenue.

Lake Villa Twp. is among those with roads ceremoniously closed, said Jim Semmerling, Road Dist. commissioner.

Water Guardian

Robert P. Trinski, Sr., chief of the sheriff's marine patrol unit, checks out equipment on the Lady Cop, acquired from the Village of Fox Lake in exchange for

a smaller boat. In the background is the new vessel added to the fleet of unit boats. Trinski, a veteran lawman, said that the unit spans a wide enforcement area, helping keep the waters safe for boaters.

IN ORDER TO WELCOME YOU AND YOUR FAMILY INTO OUR COMPREHENSIVE GENERAL DENTAL PRACTICE, PLEASE ACCEPT A 25% REDUCTION OF OUR FEES ON YOUR FIRST VISITS WHICH WILL INCLUDE A THOROUGH DENTAL CLEANING, EXAM AND X-RAYS. WE LOOK FORWARD TO MEETING YOU AND MAKING YOUR VISIT AS PLEASANT AS POSSIBLE.

Derby Fishermen Are Reeling In Winners

It's a long way until Labor Day, the end of the Chain O'Lakes Summer Fishing Derby, but eleven days into the 1987 contest, many tagged fish, worth money and prizes, had already been caught.

The Northern Illinois Conservation Club, sponsors of the derby, reported the following catches:

Michael A. Berry, bluegill caught on Loon Lake, OMC tracker fish finder; Michael Felze, bass, Pistakee Lake, \$25 cash; Joso Simunic, crappie, Spring Lake, \$25; Jack Grossman, bass, Loon Lake, \$50

gift certificate; Glen Guy, bluegill, Fox Lake, \$50 cash; Tony Eichberger, bluegill, Pistakee Lake, \$25 cash; Tom Vincent, bass, Pistakee Lake, \$25; Todeusz Kopacz, channel cat, Pistakee, \$50; Frank Tumimello, Jr., bass, Fox Lake, \$25; Richard Moeller, bass, W. Loon Lake, \$25; Don Longmire, bass, Pistakee Lake, \$25.

Joe Mazzucco, crappie, Spring Lake, \$25; Dale Schultz, bass, Channel Lake, three cases Coke products; Jason Schine, bass, Pistakee, three cases Coke products; Thomas Donat, bass, Pistakee, Coca Cola products; Mike Smith, bass, Pistakee, three Old Style beer; Delbert Ward, bluegill, Grass Lake, three cases beer; Anton Fisher, crappie, Pelite Lake, three cases beer; Anthony Eichberger, bass, Pistakee, three cases beer; William Kristan, bass, Channel Lake, \$25 cash; Stanley Gnasko, bluegill, Spring Lake, \$25; Ken Brennan, bass, Dunns Lake, \$25; Bob Milanec, bass, Lake Marie, \$25; Paul Runions, bass, Loon Lake, \$50.

Tom Friel, bass, Pistakee Lake, three cases Coca Cola products; Delbert Ward, bass, Fox Lake, \$25 cash, and bass, Dunns, \$25; Muriel Coarl, bluegill, Dunns Lake, \$50; David Kluth, bass, Spring Lake, OMC tracker fish finder; Chuck James, bass, \$25; Luther Watson, bass, Pistakee, \$50; Tom Evans, bass, Pistakee, \$25; Linda Casella, bass, Fox Lake, \$25; Tony Eichberger, bass, Pistakee Lake, \$25; Don Longmire, bass, Pistakee Lake, three cases Old Style beer.

ROCK TRACKS

By Rob Ferrus

Marianne Faithfull, ex-love interest of Mick Jagger, has just completed a new LP entitled, "Strange Weather," scheduled for a June 22 release. The first single in the United Kingdom and Europe will be her stunning remake of her 60s hit "As Tears Go By," written by Mick and Keith of The Stones. The video was directed by English Vogue photographer Terrence Donovan, who also directed Robert Palmer's stimulating "Addicted To Love" video.

Marianne has covered songs made famous by artists like Billy Holiday ("Yesterday"), and Dinah Washington ("A Stranger On Earth"). "Strange Weather" also features Dietrich-type tunes ("Boulevard Of Broken Dreams") and blues standards ("Love, Life & Money" and "Sign of Judgement"), as well as new songs "Strange Weather," written for her by Tom Waits and "Hello Stranger," co-written by Dr. John and Doc Pomus.

Whitney Houston's first album entitled "Whitney Houston" released in 1985, has met with so much global success that it is no surprise her second album has aroused so much curiosity and anticipation in the music industry. "Whitney" reunites the singer with the producers and directors who helped make her first album such a triumph. (It seems that she puts a lot into her lyrics but not much into album titles.)

Michael Walden, producer and co-writer of "How Will I Know," produced seven tracks, including the first single, "I Wanna Dance With Somebody (Who Loves Me)" and the album's only duet, "I Know Him So Well," on which Whitney shares vocals with Cissy Houston. Michael Maser, who produced and co-wrote the No.1 hits "Greatest Love Of All" and "Saving All My Love For You," played the same roles on the new LP's "Didn't We Almost Have It All" and "You're Still My Man."

Although a relative newcomer, Whitney has earned the respect of her colleagues evidenced by *Billboard* magazine naming her Artist of the Year in 1986 — a rare honor. ©1987, McNaught Synd.

Cubs Set Bicycle Rodeo

A bicycle rodeo and safety program will be held Saturday, June 20, by Cub Scout Pack 83 in the parking lot of Grant Community High School.

Set for 10 a.m. to 2 p.m., the event will be open to the public, said Connie Citro, an organizer.

Police will be on hand to register bikes and there will also be a course for bike safety and bike inspections made.

State Fair Cookout Champ To Get Trophy

Anyone who is a wizard with the Weber or who has a red-hot recipe for ribs, or whose steaks are scrumptious, should enter the Wisconsin State Fair Cookout Contest on Roundy's Food Day, Thursday, Aug. 13.

The contest, sponsored by the Wisconsin Beef Council, is open to any amateur 18 or over, and will begin at 8 a.m. in the Central Mall, rain or shine.

All contestants will receive free admission and a

parking pass for the Fair, plus a Wisconsin State Fair apron. The over-all champion will receive a trophy and a \$100 beef certificate.

Contestants will be judged on showmanship, eye appeal and final taste. All entries must be beef products, and pre-registration by July 30 is required.

Registration forms are available at Roundy's Food Stores statewide and at the Wisconsin State Fair Park Administration Building.

For further information on

the cookout contest, contact the Wisconsin State Fair Special Events Dept. at (414) 257-8817.

Grand Hotel Play Probes Affair

by LARRY WITTNEBERT
"Same Time Next Year," billed as a comedy in two acts at the Grand Hotel in Wauconda, will leave you absorbed in character interplay while offering occasional laughs.

The play, spanning a quarter century, sketches the stolen moments of two moorless souls trying to establish their identity through a tryst.

Character, George, is portrayed by Harry Bartlett, who has appeared in dinner-theatre productions in Richmond and at the Palette and Masque in Antioch.

Character, Colleen, is enacted by Colleen Jordan, appearing in "Angel Street"

and "Cat On a Hot Tin Roof."

From the play's opening, the duo proves without a doubt the wise old saying that "the unexamined life is not worth living."

Each probes their own identity through the illicit relationship, foundering at times into a sea of guilt and pathos, but grounded in their affection.

George professes his love for Doris from the start and never wavers much, although he moves from using fictitious names to more security in their relationship.

Doris, on the other hand, appears more secure in their relationship throughout the play. Both, however, share

Critic's Choice In... Lakeland

rocky moments such as the death of his son and wife, and the relationship flickers from time to time, but never dissolves.

Guilt riddles poor George and he repines that he's conscious-stricken, yet bobs to the surface with his continuous rationalizations.

Doris, on the other hand, is more level-headed and flexible, trying to calm her lover and maintain their affection.

Sharing draws them together, but it's a tragic sharing of their other lives. They tell of their families, ambitions, careers.

One of the funniest moments finds them meeting one year with her pregnant and him impotent. When she goes into labor, he calls the hospital and asks if erotic

contact could have brought it on.

Thus, their affair becomes frantic at times, then peaceful like a wind-blown weathervane.

Finally, when his wife dies, he asks her to marry him, but she declines. Still, they plan to continue their annual meetings, same time, next year.

Bartlett shows animated gestures through the play and makes excellent use of makeup.

Jordan, however, exhibits few signs of aging and is much more passive.

Both are good at showing the decline of intensity levels that goes from a youthful fling to serious affair.

All in all, catch the play because it offers top-quality entertainment.

Antiques Galore Coming To Lambs Farm Again

More than 100 antique dealers from throughout the midwest will display and sell a huge selection of jewelry, furniture, glassware and other fine collectibles from 9 a.m. to 5 p.m. at the Lambs' Antique Show and Sale on Sunday, July 19. The Lambs is located at the junction of I-94 and Rte. 176 in Libertyville.

Also featured that day will be the Libertyville Village Band, performing at 2 p.m. under the direction of conductor David Kubblank. Admission to the antique show and sale is \$2, with children under 12 free.

Visitors to The Lambs can also browse through The Lambs' Country Shops.

Check It Out! Lakeland Leisure

THEATER

The Young Division of the Jewish United Fund will sponsor a summer production of the Winnetka Community Theater featuring a private showing of "Bully," at 5 p.m., on Sunday, July 19. The one man show about Teddy Roosevelt will be held at the Winnetka Community House. Call (312) 444-7627 for more information.

The Tempo Players will be opening the 1987-88 season in September with their production of "The Front Page." Auditions for the comedy will be held on Monday, July 6 and Tuesday, July 7 at 7 p.m. at the Glendale Heights Sports Hub on Fullerton Ave. There are parts for 17 men and five women. For more information call (312) 345-0987 between 10 a.m. and 6 p.m.

Robin Thompson, celebrated Boston actress, is joining the cast of "Nunsense" at the Forum Theater on south Harleme Ave. in Chicago.

In other big city theatrical news, the Royal George Theater, on Halsted St., and Candelight Theater on Harlem are offering a July 4 holiday special on two tickets for the price of one for Chicago's biggest hit in years, "Little Shop of Horrors" and "Rags."

MUSIC

Through July 6, a coupon book sales campaign is underway to lower Ravinia seat prices 20 percent. Call RAVINIA.

There will be a big outdoor jam session at 2 p.m., on Sunday, June 28, at the Chassuer Restaurant, Barrington, held in a huge tent. Four bands will be featured, Jim Beebe's Chicago Jazz Band, the Wallace Burton Trio, Lee Roland's Big Band featuring Norvelle and the Dee King Trio. Call (312) 655-1161 for information.

The Fender Skirts will be at the Rosemont Horizon on Friday, June 19, from 5:30 to 7 p.m. followed by the Silver Dollar Band (country western) playing from 10 p.m. to midnight. Another country western band, Strait Southern will be playing on Saturday, from 2 to 6 p.m. and a two barbershop quartets will perform on Sunday, June 21, the Cartunes will perform from 5:30 to 6 p.m. and Bit-And Pieces, from 6 to 6:30 p.m.

At Poplar Creek, Tom Pety and the Heartbreakers with special guests Georgia Satellites and Del Fuegos will do their thing on Saturday, June 20 and on June 26, it will be the Bangles with special guest Hoodoo Gurus.

DINING — SPECIAL EVENTS

Join Familyfest Entertainment

Personalities from the WGN Radio family will join families from Chicago's northwest suburbs to help celebrate the second annual Wheeling Familyfest, July 1 through 5.

WGN Radio (720 AM) will participate in live broadcasts featuring Al Lerner and Ed Curran, the newest dynamic duo of Chicago radio.

A special appearance at Familyfest by WGN Radio morning star Bob Collins and new afternoon personality "Spike" O'Dell will also add to the fun of the Wheeling celebration, a combination of food, special events and fun for the whole family.

The popular Collins will introduce the singing group

the Buckinghamhs at 9:30 p.m. on Thursday, July 2. "Uncle Bobby" won't try

singing, but you can bet his friendly laugh and personality will entertain young and old," says Frank Hartford, chairman of the Wheeling Familyfest.

O'Dell, who is becoming a household name with WGN Radio listeners, will introduce 1950's nostalgia group Sha-Na-Na on Friday, July 3.

"Our participation in events like the Wheeling Familyfest offer radio listeners and WGN followers a chance to meet our personalities up-close and personal," says WGN Radio program director Dan Fabian.

Concert To Fete Jazz To Rock

The Zion Park Dist. presents "Concerts in the Park" on Thursday evenings at 7 p.m. throughout the summer, at the Zion Leisure Center.

The schedule of performances includes, on June 18, Ellen and the Dixieland Delight Jazz Band, a four-piece band playing traditional jazz through modern swing. On June 25, Tanya and the Country All-Stars will present their award-winning country western music; and on July 2, the female vocal trio Stardust will sing big band hits of the '30s, '40s and '50s.

On July 9, The Windy City Band, a female barbershop quartet and chorus, will perform.

The Studio Band of Local 284, a 17-piece big band playing everyone's favorites, will perform July 16, and on July 23 the Navy Band Great Lakes brass quintet Heritage will play jazz and top 40 hits.

On July 30, Ripe for the Pickin', a three-piece bluegrass, folk and swing band, will play, and on Aug. 6, Rave Up, a highly energetic band playing the hits of the '50s and '60s will be on stage.

The final concert on Aug. 13 will feature Holidaye, another Navy Band Great Lakes playing Top 40 and soft rock.

Food will be available at the concerts.

These concerts are partially supported by a grant from the Illinois Arts Council, the National Endowment for the Arts, and the Waukegan Area Arts Council, and are co-sponsored by Coca Cola Bottling Co. and the First Midwest Bank/Zion.

Skip The Jukebox

There won't be any need for a jukebox from July 9 through 12 in Round Lake Beach as it celebrates its 50th anniversary in grand style. The Association, with such hits as 'Never My Love,' 'Windy,' 'Cherish,' and 'Along Comes Mary' will

highlight the festival on Saturday, July 11 at 2 p.m. Other entertainment during the four-day festival will include Shadows of Knight, the Diamonds, and Jeanne C. Riley.

Cedar Inn, New Dining Mecca For Fine Food, Imported Libation

by GLORIA DAVIS

If one takes a building erected in 1860 as a boarding house often used by transient ice cutters, a sizeable monetary investment, a lot of elbow grease and hard work, and then hires a chef with culinary credits extraordinary, a new restaurant of the caliber of the Cedar Inn in Camp Lake, Wis. could be the result.

That's what realtors Klaus D. Bark and Tom Koenecke did and the result in their case is that they have the hottest new restaurant in western Kenosha County, according to the local dining hotline.

For years, the building in downtown Camp Lake has been used to house local saloons that carried a multitude of different labels, the most recent, The Red Dog Saloon.

Past patrons will hardly believe the architectural changes that have taken place since Bark and Koenecke took pencil and paper and hammer and nail to the building in question.

The building has been completely gutted and refurbished inside and out with part of it housing real estate offices and the rest a new dining spa. The only actual addition can be found in the extremely spacious deck that surrounds the building on three sides.

Warm, glowing wood, both cedar and oak, adorns the inside walls, hence the establishment's name. The restaurant's logo has been taken from the beautifully done wooden sunburst that adorns the brick fireplace in the dining room.

The circle is completed by the unusual half moon bar, custom designed and built of golden oak.

Leaded glass is also a major part of the decor, from the lighted stained glass ceiling over the bar, to the Tiffany chandeliers and the matching colorful glass inserts throughout.

At present the diningroom seats 48, the bar 25 but soon the restaurant's seating capacity will be greatly expanded when diners will be

seated on the deck if they wish.

The chef and general overseer are Ron Hisey and his wife Charisse, neither a stranger to the food service business.

Ron comes to the Cedar Inn from the well-reputed gourmet restaurant, Trumps, in the Sheraton in Racine, bringing with him the culinary expertise that restaurant is famous for.

The widely varied menu features American cuisine with the list of available seafoods as long as that featuring meat and fowl.

At present the Cedar Inn has four specialties, barbequed baby back-ribs, roast duck, prime rib and an outstanding stock of Pilsner beers.

The choosing of the beers served at the Cedar Inn falls also under the expertise of Chef Ron (who brews beer privately). He sees to it that there is always a complete range of Pilsner beers imported from (Continued on Page 6)

Old Time Trolley Rides Unusual Treat At Fair

On Saturday, June 27, from 11 a.m. to 9 p.m. at the Fox River Trolley Museum on Rte. 31 in South Elgin, the Electric Railroad Fair will be held. Spend a fun-filled day in the

Fox Valley at the eighth annual Electric Railroad Fair.

This year's Trolley Fest is combined with the South Elgin Community Picnic. Sponsored by the museum and the South Elgin Jaycees, this year's fair will be the biggest and best ever!

Take a relaxing trip to yester-year on the Fox River Line. Sit back in a vintage trolley car and enjoy the beautiful riverfront scenery and the lush forest through which the line passes.

Ride in an old time railroad caboose or mail a postcard from the streetcar post office.

This year's Trolley Fest will also feature: trolley rides and hand car rides all day along the Fox River; food and drink tent-live music and entertainment; kiddie rides and midway attractions; craft show, flea market, model train and historical displays and the Electric Railroad Theatre presented by the Railroad Club of Chicago.

Admission to the grounds is free! All-day passes for trolley rides are available for \$8 for unlimited rides on all trolleys. Single ride tickets will be on sale for \$2 for adults and children 12 and over, children aged three to 11 are \$1. Children under three are free.

The Fox River Line operates Saturdays and Sundays during July and August, and Sundays only after Labor Day until the last Sunday in October.

The museum is located on Illinois Rte. 31, three blocks south of State St. in South Elgin.

Fox River Line is an Illinois not-for-profit corporation.

Little Vito & Torpedoes To Raise 'Med' Monies

Northern Illinois Medical Center's Employee Activity Committee is sponsoring "Summer Stardust," a 1950's and 1960' rock-n-roll dance benefit for the NIMC Foundation.

Little Vito and the Torpedoes, described by one music critic as customizers who tinker with the meter, the breaks, the solos and the harmonies to create something that ultimately comes out as "rich as a large piece of German chocolate cake," will entertain in costume for three sets.

Said one fan, "They are every bit as good to listen to as to dance with. Anyone who doesn't want to dance can sit and listen and still have a good time!"

Those interested in rocking and rolling with Little Vito and the Torpedoes should call (815) 344-5927, extension 4000, for ticket information or should send a ticket order to: Northern Illinois Medical Center, 4201 Medical Center Dr., McHenry, IL 60050, to the attention of the Foundation office.

Show time is 8:30 p.m., Saturday, July 11, at the Tamara Royale, Rte. 31 and Shamrock Ln., McHenry. The \$10 per person tickets provide snacks and entertainment.

In the group are: guitarist Chico Lamba, bassist Tom "T-Bird" McCarty, Slick Matthews on keyboards, Joni Vee on vocals and Vito Staccato on drums. Matthews is known for his keyboard which is tucked inside the grille of a 1965 Mustang. Vee keeps the audience alert by making several dazzling costume changes during the evening, one of which is an orange-red party dress.

McCarty says that the group knows about one hundred songs. They have reached the point at which if a song is called out, they can sing it. They play five nights a week in the southern Wisconsin area, and they have performed with Del Shannon, Chubby Checker, Gary Lewis and the Playboys, and with Tom Wopat of "The Dukes of Hazards."

They have managed to secure as fans some national acts, including the "Monkeys" who

recently went to see Little Vito after they had completed their own performance and "Manhattan Transfer."

Although they did tour the Mid-west for a couple of years, they are now performing close-to home because travel took such a toll on their personal lives. They are working on a recording which will include some songs of their own.

Madison Magazine describes Little Vito and the Torpedoes as a dynamite dance band that is also good for sitters. It is a high octane show, a blend of fifties nostalgia and originals but always with an emphasis on good old rock-n-roll.

Said Matthews of the band, "The truth is we enjoy our audiences as much as they enjoy us. The atmosphere is as if we'd just invited 300 of our best friends to come out and party."

They have been given the labels of "Best Dance Band," "five star," and "class act." Shirley Dawson of WHIT-WWQM/FM radio wrote them after a performance to say, "Your group is extremely professional. Your music top-rate. Your state presence A-1."

Proceeds from the event will go to the Northern Illinois Medical Center Foundation which is headed up at NIMC by Bob Blazier. It is the responsibility of Blazier and his staff to see that funds coming into the foundation are channeled into areas of need at the medical center.

One of the greatest assets a health care facility can have is a significant group of friends who believe in its mission and help to provide for its future. A fundraiser such as this one allows NIMC to reward those who take part by giving them an evening of fun and entertainment in exchange for their donation.

For anyone wishing to become further involved in the foundation a call may be made to Bob Blazier at (815) 344-5000, extension 3288. Commitments of time and talent may be made as well as funding.

Show New Forest Exhibits

Lake County Forest Preserve District President Donald Strenger announced that the Lake County Museum has several new exhibits that have been unveiled.

"America in a Postcard Mirror" consists of many images from the museum's Curt Teich postcard collection along with related artifacts from the museum's collections. The exhibit conveys attitudes and in-

terests of Americans during the 20th century.

The Victorian Village is made up of three storefront exhibits which house a toy shop, a gunsmith and a general store.

An exhibit on Indian Trail

trees in Lake County and one on pre-settlement vegetation in the county were also unveiled.

A corner exhibit discusses various printing processes used by the Curt Teich Co. in the production of postcards.

Old Time Trolley Rides Unusual Treat At Fair

On Saturday, June 27, from 11 a.m. to 9 p.m. at the Fox River Trolley Museum on Rte. 31 in South Elgin, the Electric Railroad Fair will be held. Spend a fun-filled day in the

Fox Valley at the eighth annual Electric Railroad Fair.

This year's Trolley Fest is combined with the South Elgin Community Picnic. Sponsored by the museum and the South Elgin Jaycees, this year's fair will be the biggest and best ever!

Take a relaxing trip to yester-year on the Fox River Line. Sit back in a vintage trolley car and enjoy the beautiful riverfront scenery and the lush forest through which the line passes.

Ride in an old time railroad caboose or mail a postcard from the streetcar post office.

This year's Trolley Fest will also feature: trolley rides and hand car rides all day along the Fox River; food and drink tent-live music and entertainment; kiddie rides and midway attractions; craft show, flea market, model train and historical displays and the Electric Railroad Theatre presented by the Railroad Club of Chicago.

Admission to the grounds is free! All-day passes for trolley rides are available for \$8 for unlimited rides on all trolleys. Single ride tickets will be on sale for \$2 for adults and children 12 and over, children aged three to 11 are \$1. Children under three are free.

The Fox River Line operates Saturdays and Sundays during July and August, and Sundays only after Labor Day until the last Sunday in October.

The museum is located on Illinois Rte. 31, three blocks south of State St. in South Elgin.

Fox River Line is an Illinois not-for-profit corporation.

Little Vito & Torpedoes To Raise 'Med' Monies

Northern Illinois Medical Center's Employee Activity Committee is sponsoring "Summer Stardust," a 1950's and 1960' rock-n-roll dance benefit for the NIMC Foundation.

Little Vito and the Torpedoes, described by one music critic as customizers who tinker with the meter, the breaks, the solos and the harmonies to create something that ultimately comes out as "rich as a large piece of German chocolate cake," will entertain in costume for three sets.

Said one fan, "They are every bit as good to listen to as to dance with. Anyone who doesn't want to dance can sit and listen and still have a good time!"

Those interested in rocking and rolling with Little Vito and the Torpedoes should call (815) 344-5927, extension 4000, for ticket information or should send a ticket order to: Northern Illinois Medical Center, 4201 Medical Center Dr., McHenry, IL 60050, to the attention of the Foundation office.

Show time is 8:30 p.m., Saturday, July 11, at the Tamara Royale, Rte. 31 and Shamrock Ln., McHenry. The \$10 per person tickets provide snacks and entertainment.

In the group are: guitarist Chico Lamba, bassist Tom "T-Bird" McCarty, Slick Matthews on keyboards, Joni Vee on vocals and Vito Staccato on drums. Matthews is known for his keyboard which is tucked inside the grille of a 1965 Mustang. Vee keeps the audience alert by making several dazzling costume changes during the evening, one of which is an orange-red party dress.

McCarty says that the group knows about one hundred songs. They have reached the point at which if a song is called out, they can sing it. They play five nights a week in the southern Wisconsin area, and they have performed with Del Shannon, Chubby Checker, Gary Lewis and the Playboys, and with Tom Wopat of "The Dukes of Hazards."

They have managed to secure as fans some national acts, including the "Monkeys" who

recently went to see Little Vito after they had completed their own performance and "Manhattan Transfer."

Although they did tour the Mid-west for a couple of years, they are now performing close-to home because travel took such a toll on their personal lives. They are working on a recording which will include some songs of their own.

Madison Magazine describes Little Vito and the Torpedoes as a dynamite dance band that is also good for sitters. It is a high octane show, a blend of fifties nostalgia and originals but always with an emphasis on good old rock-n-roll.

Said Matthews of the band, "The truth is we enjoy our audiences as much as they enjoy us. The atmosphere is as if we'd just invited 300 of our best friends to come out and party."

They have been given the labels of "Best Dance Band," "five star," and "class act." Shirley Dawson of WHIT-WWQM/FM radio wrote them after a performance to say, "Your group is extremely professional. Your music top-rate. Your state presence A-1."

Proceeds from the event will go to the Northern Illinois Medical Center Foundation which is headed up at NIMC by Bob Blazier. It is the responsibility of Blazier and his staff to see that funds coming into the foundation are channeled into areas of need at the medical center.

One of the greatest assets a health care facility can have is a significant group of friends who believe in its mission and help to provide for its future. A fundraiser such as this one allows NIMC to reward those who take part by giving them an evening of fun and entertainment in exchange for their donation.

For anyone wishing to become further involved in the foundation a call may be made to Bob Blazier at (815) 344-5000, extension 3288. Commitments of time and talent may be made as well as funding.

Show New Forest Exhibits

Lake County Forest Preserve District President Donald Strenger announced that the Lake County Museum has several new exhibits that have been unveiled.

"America in a Postcard Mirror" consists of many images from the museum's Curt Teich postcard collection along with related artifacts from the museum's collections. The exhibit conveys attitudes and in-

terests of Americans during the 20th century.

The Victorian Village is made up of three storefront exhibits which house a toy shop, a gunsmith and a general store.

An exhibit on Indian Trail

trees in Lake County and one on pre-settlement vegetation in the county were also unveiled.

A corner exhibit discusses various printing processes used by the Curt Teich Co. in the production of postcards.

—LEGAL—
ORDINANCE 87-06-24

AN ORDINANCE REGULATING THE USE OF PUBLIC AND PRIVATE SEWERS AND DRAINS, PRIVATE SEWAGE DISPOSAL, THE INSTALLATION AND CONNECTION OF BUILDING SEWER, AND THE DISCHARGE OF WASTES AND WASTES INTO THE PUBLIC SEWAGE SYSTEM OF THE VILLAGE OF ROUND LAKE BEACH IN THE STATE OF ILLINOIS.

BE IT ORDAINED AND ENACTED BY THE VILLAGE BOARD OF ROUND LAKE, STATE OF ILLINOIS AS FOLLOWS:

SECTION I: DEFINITIONS

Unless the context specifically indicates otherwise, the meaning of terms used in this ordinance shall be as follows:

- (1) "Village"—The Village of Round Lake Beach, a political subdivision of the State of Illinois.
- (2) "Superintendent of Public Works or duly authorized representative of the Village."
- (3) "Ordinance"—Means this ordinance.
- (4) "Federal Act"—The Federal Water Pollution Control Act (33 U.S.C. 1251 et seq) as amended by the Federal Water Pollution Control Act Amendments of 1972 (Public Law 92-500 and Public Law 93-243) or the Clean Water Act of 1977 (Public Law 95-217).
- (5) "State Act"—The Illinois Environmental Protection Act effective July 1, 1970 (Illinois Revised Statutes, Chapter 111 1/2, Section 1001-1051).
- (6) "Person"—Any and all persons, natural and artificial including any individual, firm, company, public or private corporation, association, society, institution, enterprise, governmental agency of other entity.
- (7) "Shall"—means mandatory; "May"—means permissive.
- (8) "BOD"—Biochemical oxygen demand which is defined as the quantity of oxygen used in the biochemical oxidation of organic matter in five (5) days at 20 degrees C., determined by standard laboratory test procedures and expressed in mg/l.
- (9) "Building Drain"—The part of the lowest piping of a drainage system which receives the discharge from soil, waste, and other drainage pipes inside the walls of a building and conveys it to the building sewer or other approved point of discharge, beginning five (5) feet (1.4 meters) outside the inner face of the building wall.
- (10) "Building Sewer"—The extension from the building drain to the public sewer or other place of disposal.
- (11) "Control Manhole"—A structure specifically designed and constructed for sampling and metering industrial wastes discharged to a public sewer.
- (12) "Easement"—An acquired legal right for the specific use of land owned by others.
- (13) "Garbage"—Solid wastes from the domestic and commercial preparation, cooking, and dispensing of food, and from the handling, storage and sale of produce.
- (14) "Properly Shredded Garbage"—Garbage that has been shredded to such a degree that all particles will be carried freely under the flow conditions normally prevailing in public sewers, with no particle greater than one-half (1/2) inch (1.27 centimeters) in any dimension.
- (15) "Industrial User"—
 - (a) For the purpose of industrial cost recovery, any nongovernmental, nonresidential user of publicly owned sewerage works which discharges more than the equivalent of 25,000 gallons per day (gpd) of sanitary wastes and which is identified in the Standard Industrial Classification Manual, 1972, Office of Management and Budget, as amended and supplemented, under one of the following divisions:
 - Division A-Agriculture, Forestry, and Fishing
 - Division B-Mining
 - Division D-Manufacturing
 - Division E-Transportation, Communications, Electric, Gas and Sanitary Services
 - Division I-Services
 - (b) In determining the amount of a user's discharge for purposes of industrial cost recovery, the Village will exclude domestic wastes or discharges from sanitary conveniences. After applying the sanitary waste exclusion of this paragraph, discharges in the above divisions that have a volume exceeding 25,000 gpd or the weight of BOD or suspended solids equivalent to that weight found in 25,000 gpd of sanitary waste are considered industrial users. Sanitary wastes, for purposes of this calculation of equivalency, are wastes containing 0.17 pounds of BOD and 0.20 pounds of suspended solids per 100 gallons of wastewater per day.
 - (c) Any nongovernmental user of a publicly owned treatment works which discharges wastewater to the treatment works which contains toxic pollutants or poisonous solids, liquids, or gases in sufficient quantity either singly or by interaction with other wastes, to contaminate the sludge of any municipal systems or to injure or to interfere with any sewage treatment process, or which constitutes a hazard to humans or animals, creates a public nuisance, or creates any hazard in or has an adverse effect on the waters receiving any discharge from the treatment works.
 - (d) For the purpose of user charges, industrial users shall include manufacturing activities involving the mechanical or chemical transformation of materials or substances into other products. These activities occur in establishments usually described as plants, factories, or mills, and characteristically use power driven machines and material handling equipment.
- (16) "Industrial Waste"—The wastewater discharged, permitted to flow, or escaping from any industrial, manufacturing, commercial or business establishment or process, or from the development, recovery of processing of any natural recovery or processing of any natural resource as distinct from employees' waste or wastewater from sanitary conveniences.
- (17) "Major Contributing Industry"—An industrial user that has a flow of 50,000 gallons or more per average work day, or has a flow greater than ten percent of the flow carried by the sewerage works receiving the waste, or has in its waste a toxic pollutant in toxic amounts as defined in standards issued under Section 307 (a) of the Federal Act, or is found by the permit issuance authority, in connection with the issuance of the NPDES permit to the publicly owned treatment works receiving the waste, to have significant impact, either singly or in combination with other contributing industries, on that treatment works on upon the quality of effluent from the treatment works.
- (18) "mg/l"—Means milligrams per liter.
- (19) "Natural Outlet"—Any outlet into a watercourse, pond, ditch, lake or other body of surface water.
- (20) "NPDES Permit"—means any permit or equivalent document to regulate the discharge of pollutants pursuant to Section 402 of the Federal Act.
- (21) "pH"—The logarithm (base 10) of the reciprocal of the hydrogen-ion concentration expressed in gram molecular weight (moles) per liter.
- (22) "Phosphorus"—The total concentration of orthophosphate, polyphosphates and organic phosphorus compounds in wastewater, the quantity of which is determined by standard laboratory test procedures and expressed in mg/l of elemental phosphorus.
- (23) "Population Equivalent"—A term used to evaluate the impact of industrial or other wastes on a treatment works or stream. One population equivalent is 100 gallons of sewage per day, containing 0.17 pounds of BOD and 0.20 pounds of suspended solids.
- (24) "Pretreatment"—The treatment of wastewaters from sources before discharge into the public sewer.
- (25) "Public Sewer"—A sewer in which all owners of abutting properties have equal rights of connection and use, and is operated, maintained and controlled by the Village or other public agencies.
- (26) "Residential, Commercial, or Non-industrial User"—Any user of the sewerage works not classified as an industrial user or excluded as an industrial users.
- (27) "Residential Customer Equivalent"—A term used as a basis of billing for sewage collection and treatment service which is equivalent to single-family residential user with an average sewage load 2 1/2 times that of a "Population Equivalent".
- (28) "Sanitary Sewer"—A sewer that conveys sewage and polluted industrial wastes, and to which stormwater, surface drainage, groundwater or unpolluted wastewater are not intentionally admitted.
- (29) "Sewage"—A combination of wastewater from residential, commercial, industrial and institutional buildings together with such groundwater infiltration and surface water inflow that may be in the sewers.
- (30) "Sewage Treatment Plant"—An arrangement of devices, structures and processes for the treating and disposing of sewage.
- (31) "Sewerage System"—All facilities of the Village for collecting, pumping, treating and disposing of sewage and industrial wastes.
- (32) "Slug"—Any discharge of sewage, industrial waste or other wastewater which in concentration of any given constituent or in quantity of flow exceeds, for any period of duration longer than fifteen (15) minutes, more than five (5) times and average twenty-four (24) hour concentration or quantity during normal operating conditions.
- (33) "Storm Sewer" or "Storm Drain"—A sewer that conveys stormwater runoff and surface water drainage, but excludes sewage and polluted industrial wastes.
- (34) "Stormwater Runoff"—That portion of precipitation which is not absorbed into the ground and which is drained from the ground surface to a natural outlet or watercourse.
- (35) "Suspended Solids"—Solids that either float on the surface of, or are in suspension in water, sewage, industrial wastes, or other wastewater; the quantity of which is determined by standard laboratory filtering test procedures and referred to as non-filterable residue and expressed in mg/l.
- (36) "Unpolluted Wastewater"—Wastewater that would not cause any violation of water quality standards of the Water Pollution Regulations of Illinois when discharged to a natural outlet or watercourse.
- (37) "Wastewater"—The wastewater from any domestic, commercial, industrial and institutional uses.
- (38) "Watercourse"—Any stream, creek, brook, branch, natural or artificial depression, slough, gulch, ditch, reservoir, lake, pond, or other natural or manmade drainageway in or into which stormwater runoff and surface water drainage flow either

continuously or intermittently.

SECTION II: USE OF PUBLIC SEWERS REQUIRED

(1) It shall be unlawful for any person to place, deposit or permit to be deposited in any unsanitary manner on public or private property within any area under the jurisdiction of the Village, any human or animal excrement, garbage or other objectionable waste.

(2) It shall be unlawful to discharge to any natural outlet or water course within any area under the jurisdiction of the Village, any sewage or other polluted waters, except where suitable treatment has been provided in accordance with subsequent provisions of this ordinance.

(3) Except as hereinafter provided, and subject of the provisions of article V of the County Board of Health Ordinance, it shall be unlawful to construct or maintain any privy, privy vault, septic tank, cesspool, or other facility intended or used for the disposal of sewage.

(4) The owner of all houses, buildings, or properties used for human occupancy, employment, recreation, or other purposes situated within the county and abutting on any street, alley or right-of-way in which there is now located or may in the future be located any public sanitary sewer of the Village, is hereby required at his expense to install suitable toilet facilities therein, and to connect such facilities directly with the public sanitary sewer in accordance with the provisions of this ordinance, within ninety (90) days after date of official notice to do so, provided that said sewer is within 300 feet of the property line.

SECTION 3: PRIVATE SEWAGE DISPOSAL

(1) Where a public sanitary sewer is not available under the Section II (4), the building sewer shall be connected to a private sewage disposal system complying with the provisions of this Section.

(2) Before commencement of construction of a private sewage disposal system, the owner shall first obtain a written permit signed by Health Officer. The application for such permit shall be made on a form furnished by the County Health Department which the applicant shall supplement by any plans, specifications and other information as are deemed necessary by the Health Officer. A permit and inspection fee as required shall be paid at the time the application is filed.

(3) A permit for a private sewage disposal system shall not become effective until the installation is completed to the satisfaction of the Health Officer. He shall be allowed to inspect the work at any stage of construction and, in any event, the applicant for the permit shall notify the Health Officer when the work is ready for final inspection, and before any underground portions are covered. The inspection shall be made within 48 hours of the receipt of written notice by the Health Officer.

(4) The type, capacities, location, and layout of a private sewage disposal system shall comply with all recommendations of the County Board Health Ordinance. No septic tank or cesspool shall be permitted to discharge to any natural outlet or watercourse.

(5) The owner shall operate and maintain the private sewage disposal facilities in a sanitary manner at all times, and at no expense to the Village.

(6) At such times as a public sanitary sewer becomes available to a property served by a private sewage disposal system, as provided in Section II (4), the building sewer shall be connected to said sewer within ninety (90) days and the private sewage disposal system shall be cleaned of sludge and filled with sand or gravel.

(7) No statement contained in this Section shall be construed to interfere with any additional requirements that may be imposed by the building or zoning authority having jurisdiction over said property.

SECTION IV: BUILDING SEWERS AND CONNECTIONS

(1) No unauthorized person shall uncover, make any connections with, or opening into, use, alter, or disturb any public sewer or appurtenance thereof without first obtaining a written permit from the Superintendent.

(2) It shall be unlawful to discharge wastewater to any public sanitary sewer except those wastewaters in compliance with standards promulgated pursuant to the Federal Act, the State Act, or any rules, regulations, ordinances or standards of the Village.

(3) The owner of a building or his agent shall make application for permit on a special form furnished by the Village. The permit application shall be supplemented by any plans, specifications, or other information considered pertinent in the judgment of the Superintendent. An industry, as a condition of permit authorization, must provide information describing its wastewater constituents, characteristics, and type of activity.

(4) A building sewer permit will only be issued and a sewer connection shall only be allowed if it can be demonstrated that the downstream sewer system, including sewers, pump stations and wastewater treatment facilities, have sufficient reserve capacity to adequately and efficiently handle the additional anticipated waste load.

(5) All costs and expense incident to the installation and connection of the building sewer shall be borne by the owner. The person installing the building sewer for said owner shall be a plumber or sewer contractor and he shall indemnify the Village from any loss or damage that may directly or indirectly be occasioned by said installation.

(6) A separate and independent building sewer shall be provided for every building; except where one building stands at the rear of another on an interior lot and no private sewer is available or can be constructed to the rear building through an adjoining alley, court, yard, or driveway, the building sewer from the front building may be extended to the rear building and the whole considered as one building sewer.

(7) Old building sewers may be used in connection with new building only when they are found on examination and test by the Superintendent to meet all requirements of this ordinance.

(8) Building sewers shall be constructed in accordance with Village standards.

(9) Whenever possible, the building sewer shall be brought to the building at an elevation below the basement floor. In all buildings in which any building drain is too low to permit gravity flow to the public sewer, sanitary sewage carried by such building drain shall be lifted by means which is approved in accordance with Section IV (2), and discharged to the building sewer.

(10) No person(s) shall make connection of roof downspouts, exterior foundation drains, areaway drains, or other sources of surface runoff or groundwater to a building sewer or building drain which in turn is connected directly or indirectly to a public sanitary sewer.

SECTION V: USE OF THE PUBLIC SEWERS

(1) No person shall discharge, or cause to be discharged, any stormwater, surface water, groundwater, roof runoff, subsurface drainage, uncontaminated cooling water, or unpolluted industrial process waters to any public sanitary sewer.

(2) Stormwater and all other unpolluted drainage shall be discharged to storm sewers or to a natural outlet approved by the Superintendent. Industrial cooling water or unpolluted process waters may be discharged upon approval of the Superintendent, to a storm sewer or natural outlet.

(3) No person shall discharge or cause to be discharged to a public sanitary sewer the following described substances, materials, waters, or wastes if it appears likely in the opinion of the Superintendent that such waters or wastes can harm either the sewers, sewage treatment process, or equipment; have an adverse effect on the receiving stream; or can otherwise endanger life, limb, public property, or constitute a nuisance. In forming his opinion as to the acceptability of these wastes, the Superintendent will give consideration to such factors as the quantities of such waters of waste in relation to flows and velocities in the sewers, materials or construction of the sewers, nature of the sewage treatment process, capacity of the sewage treatment plant, and maximum limits established by regulatory agencies. The substance prohibited are:

(a) Any gasoline, benzene, naphtha, fuel oil, or other flammable or explosive liquid, solid, or gas.

(b) Any waters or wastes containing toxic or poisonous solids, liquids, or gases in sufficient quantity, either singly or by interaction with other wastes, to injure or interfere with any sewage treatment process, constitute a hazard to humans or animals, create a public nuisance, or create any hazard in the receiving waters of the sewage treatment plant.

(c) Any waters or wastes having a pH lower than 5.5 or higher than 9.5, or having any other corrosive property capable of causing damage or hazard to structures, equipment, and personnel of the sewerage works.

(d) Solid or viscous substance in quantities or of such size capable of causing obstruction to the flow in sewers, or other interference with the proper operation of the sewerage system such as, but not limited to, ashes, cinders, sand, mud, straw, shavings, metal, glass, rags, feathers, tar, plastics, woods, whole blood, paunch, manure, hair and fleshings, entrails and paper dishes, cups, and milk containers either whole or ground by garbage grinders.

(e) Any liquid or vapor having a temperature higher than one hundred fifty degrees Fahrenheit (150).

(f) Oils, whether emulsified or not, in excess of one hundred (100) mg/l or containing substances which may solidify or become viscous at temperatures between thirty-two (32) and one hundred fifty degrees Fahrenheit (150F), (0 and 65 C.).

(g) Any garbage that has not been properly shredded. The installation and operation of any garbage grinder equipped with a motor of three-fourth (3/4) horsepower (0.76 hp metric) or greater shall be subject to the review and approval of the Superintendent.

(h) Any waters or wastes containing strong acid, iron pickling wastes, or concentrated plating solutions whether neutralized or not.

(i) Any waters or wastes containing phenols or other taste order-producing substances, in such concentrations exceeding limits which may be established by the Village as necessary after treatment of the composite sewage, to meet the requirements of the State, Federal or other public agencies of jurisdiction for such discharge to the receiving waters.

(j) Any waters or wastes having a pH in excess of 9.5.

(k) Any water or wastes containing substances exceeding the following maximum concentrations of pollutants:

POLLUTANT	MAXIMUM CONCENTRATION	POLLUTANT	MAXIMUM CONCENTRATION
5-day BOD	300 mg/l	Iron	10.0 mg/l
Total Suspended Solids	350 mg/l	Lead	0.1 mg/l
Total Dissolved Solids	1000 mg/l	Manganese	1.0 mg/l
Chemical Oxygen Demand	500 mg/l	Mercury	0.0005 mg/l
Ammonia	50 mg/l	Nickel	1.0 mg/l
Arsenic	0.1 mg/l	Oil	50.0 mg/l
Borate (Baron)	1.0 mg/l	Phenols	0.5 mg/l
Chromium (Hexavalent)	0.25 mg/l	Phosphorus	25.0 mg/l
Chromium (Total)	4.2 mg/l	Selenium	1.0 mg/l
Copper	1.0 mg/l	Silver	1.0 mg/l
Cyanide	0.025 mg/l	Zinc	0.1 mg/l

- (1) IPCB Regulations, Chapter 3, Section 703 (a)
 (2) IPCB Regulations, Chapter 3, Section 702 (a)
 (1) Any radioactive wastes or isotopes of such half-life or concentration as may exceed limits established by the Village in compliance with applicable State or Federal regulations.
 (m) Any mercury or any of its compounds in excess of 0.0005 mg/l as Hg at any time except as permitted by the Village in compliance with applicable State and Federal regulations.
 (n) Any cyanide in excess of 0.025 mg/l at any time except as permitted by the Village in compliance with applicable State and Federal regulations.
 (o) Materials which exert or cause:
 (1) unusual concentrations of inert suspended solids (such as, but not limited to Fullers earth, lime slurries, and lime residues) or of dissolved solids (such as, but not limited to, sodium chloride and sodium sulfate);
 (2) excessive discoloration (such as but not limited to, dye wastes and vegetable tanning solutions);
 (3) unusual BOD, chemical oxygen demand, or chlorine requirements in such quantities as to constitute a significant load on the sewage treatment works;
 (4) unusual volume flow or concentrations of waters constituting "slugs" as defined herein.
 (p) Waters or wastes containing substances which are not amenable to treatment or reduction by the sewage treatment processes employed, or are amenable to treatment only to such degree that the wastewater treatment plant effluent cannot meet the requirements of agencies having jurisdiction over discharge to the receiving waters.
 (4) If any water or wastes are discharged, or are proposed to be discharged to the public sanitary sewers, which waters contain the substances or possess the characteristics enumerated in Section V, (3), and/or which are in violation of the standards for pretreatment provided in Chapter 1, EPA Rules and Regulations, Subchapter D, Water Programs, Part 403-"General Pretreatment Regulations for Existing and New Sources of Pollution" published in Federal Register Volume 43, No. 123, Monday, June 26, 1978, and any amendments thereto, and which in the judgment of the Village may have a deleterious effect upon the sewage works, processes, equipment, or receiving waters, or which otherwise create a hazard to life or constitute a public nuisance, the Superintendent may reject the wastes; require pretreatment to an acceptable condition for discharge to the public sanitary sewer; require control over the quantities and rates of discharge; and/or require payment to cover the added costs of handling and treating the wastes not covered by existing sewer charges. If the Superintendent permits the pretreatment or equalization of wastewater flows, the design and installation of the plants and equipment shall be subject to the review and approval of the Superintendent and subject to the requirements of all applicable codes, ordinances, and laws.
 (5) Grease, oil, and sand interceptors shall be provided when, in the opinion of the Superintendent, they are necessary for the proper handling of liquid wastes containing grease in excessive amounts, or any flammable wastes, sand, or other harmful ingredients; except that such interceptors shall not be required for private living quarters or dwelling units. All interceptors shall be of a type and capacity approved by the Superintendent, and shall be located as to be readily and easily accessible for cleaning and inspection.
 (6) Where pretreatment of flow-equalizing facilities are provided, they shall be maintained continuously in satisfactory and effective operation by the owner at his expense.
 (7) Each industry shall be required to install a control manhole and, when required by the County, the owner of any property serviced by a building sewer carrying industrial wastes shall install a suitable control manhole together with such necessary meters and other appurtenances in the building sewer to facilitate observation, sampling, and measurement of the wastes. Such manhole, when required, shall be accessible and safety located, and shall be constructed in accordance with plans approved by the Village. The manhole shall be installed by owner at his expense, and shall be maintained by him so as to be safe and accessible at all times.
 (8) The owner of any property serviced by a building sewer carrying industrial wastes shall provide laboratory measurements, tests, and analyses of waters and waste to demonstrate compliance with this ordinance and any special conditions for discharge established by the Village or regulatory agencies having jurisdiction over the discharge. The number, type, and frequency of laboratory analysis to be performed by the owner shall be as stipulated by the Village, but no less than once per year the industry must supply a complete analysis of the constituents of the wastewater discharge to assure that compliance with the Federal, State, and local standards are being met. The owner shall be the expense of all measurements, analyses, and reporting required by the Village. At such times as deemed necessary, the Village reserves the right to take measurements and samples for analysis.
 (9) All measurements, tests, and analyses of the characteristics of waters and wastes to which reference is made in this ordinance shall be determined in accordance with the latest edition of "Standard Methods of the Examination for Water and Wastewater," published by the American Public Health Association and "USEPA Guidelines Establishing Test Procedures for Analysis of Pollutants" pursuant to 40 CFR Part 136 and shall be determined at the control manhole, provided or upon suitable samples taken at said control manhole. In the event that no special manhole has been required, the control manhole shall be considered to be the nearest downstream manhole in the public sewer to the point at which the building sewer is connected. Sampling shall be carried out by customary accepted methods to reflect the effect of constituents upon the sewerage works and to determine the existence of hazards to life, limb, and property. (The particular analyses involved will determine whether a twenty four (24) hour composite sample or whether a grab sample or samples should be taken. Normally, but not always, BOD and suspended solids analyses are obtained from 24-hour composite samples, whereas pH's are determined from periodic grab samples).
 (10) No statement contained in this Section shall be construed as preventing any special agreement or arrangement between the Village and any industrial concern whereby an industrial waste or unusual strength or character may be accepted by the Village for treatment, subject to payment therefore by the industrial concern, provided such payments are in accordance with the applicable ordinance governing Sewer User Service Charges.

SECTION VI: PROTECTION OF SEWER SYSTEM FROM DAMAGE

(1) No unauthorized person shall maliciously, willfully, or negligently break, damage, destroy, or tamper with any structure system. Any person violating this provision shall be subject to immediate arrest under charge of disorderly conduct and damaging public property.

SECTION VII: POWERS AND AUTHORITY OF INSPECTORS

- (1) The Village and other duly authorized employees of the Village, the Illinois Environmental Protection Agency, and the U.S. Environmental Protection Agency, bearing proper credentials and identification, shall be permitted to enter all properties for the purposes of inspection, observation, measurement, sampling, and testing in accordance with the provisions of this ordinance. The Village or its representative shall have no authority to inquire into any processes, including metallurgical, chemical, oil refining, ceramic, paper, or other industries beyond that point having a direct bearing on the kind and source of discharge to the sewers or waterway or facilities for waste treatment.
 (2) While performing the necessary work on private properties referred to in Section VI, Item (1) above, the Village, the Illinois Environmental Protection Agency, and the U.S. Environmental Protection Agency shall observe all safety rules applicable to the premises established by the company and the company shall be held harmless for injury or death to the Village employees and the village shall indemnify the company against loss or damage to its property by Village employees and against liability claims and demands for personal injury or property damage asserted against the company and growing out of the gauging and sampling operation, except as such may be caused by negligence or failure of the company to maintain safe conditions as required in Section V, Item (9).
 (3) The Village and other duly authorized employees of the Village bearing property credentials and identification shall be permitted to enter all private properties through which the Village holds a duly negotiated easement for the purposes of, but not limited to, inspection, observation, measurement, sampling repair, and maintenance of any portion of the sewerage works lying within said easement. All entry and subsequent work, if any, on said easement, shall be done in full accordance with the terms of the duly negotiated easement pertaining to the private property involved.

SECTION VIII: PENALTIES

(1) Any person found to be violating any provision of this ordinance except Section VI shall be served by the village with written notice stating the nature of the violation and providing a reasonable time limit for the satisfactory correction thereof. The offender shall, within the period of time stated in such notice, permanently cease all violations.
 (2) Any person who shall continue any violation beyond the time limit provided for in Section VIII, Item (1), shall be guilty of a misdemeanor, and on conviction thereof shall be fined in the amount not exceeding ONE HUNDRED (\$100.00) DOLLARS for each violation. Each day in which any such violation shall continue shall be deemed a separate offense.

(3) Any person violating any of the provisions of this ordinance shall become liable to the Village for any expense, loss, or damage sustained by the Village by reason of such violation.

SECTION IX: VALIDITY

(1) All Ordinances or parts of Ordinances in conflict herewith are hereby repealed.
 (2) The invalidity of any section, clause, sentence, or provision of this Ordinance shall not affect the validity of any other part of this Ordinance which can be given effect without such invalid part or parts.

SECTION X: ORDINANCE IN FORCE

(1) This ordinance shall be in full force and effect ten (10) days after its passage, approval, and publication as provided by law.
 DATED, AT ROUND LAKE BEACH, ILLINOIS, on this 16th day of June, 1987.

ORDINANCE 87-06-25

AN ORDINANCE ESTABLISHING SEWER USER SERVICE CHARGES FOR USERS OF THE NORTHWEST LAKE COUNTY SEWERAGE SYSTEM IN THE VILLAGE OF ROUND LAKE BEACH, ILLINOIS

BE IT ORDAINED AND ENACTED BY THE VILLAGE BOARD OF ROUND LAKE BEACH, STATE OF ILLINOIS AS FOLLOWS:

SECTION I: SEWER USE SERVICE CHARGES

(1) There are hereby established sewer user service charges for the use of and for the service supplied by the Northwest Lake County sewerage system which shall consist of a basic user charge for operation and maintenance plus replacement, a debt service charge, and a surcharge if applicable.

(a) Operation and maintenance costs are normal recurring expenditures for operating and maintaining the sewerage system including personnel salaries, electrical power, fuel, chemicals, materials, and supplies, contract services, and other incidental costs.

(b) Replacement costs are expenditures for purchasing and installing equipment, accessories, or appurtenances which are necessary during the useful life of the sewerage system to maintain the capacity and performance for which such system was designed and constructed. The term "operation and maintenance" includes replacement.

(c) Debt service costs are amounts necessary for payment of principal and interest of outstanding bonds and to provided reserve and other funds required by the bond ordinance applicable to the Northwest Lake County sewerage system.

(2) The basic user charge shall be based on the water usage as recorded by approved water meters and/or sewage meters for wastewater having normal concentrations of 200 mg/l of BOD, and 250 mg/l of suspended solids.

(a) Metered usage shall be read to the lowest even increment of 100 gallons.

(b) Wherever required by the Village, sewage metering devices shall be installed and maintained, at no expense to the Village, when the volume of wastewater discharged to the public sewer cannot be otherwise determined by use of water meters.

(c) Metering devices shall not be removed without the consent of the Village unless sewer use service is canceled.

(d) All non-metered users connected to the Village water system shall be required to install water meters within a reasonable period of time, but in no event later than 8 years from date hereof. All new connections to the Village water system shall be metered.

(3) The basic user charge shall be determined by the amount of revenue funds required to operate and maintain the sewerage system and to provide a fund for the repair and/or replacement of component parts of said sewerage system for each fiscal year.

(4) The debt service charge shall be determined by the amount of revenue funds required for the principal and interest payments due for all outstanding bonds authorized and issued in connection with the Northwest Lake County sewerage system for financing improvements to the sewerage system and to provide bond reserve and such other funds as required by bond ordinances.

(5) The sewer user service charges to be paid monthly, bi-monthly or quarterly by all metered sewer users within the Village limits shall be:

(a) Sewage transmission and treatment service-A basic user charge of \$5.75 per 50,000 gallons of metered water usage plus a debt service charge of \$4.25 per 50,000 gallons of metered water usage per residential customer equivalent.

(b) Residential & Apartment unit sewage collection service-A basic user charge of \$4.00 per 50,000 gallons of metered water usage.

(c) Business Sewer Collection Service-A basic user charge of \$4.00 per 10,000 gallons of metered water plus \$0.5 per 1,000 gallons over 10,000 gallons.

(6) The sewer user service charges to be paid monthly, bi-monthly or quarterly by all non-metered sewer users with a maximum wastewater discharge of 7,000 gallons per month within the Village limits shall be:

(a) Sewage transmission and treatment service-A basic user charge of \$5.75 plus a debt service charge of \$4.25 per month per residential customer equivalent.

(b) Sewer Collection service-A basic user charge of \$4.00 per month per residential equivalent.

(7) Whenever the Village determines that a non-metered sewer user is discharging more than 7,000 gallons per month, the Village may require such non-metered sewer user to install metering devices on the building water supply or building sewer to measure the volume of wastewater discharges to the public sewer.

(8) A treatment service surcharge shall be levied to all sewer users whose wastewater exceeds the normal concentrations of 200 mg/l of BOD, and 250 mg/l of suspended solids, as determined by waste sampling which shall be performed as often as deemed necessary by the Village and shall be binding as the basis for computing the surcharge. The surcharge rates shall be as follows:

(a) \$.06 per pound of BOD in excess of 0.17 pounds per 100 gallons.

(b) \$.03 per pound of suspended solids in excess of 0.20 pounds per 100 gallons.

(c) \$.29 per pound of phosphorus in excess of .01 pounds per 100 gallons.

(9) The adequacy of the sewer user service charges shall be reviewed annually, pursuant to 40 CFR 35.929-2 (b), by the certified public accountants for the Village in their annual audit report. The service charges shall be revised periodically to reflect changes in debt service or in operation and maintenance costs including replacement costs.

(10) Sewer user service charges shall be billed on a monthly, bi-monthly (two month) or quarterly basis to all sewer users. If payment of the entire amount of said bill for sewer user service charges is not received by the Village on or before the fifteenth (15th) day after the billing date, then a late penalty of ten percent (10%) of the unpaid balance of the bill shall be added thereto and become due and payable.

(11) The owner of the premises, the occupant thereof, and the user of the sewer service shall be jointly and severally liable to pay for the services as set forth herein.

(12) In the event the sewer user service charges, including any penalty then due, are not paid within sixty (60) days after the date of billing, such charges and penalty shall be deemed and are hereby declared to be delinquent, and thereafter the Village shall file a statement of lien claim with the County Recorder of Deeds. This statement of lien claim shall include the legal description of the property to which sewer service was provided, the amount of the unpaid sewer user service charges and penalty, and a notice that the Village claims a lien for the stated amount as well as for all sewer service user charges and penalties, subsequent to the period for which the bill was rendered. Wherever the person whose sewer charges are delinquent is not the owner of the property to which sewer service was provided by the Village, and the Village was previously received notice of this, notice of delinquency lien shall be mailed to the owner of the property if his address is known by the Village. The failure of the Village to record the lien with the County Recorder of Deeds, or to mail the notice of delinquency and lien to the owner of the receive such notice shall not affect the right of the Village to foreclose the lien for unpaid bills as mentioned in the foregoing section.

SECTION II: ACCOUNTS

(1) The Village shall establish a proper system of books, records, and accounts in which complete and correct entries shall be made of all transactions relative to the sewerage revenue funds, and at regular annual intervals shall cause to be made an audit of the books to show the receipts and disbursements of said fund by the certified public accountants for the Village.

(2) In addition to the customary operating statements, the annual report shall also reflect the revenues and operating expenses of the sewerage system including a replacement costs, to indicate that sewer user service charges and industrial cost recovery charges do in fact comply with this ordinance. In this regard, the financial information to be shown in the audit report shall include the following:

(a) Flow data showing total gallons of wastewater flow for the fiscal year.

(b) Billing data to show total number of gallons billed.

(c) Debt service for the next succeeding fiscal year.

(d) Number of users connected to the sewerage system.

(e) Number of non-metered users.

(f) A list of users discharging industrial wastes and volume of waste discharged.

(3) Each user of the sewerage system shall be notified annually, in conjunction with a regular bill, of the rate and that portion of the user charges which are attributable to waste water treatment and sewer collection service.

SECTION III: ACCESS TO RECORDS

(1) The United States Environmental Protection Agency and the Illinois Environmental Protection Agency or its authorized representative shall have access to any books, documents, papers and records of the Village which are applicable to the village system of user charges or industrial cost recovery for the purpose of making audits, examination, excerpts and transcriptions hereof to insure compliance with the terms of the Special and General Conditions of the Federal and/or State Grant.

SECTION IV: VALIDITY

(1) All ordinances or parts of ordinances in conflict with the terms and provisions of this ordinance are hereby repealed.

(2) The invalidity of any section, clause, sentence, or provision of this ordinance shall not affect the validity of any other part of this ordinance which can given effect without such invalid part or parts.

SECTION V: ORDINANCE IN FORCE

(1) This ordinance shall be in full force and effect from and after its passage, approval, and publication as provided by law.

DATED, AT ROUND LAKE BEACH, LAKE COUNTY, ILLINOIS, on this 16th day of June, 1987.

—LEGAL— ORDINANCE 87-06-26

AN ORDINANCE AMENDING SECTION 10-1-1, ENTITLED "CULVERTS IN DITCHES AND TRENCHES" OF CHAPTER 1, ENTITLED "STREETS AND PUBLIC WAYS", OF TITLE 10, ENTITLED "PUBLIC WAYS AND PROPERTY" OF THE VILLAGE CODE OF ROUND LAKE BEACH, ILLINOIS BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF ROUND LAKE BEACH, ILLINOIS, AS FOLLOWS:

SECTION 1: That Section 10-1-1, entitled "Culverts in Ditches & Trenches" of Chapter 1, entitled "Streets and

Public Ways", of Title 10, entitled "Public Ways and Property", of the Village Code of Round Lake Beach, Illinois, be and it is hereby amended to read as follow, to-wit:

"10-1-1: CULVERTS IN DITCHES AND TRENCHES:

A. All persons, firms or corporations, including owners of lots, before constructing a roadway or driveway over, across or on any ditch or trench running along and beside any street, road or highway within the Village of Round Lake Beach, for the purpose of crossing over from the street, road or highway to an adjoining lot, land or parkway, with an automobile, truck, trailer or tractor, or any other type of vehicle, shall contract Public Works to see if a culvert is needed. If a culvert is needed, said person, firm or corporation shall install initial culvert at their expense in said ditch or trench. Replacement culverts, as needed, will be constructed at Village expense. A ditch-line shall be defined as: an imaginary line extending from one culvert opening to the next, where the water would naturally flow.

B. All persons, firms or corporations, whose property is now served by a roadway or driveway crossing over a ditch, in which no culvert now exists, shall be required to install a culvert where natural drainage is obstructed.

C. Application for Permit: Prior to the construction or installation of any culvert, said person, firm or corporation, including owners of lots, shall first make application to the Building Official and obtain a permit for said construction.

D. Materials: All culverts shall be made of suitable metal material not less than a sixteen inch (16") gauge minimum, with the minimum diameter determined by the Public Works Department; but not less than twenty (20") feet in length nor more than thirty-five (35') feet in length, except in extenuating circumstances when the maximum length shall be determined by the Public Work Department. In addition, all culverts that are connected or joined together shall have connecting collars of a like material.

E. Inspection: In all cases where a culvert is now in existence and before any person, firm or corporation including owners of lots, shall do any of the following:

1. Blacktop or otherwise improve said driveway or roadway with a permanent surface across, on or over any culvert;

2. Remove an old culvert or driveway and replace with a new culvert or driveway;

such person shall notify and obtain a permit from the Building Official in order for the latter to inspect the condition of the culvert and/or roadway and set the grade of the ditch or new road surface.

F. Penalty: Any person violating any provision of this Section shall, upon conviction, be subject to a fine of not less than Five Dollars (\$5.00) nor more than Five Hundred Dollars (\$500.00) for each offense and shall, in addition, be responsible and pay for any and all necessary repairs and work to restore the ditch lines to insure proper drainage in said ditch lines.

SECTION 2: All Ordinances, or parts of Ordinances, in conflict with this Amending Ordinance be and they are hereby repealed.

SECTION 3: This Ordinance shall be in full force and effect from and after its passage, approval and publication, as provided by law.

—LEGAL— NOTICE OF PUBLIC HEARING ROUND LAKE BEACH ZONING BOARD OF APPEALS

NOTICE IS HEREBY GIVEN that a public hearing will be held by the Zoning Board of Appeals of the Village of Round Lake Beach on Thursday July 16th at 7:00 P.M. in the Council Chambers, located at 224 W. Clarendon Drive, Round Lake Beach, Illinois to consider a garage variance allowing the garage to be built 5' from the residence and the size to be 24' x 32', 768 sq. ft. which is in excess of the allowable maximum size of 676 sq. ft. This variance requested is for the property commonly known as 11 North Channel Drive, Round Lake Beach, Illinois.

Lots 4, 5 and 6, in Block 32, in Round Lake Beach, being a Subdivision of part of the Southeast 1/4 of Section 17 and the Northeast 1/4 of Section 20, Township 45 North, Range 10, East of the Third Principal Meridian, according to the plat thereof, recorded August 23, 1927, as Document No. 304291, in Book "S" of plats, pages 1, 2 and 3, in Lake County, Illinois.

All interested persons in the foregoing petition should attend the said hearing and will be given an opportunity to be heard.

Dated this 25th day of June, 1987.

Investors Strong On Finance

Tax reform has not caused the amount of scrambling among financial planners and brokers that many anticipated, according to J. Kenneth Rosko, a financial planner and a registered representative of FSC Securities Corporation (member NASD, SIPC).

"Clients seem to want a lot

more input and advice from their planners now than they did before tax reform," Rosko said.

"Many clients are confused about the changes and about what products are now available to them. Some even clip ads for products and bring them up for discussion."

NOTICE

STATE OF ILLINOIS
COUNTY OF LAKE, ss
NEWPORT TOWNSHIP
ROAD DISTRICT

I, Frank D. Kaiser, do hereby state that I am the Road District Clerk in and for the Newport Township Road District and I am Clerk for the Town of Newport.

I, do further state that an Ordinance, Ordinance NR. 6, was duly adopted by the Highway Commissioner of the Town of Newport, Lake County being entitled "AN ORDINANCE AUTHORIZING AND ASCERTAINING THE PREVAILING RATE OF WAGES FOR LABORERS, WORKMEN AND MECHANICS EMPLOYED ON PUBLIC WORKS IN THE TOWN OF NEWPORT, LAKE COUNTY, ILLINOIS" at a meeting held at the Office of the Town Clerk on the 17th day of June, 1987.

The original Ordinance, which lists the applicable prevailing rate of wages, is part of the official records of the Road District, and is on file and available for examination at the Office of the Road District Clerk 38355 Chicago Ave., Wadsworth, IL.

Dated this 17th day of June, 1987.

Frank D. Kaiser
Town Clerk
Newport Township

The following parcels of property, acquired through the Tax Sale Certificate Program, are being offered for sale by the County of Lake.

Written bids should be submitted to the County of Lake, Tax Extension Department, Room 601, 18 N. County St., Waukegan, Illinois 60085.

Bids received will be retained for 30 days after the initial bid. After completion of the 30 day period, the County has the right to accept the highest bid or to reject it if the amount is insufficient or if the sale would not be in the best interest of Lake County Taxpayers.

Linda Januzzi Hess
Lake County Clerk

IN THE UNITED STATES DISTRICT COURT FOR THE NORTHERN DISTRICT OF ILLINOIS EASTERN DIVISION
Statesman Mortgage Co. f/k/a Hawkeye Bancorporation
Mortgage Company, Plaintiff,

vs.

Steven Brown, Alberta Brown, Defendants
No. 87C3432

NOTICE OF SPECIAL
COMMISSIONER'S SALE

Public Notice is hereby given that in pursuance of a judgment entered in the above entitled Court, in said cause, on May 20, 1987.

I, Thomas Johnson, Special Commissioner for the Northern District of Illinois Eastern Division, will on July 6th, 1987, at the hour of 4:30 p.m., at the front door of the County Courthouse, located at 18 North County Street in Waukegan, Illinois sell to the highest bidder for cash, the following described premises situated in Lake County, Illinois.

Said sale shall be subject to 1986 general taxes and to any special assessments or special taxes levied against said real estate.

Upon the sale being made, the purchaser will receive the Certificate of Sale, which will entitle the purchaser to a deed on a specified date unless the property is redeemed according to law.

Said property is described as follows, to-wit:
Lot 4 in Block 6 in Kirk and Powell's Addition to Waukegan, a Subdivision in the Northwest quarter of Section 28, Township 45 North, Range 12, East of the Third Principal Meridian according to the Plat thereof, recorded December 18, 1874, in Book 'A' of Plats, page 23, in Lake County, Illinois. Commonly known as 408 Powell Avenue, Waukegan, Illinois.

PIN: 08-28-113-014
Dated this 3rd day of June, 1987.

INNOVATIVE RETIREMENT PLAN FOR "C" CORPORATIONS

How much would you put into a Retirement Plan if you could...

- Utilize corporate dollars to fund tax-free income at retirement.
- Be completely selective as to who participates, no ERISA or administrative requirements.
- Have unlimited flexibility in plan design, contributions and vesting.
- And your C.P.A. agrees.

EXAMPLE:

At age 45 your corporation invests \$10,000/year for 10 years. After tax corporate cost is \$66,000. At age 66 you have tax-free retirement income of \$29,000/year for the next 20 years!!! Additionally, a tax-free survivors benefit of \$242,000 is available assuming death at age 85. The total benefit package amounts to \$822,000!!!*

Senior Citizens Get Meals In The Home

The Home Delivered Meals Program of Lake County Catholic Charities celebrated its first anniversary on April 1, 1987.

On April 1, 1986, when Catholic Charities became the sponsor of the HDM program, there were 140 clients in the program.

As of this date, 541 clients were served in the Lake County area. Currently, the client flow on a regular basis is 185-190 per day.

Meals are delivered five days a week to homebound seniors. Some evening snack meals and weekend meals are also provided for clients when the need arises, as well as on holidays.

In addition to providing a hot meal, the program is im-

portant to homebound seniors because of the personal contact. The program provides food for the spirit as well as the body, to brighten up the day. Many times, the volunteer is the only outside contact a person has during the day.

It is a rewarding experience to both the volunteer and the client. They begin to look forward to seeing each other.

The program is open to all seniors age 60 or older in Lake County, regardless of income. Currently, the program has grown to 24 meals from bases -- mostly senior centers -- in Antioch, Elia Twp., Lake Zurich, Libertyville-Mundelein, Round Lake, and Waukegan.

These senior centers are also the umbrella for the other geographical areas that meals are delivered to within Lake County.

In many cases, the Home Delivered Meals Program can make it possible for the person to "age in place", living independently in their own homes.

Some volunteers are former recipients of the Home Delivered Meals. Our volunteers are now over 625 strong and continually increasing. During the month of May, Older Americans Month, the Senior Centers and the Home Delivered Meals Program of Catholic Charities hosted volunteers' recognition celebrations. Volunteers are the VIP's of senior services.

Your guide to smart investing

or, how to turn your hard-earned dollars
into a hard-working investment

What should I do with my money?

Investors have more choices than ever before. And that's good, but sometimes it can be overwhelming. When faced with a dizzying array of financial options, many of us spend more time wondering and worrying about money than we do determining our financial needs and planning for them.

That's when a guide would really come in handy. "Your Guide to Smart Investing" was created by the Delaware Group of Funds to help you sort out the complexities of the financial world. It takes some of the mystery away from investing and explains the different types of investments available through mutual funds and how to pick the right ones for you.

The financial world is overflowing with opportunities for the smart investor. Make sure that you have the information you need to make an intelligent and rewarding decision on your investments.

Don't wait!

Retirees Face Varied Needs In Life

by GARY S. MEYERS

Retirees dominate a substantial portion of today's housing market, and often their needs are different from those of younger home buyers.

"As we grow older, many of us will find that we require special housing that helps us retain our independence for as long as possible so we can lead full lives during our golden years," said Lawrence I. Levy, president of the Institute of Real Estate Management in Chicago.

The fastest-growing population segment in America is age 65 and older. The U.S. Census Bureau reported there were about 28 million people age 65 and older in 1984. It predicts that number will increase 37.6 percent by the year 2000 and another 83.2 percent between 2000 and 2030.

With so many people living longer, housing experts say they are preparing for an expanded "last home market" in the next decade or two.

But experts say most retirees won't spend their so-called golden years break dancing like Don Ameche in "Cocoon." Retirees will face changing needs as they grow older, meaning that they will require different kinds of housing as they age. Here are the kinds of housing that many retirees will require in the two decades after 65 years of age, experts say:

Active retirement facilities. Between the ages of 65 and 70, many retirees may want a more relaxed lifestyle, without the worries of maintaining a big single-family home.

Because these people generally are healthy, they want to reside in condominiums or rental developments that provide recreational facilities, such as golf courses and swimming pools, and social activities including speakers, book clubs, various classes, crafts and organized outings.

Personal care facilities. Between the ages of 70 and 75, there is a growing need for senior-citizen rental complexes and hotels that provide personal care. Monthly rents include three meals, cleaning services and a social program. A resident nurse is on hand to handle emergencies.

Because women usually live longer than men, the wife may become a widow during this period. Some 60 percent of those older than 65 will be women, so there will be a rise in one-woman households.

Life-care facilities. The rising number of "frail elderly," ages 75 years and older, is expected to increase the need for facilities that provide health care if needed, as well as social and recreational activities.

These "life care facilities" usually emphasize health care less than a nursing home would and put more stress on recreation. In these settings, the elderly may live in their own apartments or rooms. They meet people in their age groups and are driven to shopping centers, restaurants and theaters.

If they become sick, there's a doctor at hand. If they become incapacitated, there are skilled personnel to care for them the rest of their lives. They do not have to move to a nursing home.

Today there are 600 life-care communities nationwide. By the year 2000, retirement industry observers say an additional 6,000 will be built.

Life care is expensive. There is usually an entry fee ranging from \$40,000 to \$120,000, and a monthly fee of \$400 to \$1,600. Some life-care communities offer a refund if a resident moves out or dies within a certain period of time.

In 1980, only five percent of people older than 65 were institutionalized. This figure is expected to increase 2.5 times between 1980 and 2030. This will create a demand for life-care communities.

Nursing facilities. There

are three types of long-term facilities that accept elderly residents who need extensive care.

The skilled nursing facility provides 24-hour service from a registered nurse, based on treatment prescribed by a patient's

physician.

The intermediate care facility provides less intensive care. Some medical, social and rehabilitative services are provided in addition to room and board.

Residential care facilities provide a safe, hygienic,

sheltered lifestyle to elderly who are capable of functional independence. There is more emphasis on the social needs of the resident than on medical needs. Residents receive dietary and housekeeping service and medical monitoring.

Nursing homes also are expensive. Fees can run several hundred to several thousand dollars a month. Medicare, Medicaid and private health insurance companies reimburse some, but not all, nursing home expenses.

Put Off Paying Taxes

Disabled persons aged 60 and older could defer paying their property taxes under legislation sponsored by Sen. Adeline Geo-Karis (R-Zion) and approved this week by an Illinois Senate committee.

The measure (HB 226) would expand the state's existing property tax deferral plan, which is now limited to persons 65 and older who qualify for circuit breaker assistance because their annual household income is no higher than \$14,000.

"This bill would make it possible for disabled persons of limited means to remain in their homes, because they wouldn't have to struggle each year to come up with the money for their local property taxes," Sen. Geo-Karis explained. "Instead, the state would pay the taxes out of a special fund that is already set up. When these homeowners die or sell their property, the deferred taxes plus a reasonable six percent interest would come due and could be paid from the estate or the proceeds of the sale."

"This is an excellent program because it can protect elderly people from losing their homes, and it ought to be extended to disabled senior citizens as well," she added.

Here's the Help You Need.

I'M YOUR VICTORY MEMORIAL HOSPITAL SENIOR PASSPORT COUNSELOR AND WITH OUR HEALTH CARE PROGRAM YOUR HOSPITALIZATION IS COVERED.

Your Victory Memorial Hospital SENIOR PASSPORT does it all for you. If you're a Chicago area resident, age 65 or over, enrolled in Medicare, Parts A and B, with an acceptable supplemental insurance policy, you may never have to pay for a medically necessary inpatient Victory Memorial Hospital bill again.

And no matter where you go, you'll be covered. If you require inpatient care at a hospital outside a 100 mile radius of Chicago, just send us the bill. SENIOR PASSPORT will arrange payment for you. In fact, we offer nationwide coverage in all 50 states.

I'm here to help you. I'll answer your questions and provide all the information you need. Let me help you with all of your paper work, file your forms, and wade through the maze of insurance claims. You may never have to pay an inpatient hospital bill again. It's a secure feeling knowing that SENIOR PASSPORT does it all for you...and leaves you with time to enjoy the important things in life. A nominal fee of ten dollars per household is all that will be charged for our SENIOR PASSPORT program.

I'm here to help you. If you have any questions, just give me a call at 360-4222.

To receive an application for the SENIOR PASSPORT health care program, please complete this form and send it to the address listed below.

Senior Citizens To Get Pat On Back Aug. 26

The Lake County Forest Preserve Dist. is formulating plans for the 15th annual Senior Citizens Recognition Day Aug. 26 at the Lakewood Forest Preserve near Wauconda.

This 15th anniversary ceremony will begin at 9 a.m. and continue until 6 p.m. Free refreshments, games, boat rides, fishing and entertainment will be held throughout the day.

Entertainers, local business and other individuals donate their services each year to help make the day a success.

The all-day event is held to honor Lake County senior citizens and will include special recognition of Lake County centenarians. Township supervisors will lend transportation assistance.

Donald Strenger, president of the Lake County Forest Preserve Dist., and the Education and Special Events Committee are seeking names of individuals who will be "100 years young" by August.

Strenger added, "A flea market will be conducted in the museum's courtyard this year, and we are looking for both old and new items that could be donated."

Anyone with information concerning centenarians or flea market donations may contact Randy Hines at the forest preserve district headquarters, (312)367-6640.

Leadership Council To Aid Senior Citizens

Several senior organizations have joined to form the Illinois Senior Citizen Leadership Council, a new statewide, not-for-profit, non-partisan coalition of groups concerned with a variety of issues relating to older people in the state.

The council was an outgrowth of two Senior Citizen Leadership Conferences held at Sangamon State University in 1985 and 1986 and co-sponsored by the University Continuing Education Offices, the Gerontology Program of the University's School of Health and Human Services and the Attorney General's Office.

Those wishing further information should contact

Chairman William Major, the Illinois Senior Citizen Leadership Council, Fondulac Plaza, 2466 E. Washington St., East Peoria, 61611, telephone (309)694-1606.

AARP Wants Funds Boosted For Elderly

The Illinois State Legislative Committee of the American Assn. of Retired Persons (AARP) called for the state legislature to restore funds to the Illinois Dept. of Aging budget in order to ensure continuation of crucial services to the elderly.

The department's appropriation from the General Revenue Funds has been cut \$7.5 million—from \$93.1 million to \$85.6 million. Without this additional revenue, the statewide elder abuse intervention program will be dropped and reductions will be made in home health services and in-state funding to Area Agencies on Aging, which provides meal and transportation programs, case management, and information and referral services.

"The programs affected by these cuts are essential to thousands of older Illinois residents and their families," said Bob Sell, Illinois AARP State Legislative committee

chairman. "By taking away these service programs, they are left with nothing to fill the gap, and the progress made through the various demonstration projects across the state will come to a halt."

"We are not unmindful of

the state's financial situation and the need for close scrutiny of all expenditures, but these amounts are quite small in relation to the overall budget, and yet are critical to the elderly and those suffering from Alzheimer's disease," said Sell.

Victory To Offer Medicare Advice

Having difficulty plowing through all those Medicare forms? If so, a Medicare counselor will be on hand at Victory Memorial Hospital on June 29.

The counselor will be available from 8 a.m. to noon that Monday at the Victory Health Outreach Center, 121 E. Grand Ave., Lake Villa, to assist in processing medical claims and to explain Victory's new Senior Passport program.

Senior passport coverage is available to Chicago-area residents age 65 or over enrolled in Medicare Parts A

and B, with an acceptable supplemental insurance policy. Members requiring inpatient care at a hospital outside a 100-mile radius of Chicago can simply send Victory the bill, and Senior Passport will arrange payment for up to the maximum Medicare covered days. The program provides nationwide coverage.

Persons who are unable to visit Victory's counselor on June 29 but would like more information about the Senior Passport program may call (312)360-4222.

Medical School Implements Flexible Graduate Program

A non-traditional graduate program in medical technology is now being offered by the School of Related Health Sciences at University of Health Sciences/Chicago Medical School.

The curriculum provides the fully or partly employed adult student with an opportunity to continue employment while learning a new or auxiliary career.

"We know that students have differing needs based on education and experience," said Cynthia D. Adams, Ed.D., MT, dean of the school and professor and chairman of the Dept. of Medical Technology, "so we design the curriculum to accommodate students on an individual basis, partly through a small class size."

The school's bachelor degree curriculum in medical technology enables students to attend school one day a week while maintaining employment. The success of this undergraduate program and the request of employers in the area resulted in the school's developing the part-time concept at the graduate level also.

"We found that the combination of increased educational costs and diminished financial support necessitated a creative approach that has proved successful," said Adams. "In fact, laboratory administrators found this program so desirable for their employees' career mobility that many provided between 20 and 80 percent tuition reimbursement."

Most of the coursework is offered on the UHS/CMS campus at 3333 Green Bay Rd., North Chicago.

For employers wishing to enhance the expertise of their allied health practitioners, or for adults who wish to continue with an existing career while pursuing another profession on a part-time basis, the highly flexible program serves as a pilot for other allied health programs, according to Adams.

Persons wishing to know more about the program may contact Adams or Laverne McMahon at (312) 578-3303.

Berliant To Serve As Chairman

Millicent Berliant, a trustee at the College of Lake County, has been

Academy Selects Class

More than 200 sophomore students are being initially invited to attend the Illinois Mathematics and Science Academy to make up the class of 1990. A total of 237 students were sent letters of invitation to the public residential school for the gifted.

The average SAT scores for the incoming class, who took the test as eighth or ninth graders, is 524 in verbal and 604 in mathematics, more than 100 points above the average scores of most college-bound students.

Lakeland area students who have been invited to attend the academy are Julie Adamek of Mundelein, Michael Caine of Antioch, Rae-Ann Cebulka, McHenry, Felix Chau of Libertyville, John Fehlberg, Mundelein, Jon Hamberg, Libertyville, Sue Kim of Lindenhurst, Jill McDonald of Great Lakes, Amy Schaefer, McHenry, and Vijay Sukumaran of Gurnee.

named acting chairman of the Illinois Community College Trustees Assn.'s North Suburban Region.

She will serve as chairman until the November general elections.

The ICCTA North Suburban Region consists of five community colleges: CLC, William Rainey Harper College in Palatine, McHenry County College in Crystal Lake, Oakton Community College in Des Plaines, and Triton College in River Grove.

As a regional chairman of the Trustees Assn., Berliant will sit on the ICCTA Executive Committee and serve in a leadership role for the entire community colleges system.

The ICCTA is a statewide federation created in 1970 to serve as the voice of the state's community college system before governmental and legislative bodies. The association's membership is made up of the trustees from all 39 public community college districts in Illinois.

Meeting Held

The Fox River Chain 'O Lakes Water Management Agency was scheduled to meet at 8 a.m. June 17 to take up matters relating to dredging and the bogs.

It was a continuation of the June 10th meeting.

Name Colodny To Board Of Family Physicians Group

Charles S. Colodny, M.D., a family physician with offices in Vernon Hills and Libertyville, is the new

chairman of the board of directors for the Illinois Family Physicians. Colodny was named to the post at the group's 39th annual meeting.

Colodny, who is a Diplomate of the American Board of Family Practice, maintains active participation in fur-

thering the professionalism of medicine. He has been a member of the academy's board for two years and has served on several of its commissions and committees. He founded the Illinois Conference of Family Practice

Residents and, in 1980, won the American Academy of Family Physicians-Parke-Davis Teacher Development Award.

Colodny is on active staff at Condell Memorial Hospital in Libertyville. He has an undergraduate

degree from Washington University in St. Louis and received his medical degree from Rush Medical College in Chicago. He served his family practice residency at Oak Park's West Suburban Hospital.

The Illinois Academy of

Family Physicians is a society of more than 2,500 members. The academy, located in Oak Brook, is a constituent chapter of the American Academy of Family Physicians, the country's second largest medical association.

Condell Awards Students

Seven area graduating high school seniors were the recipients of scholarships during the annual capping and graduation ceremony held by the Penwasciz Health Careers Program at Condell Memorial Hospital.

A total of \$5,000 in scholarships was awarded. Jennifer Ary of Gurnee and Jenny Bloom of Libertyville received Condell Memorial Hospital Auxiliary Scholarships; while Chris Monroe of Mundelein was awarded the medical staff's Gift of Appreciation.

Cindy Sanchez of Round Lake Beach, Lorraine Perez of Libertyville and Eddie Sullivan of Mundelein received the Condell Memorial Hospital Scholarships. Ary also received the Dr. Jac Bellis Scholarship sponsored by the Emergency Dept.

All graduating seniors received graduation certificates. In addition to the scholarship winners, other graduates were Sunil Agnani, Judy Lin, Kelly Medick, Beth Savage and Sonja Strahl, all of Libertyville; Anne Brophy of Ingleside; Jim Frey of Mundelein; Amit Kumar of Lake Forest; and Lynda Roden and Rose Gulati, both of Vernon Hills.

The Penwasciz Health Careers Program will begin a new session in September. Young people interested in health careers who would like to participate in the program may contact the Dept. of Nursing Services at Condell, (312)362-2900, ext. 5120.

Members To Discuss Pool Fate

Camp Duncan pool members will meet at 7 p.m. Thursday, June 25, to discuss results of a survey aimed at determining support for keeping the pool open.

The meeting, set for the Camp Duncan Lodge, will also serve as a planning session for the future.

In a letter to members, the pool committee has noted plans to keep the pool open through membership fee boosts and a donation program.

According to the committee, \$200,000 is needed to operate the pool for one year.

The YMCA Board has agreed to put in about \$30,000 worth of pool-area improvements if the facility remains open.

THANK YOU to: Antioch Fire Department, Antioch Rescue Squad, Lake Villa Fire Department, Friends and family. John and Donna Barr. TKU-26-63

Outreach To Present Stroke Talk

Fewer Americans are having strokes, and of those that do, fewer are dying. Yet, stroke remains America's third leading killer following heart disease and cancer, and it is a principle cause of long term disability.

Stroke is a form of cardiovascular disease linked to hardening of the arteries and high blood pressure. It occurs when blood flow to the brain is temporarily cut off by a blood clot or fatty plaque obstructing a vessel.

When the oxygen supply to the brain is disrupted, cells in that region die, and the function they control is lost or impaired. Crucial functions such as speech, muscle movement and comprehension may be affected.

Some people are only slightly affected by stroke. Others recover quickly from what seemed like a severe stroke. Still others suffer from such serious damage that it will take a long time to regain even partial use of their limbs, or speech, or whatever function has been affected.

Victory Health Outreach Center, 121 E. Grand Ave., Lake Villa, is offering a free presentation on "Managing After A Stroke", June 24 at 10 a.m. Ken Laube R.N. B.S.N. will present the program. Laube is a Critical Care Nurse at Victory Memorial Hospital. He has a special interest in stroke victims and has made several presentations to various groups on strokes.

If anyone has a loved one or themselves have experienced a stroke, or is just interested in learning more about this disease, everyone is welcome. For more information or to register for this free program, call (312) 356-5900.

Register HoleInOne

Dave Ruby scored a hole-in-one on the 15th hole at Countryside Golf Course June 15.

He used a sand wedge on the 130-yard hole. His total score was 36 with three penalty strokes. He and his partner, club president Dave Wold, scored a 63 net during Libertyville Athletic Club play. The event was witnessed by opponents Phil Johnson and Tom Curly, club secretary.

FIND A JOB, or fill a job with Lakeland Classified.

THIS WEEK'S HOROSCOPE

BY SALOME
Weekly Tip: Be precise to avoid misunderstandings.

Aries (Mar. 21-Apr. 19) Study your budget if it isn't working well. Make any revisions you need to. Exchange views with intelligent people for good results in the business world.

Taurus (Apr. 20-May 20) Make a fine impression on those who really count. Express your special talent in a creative way. Your family will appreciate your efforts now.

Gemini (May 21-June 20) Reach a logical conclusion to that problem that has been troubling you. Place all your energy into striving to be your best. Listen to clever friends.

Cancer (June 21-Jul 20) Don't let your dreams get too out of touch with reality. Be especially nice to the one you love. Show him, or her, that you are caring and understanding.

Leo (Jul 21-Aug. 22) Take some time out to get yourself back in mental and physical shape. Don't get distressed if your wishes don't come true now. Your time will come.

Virgo (Aug. 23-Sept. 22) Study new plans well before making any decisions. If things begin to pile up, handle your important tasks first. Don't get involved in arguments.

Libra (Sept. 23-Oct. 22) Don't procrastinate in the business world now. Outsiders may upset you, but don't lose your temper. Be your collected self for the best results.

Scorpio (Oct. 23-Nov. 21) Be more convincing if you want to push your exciting project through. Don't be surprised if you need to take an unexpected trip in the near future.

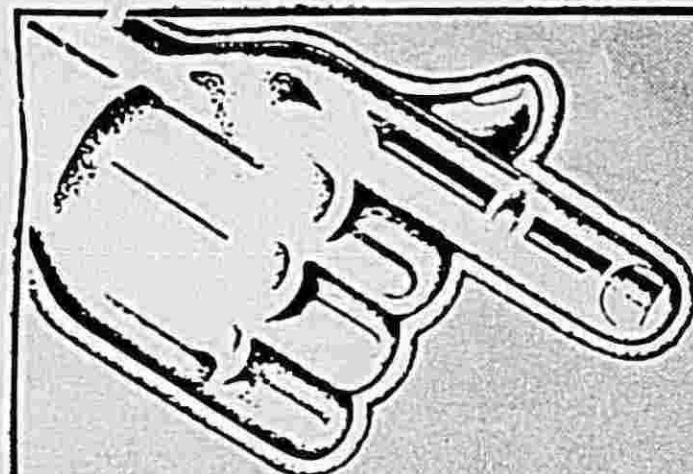

Sagittarius (Nov. 22-Dec. 21) Get your work done and out of the way so you can go out for some fun. Get into new interests, but be leery of anyone you don't know well.

Capricorn (Dec. 22-Jan. 19) Surprise your mate by going out for a special event. A different angle may get that important message across. It's a busy week, but get your rest.

Aquarius (Jan. 20-Feb. 18) If certain matters need your immediate attention, see to them now! Associates may need your help, so expect this. Keep an eye on your wallet.

Pisces (Feb. 19-Mar. 20) If you've promised important data to someone, follow through. Go out for some good times if you want to, but be sensible about it. Watch your driving.

If you were born today, your talents are in the field of business. Your knack for financial matters should pay off in your personal life, too. If you overcome your tendency to be judgmental, the world, as they say, is your oyster. 1987, McNaught Synd.
